

Protecting your family and your future

There is no such thing as a one-size-fits-all plan for the future. When it comes to protecting your family and your estate, trust the experienced team at **Beck, Lenox, & Stolzer Estate Planning & Elder Law** to help you create a plan that will provide you with complete peace of mind.

From newly independent young adults to the elderly loved one needing long-term care, their four in-house attorneys are here to provide the services appropriate for you. Powers of attorney documents are essential for everyone; and a living trust is likely what you need to keep things simple for your heirs. A child or adult with special needs may be best served with a guardian and conservator assigned to them or possibly having a special needs trust created for his or her benefit.

A significant part of Beck, Lenox, and Stolzer's practice is in elder law. Founder Rudy Beck has been a local pioneer in this field. Elder law focuses on helping seniors navigate the challenges of aging, which often includes finding funds to help pay for home or nursing home care or protecting your assets from those costs when there is time to plan ahead. To date, Rudy and his partners Jay Lenox and Caroline Daiker Stolzer, along with Of Counsel Attorney Phil Ohlms, have helped over 3,200 clients qualify for Medicaid benefits and over 2,800 veterans or their widowed spouses successfully apply for VA Aid & Attendance pension benefits. Rudy, Jay and Caroline are "accredited" attorneys with the VA.
