HITTING THE FIELD: Moose Lake Willow River ball seasons begin. P8

Par for the course

BY JAMIE LUND NEWS@HINCKLEYNEWS.COM

Green and white golf carts are lined up in a neat row waiting for golfers. Light drizzle creates the shimmering raindrops that decorate the cart tops. The droplets reflect a serene scene of song birds twittering enthusiastically while playing in puddles among neatly trimmed pine trees on an empty golf course.

Jim Myhre doesn't let the rainv weather dampen his mood as he stands inside his quiet clubhouse. He is optimistic about the future of the golf course that Fred and Dorothy Branham opened roughly 40 years ago in Mahtowa

Myhre purchased the for-mer 29 Pines Golf Course in September 2020. He has been working to breathe new life into the course and renamed it The Rugged Spruce Golf Course to avoid confusion with a similarly named course in Carlton. The 55 year old said he needs a project to occupy his time after his retirement as a long time corrections officer. His wife, Colleen, told him she always imagined him owning a golf course in his retirement and everything fell into place.

The lifelong Mahtowa resident said the new business also revitalized him.

'I've laughed more in the last six months than in the last 17 years." Myhre said with a huge grin. He said he enjoys the company of the customers when they stop by the clubhouse to visit.

Suddenly the front door burst open and Wendel Bern-strom and Shanna Dahlberg blew into the newly remodeled clubhouse. The inside of the clubhouse sports a new coat of paint, wallpaper trim, tables, chairs and several television sets perched near the ceiling. As the duo admire the chang-

es, Bernstrom is excited about the televisions.

"Wow, it looks great in here," Bernstrom said. "And the tv's are on. Will you have the Twins games on?" Of course there is only one answer to that question.

They ask about leagues. Yes, there will be a two man league. a women's league and a junior league, Myhre said. He explained that he's still working on the final details as he learns the intricacies of running a golf course.

Myhre said local businesses and other golf course owners

have been very helpful with business advice. They sell him items to help make his business a success, such as additional golf carts for the increase in customers he expects to see this year.

Myhre also supports other local businesses. He purchases meat from TJ's Country Corner to make hamburgers in the clubhouse kitchen and serves Mango Ale from Moose Lake Brewery.

Myhre said several people take turns cooking meals in the kitchen.

"Our cook is amazing," Myhre said enthusiastically. "People come out here just to eat. We sold more food than booze in the winter." Between COVID-19 and his

wife's musical connections, providing local music talent during the quiet winter months was a no-brainer. Myhre livestreams the musicians on the business Facebook page. He said they make enough money to pay the musicians, although several declined to accept the pay. The clubhouse is currently

open 11 a.m. Friday-Sunday for food, brews and conversation. The kitchen closes at 8 p.m. The course officially opens

Jim Myhre is excited for the golf season to begin at the Rugged Spruce Golf Club. He purchased it last fall and is eager to move forward

seven days a week at 8 a.m. Saturday, May 1, weather permitting. For more information call 218-389-9754

Finding millions of gallons of missing water with no data ALANEA WHITE

EDITOR@MLSTARGAZETTE.COM

Water meters could be coming to Sturgeon Lake.

At present the city has no idea how many properties using city water services have a water meter. Water meters would help track the number of gallons being treated by the city water plant. When completing their annual water audit for the state Sturgeon Lake had treated and estimated 16 million gallons of water more than was returned for treatment in the city sewer system.

With no clear idea how many water meters are in the city there is no way to determine where the water is going. The council is exploring ways to find data that could help them locate where the missing water is going. All options involve the need for water meters on city water hook ups.

Presently water bills are set at a flat rate in Sturgeon Lake.

The council does not plan on changing their billing practices with the addition of water meters. Meters would also allow residents to be aware of potential damage to their properties due to leaking noted with large scale usage.

One possibility to find the missing water is to purchase new water meters for all city water system hook ups in town. These new meters would have a digital component that would allow for virtual readouts of the water usage by the city. Another option is to upgrade the existing water me ters and associated technology.

At the May meeting of the Council the company with the upgraded water meters will present their product to the council so that they can consider the best course of action. A possible source of funding for either project would be the American Rescue Plan funds

Jail planning extensive, necessary

DAN REED EVERGREEN@MLSTARGAZETTE.COM

No more than eight months is left to dig into the details of which new Carlton County Jail building plan is chosen and the best site for the complex. Up to this point the County's Building Committee, the Justice Partners, the Court system, the Finance committee, and the Jail Steering Committee have focused on this project. Now a special Committee of the Whole meets the third Monday at 2 PM to study in depth anything related to this new Jail proposal.

In order to call for bids on the new Jail construction in early spring 2022, the County Board must make a decision on the size and cost of the facility by the end of the year. At the moment there are lots of questions and only some answers.

There have been three studies commissioned by the County Board to have con-sultants evaluate the current program of the Carlton County Jail, specify needed improvements that continue

to be made, and then develop possible responses to future needs. At the same time different building proposals have been studied, many of them in operation in other counties.

"This has been a long process," reflected Sheriff Kelly Lake. "The exploration of all possible choices started in earnest in 2012 when Paul Coughlin was hired as the Jailer at our current facility. His overall knowledge and expertise has been invaluable in this journey

Final approval for financing the Jail complex through the use of an additional ½ sales tax has been included in the Minnesota House of Representatives Omnibus Tax Bill, but the bill is slow to be addressed by the Minnesota Senate, Once permission is given by the Legislature the residents of Carlton County will have to vote to approve the sales tax rather than the property tax levy used for paying the necessary Jail bonds.

Scott McCarthy of Klein and McCarthy has been chosen to create the pre-de-

sign and budget needs for the new County Jail complex and put together the final plan for the Jail. He provides architectural and engineering expertise for the project. His goal is to explore the building, program, and site costs to give the County Board the information to choose the best fit for our current and potential jail population. Final approval for the McCarthy firm will be considered at the April 26 Board Adjourned session.

Scott McCarthy special izes on work with jails and court buildings. He commented that Carlton County has "unique building needs to address a strong mental health issue in the current population of the Jail."

At this special Committee of the Whole meeting on April 19, McCarthy fielded a number of questions con cerning the type of building to construct and whether the existing north Courthouse parking lot or a "Green Space" area on the 264 acres of County owned land next

to the Transportation Building would be the best place to build. The Courthouse site can be

physically connected to the new Jail complex if it was built there. County Coordinator Dennis Ge-nereau said that the Sixth District Court system had made it perfectly clear that two full courtrooms are needed at the Carlton site with one small courtroom for hearings To accomplish this a Courtroom would have to be built above the new jail in the existing North parking lot with offices for sup-port staff. With this option, costly remodeling would have to be done in the current Courthouse.

Putting a Jail complex on the current north parking lot means that the foundation of the old County garage would have to be removed, the soil excavated may be contaminated and need to be mitigated, and a large WLSSD

sewage pipeline, servicing part of the City of Carlton, runs under the parking lot which would cost \$650,000 to 725,000 to relocate. Little room is left for construc-

tion equipment and materials at that site and would impact the use of the present Courthouse and Jail. McCarthy commented that the large rock outcropping on the north side of the north parking lot would have to be removed and cost of that is unknown at this time. At this time further future govern-ment expansion on the Carlton Campus would be hampered by limited space available. Parking is limited currently and parking space would be reduced with construction on the north parking lot.

The "Green Space" site for a Jail complex at the Transportation acreage had not been considered earlier because there was no water or sewage service. A sewer line is now available and Twin Lakes Township is now in the process

of finalizing details for a new water line source from the City of Carlton. This site has plenty of room for whatever Jail complex is finally agreed upon and has plenty of room for parking and future expansion. Several County Jail complexes have been moved and built outside of towns.

Construction costs continue to escalate and a choice of site, size of the building and the program needs is limited by those costs. The County Board strives to make the best decisions with the least amount of money to make that

happen. Besides building the Jail complex some jail staffing will be needed and an unknown number of maintenance staff. Consultant Mike Griebel in an earlier report said that the current jail program costs \$4 million annually. As yet the future program costs each year are yet to be determined.

OBITUARIES

APRIL 22, 2021

Roger W. Nelson

Roger Warren Nelson, 89, Moose Lake, died peacefully after a four year battle with lymphoma on Wednesday, April 14, 2021 in his home. He was surrounded by those whom he loved most: his family. Roger was born on March 27, 1932 in Birch Creek Township to Arvid and Amanda (Peterson) Nelson.

Roger was raised on the family farm in Birch Creek Township, the youngest of seven children. He attended school in both a country school and Willow River. Even as a child, Roger enjoyed the challenge of finding things to work on and fix. After meeting Helen Keinanen at the Barnum Fair, they married on January 4th, 1953 in Moose Lake. Just two days later, Roger was drafted into the United

States Army. He served honorably in the Korean War until 1954. Upon his return, Roger worked construction for his own business as a dealer for Lester Pole Buildings, and also spent many years farming. In his spare time, Roger enjoyed flowers and gardening. He was a master craftsman, refinishing furniture as a hobby and cutting wood. Roger had a special love for music, too. He could always be heard singing classic country music and loved supporting his daughter, Tina, as she performed at various locations and his son, Jim, when he performed with his band. More than anything else in this world, Roger admired his family. He was the ultimate family-man, cherishing every second he was able to spend with his wife, children, grandchildren, and great-grandchildren. Roger will be remembered for his honesty and integrity, his hard-working ways, and the kind and caring heart he had.

He was preceded in death by his parents; daughter, Tina Nelson; brothers, Oliver (Dorothy) Nelson and Floyd (Lois) Nelson; and sisters, Amy (Lester) DeGroot, Jeanne (Warren) Martinson, Jeanette (Robert) Peterson, and Hazel (Ralph) Molis.

Peterson, and Hazel (Ralph) Molis. Roger will be dearly missed by his wife of 68 years and the love of his life, Helen; children, Renee (LeeRay) Horton, Laurie (Rick) Gustafson, and Brenda (Jack) Leritz, and Jim (Rhonda) Nelson; grandchildren, Luke (Jackie), Lisa (Mark), Laura (Kevin), Kyle (Becky), Jessica (John), Heather (Joe), Emily, and Abbey; 16 great-grandchildren; and numerous nieces, nephews, other relatives, and friends.

A Celebration of Roger's Life will be held at Moose Lake Covenant Church from 4:00 p.m. until 7:00 p.m. on Monday, April 26, 2021 with food being served from 4:00 p.m. to 6:00 p.m. Inurnment will be in Faith Lutheran Cemetery, Sturgeon Lake. Arrangements are with Hamlin-Hansen-Kosloski

Arrangements are with Hamlin-Hansen-Kosloski Funeral Home

Glen E. Richards

Glen Edward Richards, 89, long-time resident of Mahtowa, died peacefully on Friday, April 9, 2021 in Essentia-Health Moose Lake. He was born to Edward and Dorothy (Line) Richards on November 21, 1931 in La Crosse, Wisc.

After moving to Cromwell as a young boy and attending country school, Glen was drafted into the military, serving honorably with the United States Navy from 1955 to 1957. During some time with the military, Glen met a friend who had a sister; her name was Doris Duke. Glen and Doris were married on November 24, 1956 in Chesterfield, South Carolina. They moved to a small

dairy farm in Mahtowa in 1962 and started a family. Glen worked for Burlington Northern Railroad as a loader operator, retiring at age 65. Working full-time was never enough for Glen: on the weekends he'd deliver and install propane tanks for Mahtowa Gas, and would spend the rest of his time welding, fixing the neighbors' lawn mowers, logging with family members, and tinkering with odds and ends in the garage or yard. Glen enjoyed many mornings eating breakfast, sipping coffee, and chatting with friends at Art's Café. He also loved golfing and fishing, especially with his children and grandchildren.

Glen was preceded in death by his wife, Doris, in 2017; parents; daughter, Brenda Hage; grandson, Trenton Richards; great-grandson, Diesel Horton; son-in-law, Darby Hage; and brother-in-law, Walter Hakala.

He will be dearly missed by his children, Debi (Edward) Madison, Glenice (Florian) Tomczak, and James Richards (Kim Wait); nine grandchildren; 19 great-grandchildren; brother, Wayne (Karen) Richards; sister, Joyce Hakala; and many other relatives and friends.

A visitation style Celebration of Life will be held from 12:00 p.m. until 2:00 p.m. in Hamlin-Hansen-Kosloski Funeral Home on June 12, 2021 with military honors immediately following.

Arrangements are with Hamlin-Hansen-Kosloski Funeral Home

Adam J. Mikrot

Adam John Mikrot of St. Paul, Minn, born March 14, 1929, passed away on Saturday, April 17, 2021 at the age of 92. His surviving family includes his wife of more than 69 years, Mabel; and his children, Steve, Sharon (Larry) Bourne, Renee (Tom) Cur-

wick, Kevin (Sandy) and Lori (Dean) Oehrlein; as well as 16 grandchildren and 13 great-grandchildren. He was born in Sturgeon Lake, Minn., to parents Thomas and Veronica (Jablonski). He was preceded in death by his parents; his son, Michael; and granddaughters, Sarah and Kimberly. He was also the last surviving member

of his large family: his

brothers: Alexander (his twin), Florian, Isadore, Johnny, Victor and Thomas; his sisters: Elizabeth, Clara, Gertrude, Della, Francis, Martha, Verna, Marion, Josephine; and an infant sister.

Marion, Josephine; and an infant sister. Adam was a WWII veteran, serving in the Army Air Corp. He was a Master Barber for over 50 years and served on the MN Board of Barber Examiners. He enjoyed fishing, hunting, gardening, playing cards, horseshoes and was an expert at practical jokes. He was very proud of his Polish heritage and spent countless hours working on the genealogy of his Mikrot/Armatys family tree.

A visitation will be held Friday, April 23, 2021 from 10:00 a.m. until the 12:00 p.m. Mass of Christian Burial in St. Isidore's Catholic Church, Sturgeon Lake. Interment will be in St. Isidore's Catholic Cemetery, Sturgeon Lake.

In Lieu of flowers, memorials are preferred to St. Isidore's Catholic Church.

STAR GAZING- UPCOMING EVENTS

Star Gazing is a service to readers to publicize upcoming events and activities as space permits. Free events are given priority. If there is a charge or admission cost to the event, a paid ad is required.

A rainbow connection day

riday last week in the 'White House' was bookended by oddness.

In our house there is a specific song that has been banned due to the emotional response by one individual, Mom. The day on Friday started with this song, "Rainbow Con-

nection" by one Kermit the Frog coming on the radio. Never in my life have I heard this song simply playing on the radio. Now usually this song is met with tears within nine seconds, in this instance it was met with a quick jog out of the car after several failed attempts to turn off the radio.

Mile

weekend. By supper things took a turn for the weird once again. For those that are not aware,

Afternoon was all systems normal for the start to the

I presently live with my parents to help provide care for my father who was diag-nosed over two years ago with terminal brain cancer. Friday only highlighted the reason for our cohabitation.

At supper time Dad was having some clear difficulties and we decided that it would be appropriate to head to the Emergency Room Around the same time, Mom was also not feeling up to snuff and she also decided that our trip to the Emergency Room would be for two patients

instead of just one. This kicked off a weekend of hospital visiting for Mom and hanging out in the parking ramp for me.

Despite the oddity of the past few days I think I finally found the meaning behind the idea of a rainbow connection.

As I was sprinting to the ER, I knew that calling a family friend who is on the Finlayson Fire and Rescue Team was a good idea. While I was sitting in the waiting room at the ER, I knew that I could call a family friend to let the dog out of her kennel. During the wait between updates, I knew that I could text a local ER nurse and family friend.

Everyone of these folks dropped what they were doing to help us out in our time of need. Before I had never understood why Mom cried when listening to a song about rainbows, but after this week I think I understand more than ever why she does

This weekend I found my own "Rainbow Connection" in the connections that I have with my community. With the help of my own rainbow connection I think that I can do anything.

Talking financial literacy with the U of M experts

For many Minnesotans, money - how much we have and how we spend it — has become an everyday point of conversation during the COVID-19 pandemic.

This Financial

Literacy Month,

Professor Joyce

Serido explains what financial

University of

Minnesota

literacy is, ways to build a better Talking understanding of

nancial literacy. and why is it important for all

people to build these skills? Prof. Serido: In its broadest form, financial literacy refers to having the knowledge and skills to make good financial choices. Yet. the choices we face are becoming increasingly more complex in to day's shifting climate of social and

economic change. For example, for our younger generations, enrolling in college often means taking on debt before deciding on a career and saving for retirement entails more of an understanding of long-term investment risks. Although these changes have been happening gradually over the past 30 years, the COVID-19 pandemic reminds us that the choices we make, and the finances we have available, are dynamic. And so, it may be more helpful to think of financial literacy as an ongoing learning process to understand the options available to us and what is important to us so we can make more informed choices.

Q: For people looking to start building their understanding of their personal finances, where should they start? Prof. Serido: A good way to

approach strengthening your financial fitness, is from a financial decision-making perspective: •Start with a goal you want

to achieve or a specific problem vou want to resolve. Focusing on

LETTER GUIDELINES

purposes. Only names and hometowns

OBITUARIES CONTINUED FROM PAGE 3

Helen Mae Maltby, 100 years young, was called to her Heavenly Home on Saturday, April 10, 2021 at Essentia-Health Moose Lake. She was born in a log cabin on the Dahlen Family Farm, east of Sturgeon Lake, on August 24, 1920 to Carl and Alma (Johnson) Dahlen.

Helen grew up in the area and attended a one room country school until 8th grade before graduating from Willow River High School in 1938. She went off to Superior State Teacher's College for two years, while caretaking for a local family in exchange for her room and board. After her time at college, Helen worked as a secretary at the Moose Lake Creamery. She married Donald Maltby on

January 16, 1943 in the Blomskog Church, Sturgeon Lake. They moved to Carlton to start a family where Helen was active in the Bethesda Lutheran Church. They grew the neighborhood's largest garden, and every year, Helen would can enough to feed a small army! In the early 1980's, the Maltby Family moved back to Moose Lake to be near relatives. Helen was a devoted member of Hope Lutheran Church; playing an active role in the Martha Circle, being very generous with the Hope Lutheran Youth, and enjoying

Helen M. Maltby

all of the time she spent with the Busy Bee's quilting group, even into her recent years when they would visit Kenwood Assisted Living. She was a fabulous embroiderer, making gifts like pillow cases and dish towels, and enjoyed sewing and reading; especially poetry. For the past ten years, Helen was an avid bingo player. More importantly than anything else, family was her true joy. Helen was always interested in what her children were doing, taking special interest in her nieces and nephews, and was always looking forward to phone calls and visits with her siblings.

Helen was preceded in death by her husband, Donald, in 1998; her parents; and sisters, Bernice Nelson, Lois Telker, and Lila Haglund.

Her memory will be cherished by her children, Darrell (Marcia) Maltby and Joy (Brian) Fragodt; brother, Ervin Dahlen; sister, Norma Petschl; Godson, Kurt Petersen; two grandchildren; one great-granddaughter; and numerous nieces, nephews, other relatives, and friends.

Due to COVID-19 safety precautions, a private family memorial service was held in Hope Lutheran Church, Moose Lake. The recorded funeral can be viewed online at www.hopeofmooselake.com/ sermons. Cards may be mailed to the Helen Maltby Family c/o Hamlin-Hansen-Kosloski Funeral Home P.O. Box 338 Moose Lake, MN 55767. Inurnment will take place in Blomskog Cemetery at a future date. Arrangements are with Hamlin-Hansen-Kosloski

Arrangements are with Hamlin-Hansen-Koslosk Funeral Home

Shirley W. Matuseski

Shirley Wanda Matuseski, 97, formerly of Moose Lake, died peacefully on Wednesday, March 31, 2021 at Brookdale Senior Living of Eagan. She was born in Chicago, Ill. on July 3, 1923 to Daniel and Hulda (Felix) Streck.

She was preceded in death by her husband, Peter Matuseski; children, Barbara Layon, Thomas Matuseski, and Richard Matuseski; and grandson, Joel Matuseski.

Shirley is survived by several grandchildren, great-grandchildren, and other relatives and friends. A private inurnment was held in Sunset Memorial

Cemetery, Moose Lake. Arrangements are with Hamlin-Hansen-Kosloski Funeral Home.

Mildred Currie

Mildred Butkiewicz Currie, formerly of Moose Lake, died on Thursday, April 15, 2021 in Marywood Assisted Living in Duluth.

A funeral Mass will be held at 2:00 p.m. on Friday, April 23 at Holy Angels Catholic Church in Moose Lake, Minn. Visitation will begin at noon with a rosary service at 1:15 p.m. Interment will follow in St. Joseph's Catholic Cemetery in Split Rock Twsp. Masks and social distancing will be required. The service can be viewed on the church's website: holyaneelsmooselake.com.

Arrangements entrusted to Atkins Northland Funeral Home, Cloquet.

WILLOW RIVER NEWS: Summer is coming, traffic increases

KATHI BENNETT

KATHI.BENNETTHAUS@GMAIL.COM

HELLO ALL

Now is the season when people start planning their vacations and their summer calendars. I've noticed the last two weekends have been especially busy with people coming up north. It takes a bit of adjustment to get used to the noise and traffic again. Summer is coming.

This year the Class of 1981 will be having their 40 year class reunion. The reunion will be Saturday, July 31. Go Wildcats. The Willow River Community Club is meeting April 24, 2021 at 4 p.m. at city hall to discuss Music and Memories. If you are interested in the joining the club please feel free to join us. It is a lot of fun.

Twe been asked by a fellow in Willow River to remind people to leash their pooches or have them fenced. He seems to be a magnet for dogs when he's out for a walk. The city has an ordinance that states that dogs must be leashed or fenced (that includes electronic fencing) when outside in city limits. Also, now is the time I usually get asked to remind people to pick up their dogs poo when out for a walk...but you all must be extremely good at that...this is the first year that no one has complained to me about that. Good job! Beckie M. wanted everyone to know that she will be having free car washes again...No, that is an old joke...she will be flushing hydrants in the city of Willow River April 10 through April 25. If you see her out there give a honk

In regard to the Willow River School: No School for kindergarteners, No School for preschool-

ers May 7 and May 8. Kindergarten Roundup will be held May 7, 2021. This is for children who will be five years of age before September 1. Individual family visits will be scheduled. Families who are considering or planning to attend Kindergarten in the Fall of 2021 at the Willow River Area School are invited to sign up. Parents and children will have the opportunity to meet the teachers and explore the classrooms. Each family will receive an enrollment packet to complete and return. Please bring a copy of your child's birth certificate.

For more information contact the school at 218-372-3131 or look on the website: isd577.org. Register now for Fall 2021-22 Early Childhood Classes. To register go to: https://forms.gle/ gfuyR3x6qHFRktk3A. This registration is listed as a "full in person learning model." Classes, availability, and models may change based on MDH, MDE, and CDC Guidelines. For ques-tions call or email Ms. Chas at 218-372-3131 x 169 cbalut@isd577.org. At the Churches Please note that St. Mary's Church is open for private prayer and

devotion M - F 9 am to 12:30 pm. The Knights of Columbus meeting will be held on April 25, 2021. The meeting will be at St. Isidore's Church with Rosarv at 6:30 pm and meeting to follow at 7 pm. Every 3rd Sunday of each month, the Knights of Columbus will be praying the Rosary before Mass at St. Marv's Church. Legion of Mary will be at St. Mary's Center every Monday at 6:30 pm. Also, on Wednesdays' Eucharistic Adoration will be from 1pm to 5 pm at St. Mary's Church.

WRIGHT-CROMWELL NEWS: Outdoor activities are increasing in our area

JENNIE HANSON

JKH4PRESIDENT@HOTMAIL.COM

Come help support the ADK Teachers Sorority Fundraiser Area Scholarships for Cromwell-Wright, Moose Lake, Barnum and Willow River for a take-out dinner on Friday, April 23 at the Rustic Diner in Barnum between 5:00-6:00 p.m. Dinner includes BBQ Pork, 1/4 Chicken, Baked Beans, Coleslaw, Applesauce, Roll & Butter for \$13.00 Call 218-389-6084 between April 19-22 for the take-out reservation. Only 100 meals will be made and often sellout, so get there as close to 5:00 as you can.

I have had several requests for the YOT Senior Dances to resume, but Sharon Zelazny, Mayor of Cromwell, informed me that the City cannot allow dances at the Pavilion just yet. There is still no dancing allowed and we need to follow those guidelines. It sounds like they are allowing prom, so I think we'll be seeing some changes in the current guidelines, but nothing new has changed about dances as of yet.

Beanie Randa, Manager of

the Clothing Depot in Cromwell has informed me that they can no longer take pick-up loads of donations at this time. Their warehouse room is pretty full, but you can donate a limited number of bags or boxes of stuff on Tuesdays, Thursdays and Saturdays from 10 a.m. -3 p.m. Thanks for your cooperation!

Community Library Resources: eLibrary MN is a FREE digital library resource for Minnesotans of every age. Browse ebooks minnesota, magazine, journal, newspaper and encyclopedia articles, media, including images, videos, and audio files, and other informational resources. visit https://elibrarymn.org/

Summer Fastpitch Softball: Grades 3-7: If you are interested in summer softball, fill out form and return with payment to office by Wednesday April 21st. Sign-up forms and information sheets were handed out in class in grades 3-6 and are also available in the office. We will most likely have 10U (grades 3-5) and 12U (grades 5-7) teams. Team placement is decided by coaches and will depend on numbers and birthdates. Fee is \$10 if you have a jersey from previous years and \$30 if you need or want a new jersey. Grades 7-12: We are looking at the possibility of forming team(s) at the 14U, 16U, or 18U age levels. League fees are much higher at these levels so we need commitment and payment before determining if there will be teams. Due date is Wednesday, April 21st. Fee is \$75 If no team is established check will be returned to you. Sign-up and pay in the office. If cost is prohibitive or you have any other questions, contact Jana at 218-460-6793.

Greater Savanna Youth Baseball League - There will be an organized league this year. The following ages are recommended for each level: Ages 5-6 Tee ball, Ages 7-9 / Machine Pitch, Ages 10-12 Little League. Summer Ball for 13-15U Baseball may also be a possibility / more details to come at a later date. Please contact Robert Dahl with any questions 218-391-8534. KINDERCA PTEN BOUIND

KINDERGARTEN ROUND-UP IS COMING - The day to find out about the 2021-22 Kindergarten year will be held at the Cromwell - Wright School on Friday, April 23. You will need to choose from these two different time frames, 8:45 -10:15 or 12:45 - 2:15 and register by email or phone: Jayme Jordan jjordan@isd95.org / or 644-3737 ext. # 1001.

There will be an Extreme Team Youth Spaghetti Feed Fundraiser at Bethlehem Lutheran Church on Friday, May 7, serving from 4:30 – 6:30 p.m. Free Will Donation with Dine-in, Take-out, and even home delivery. Call 218-428-6733 for take-outs or delivery

> Visit the Moose Lake Star-Gazette website, www.mlstargazette.com

> Call the Moose Lake Star-Gazette office, (218) 485-4406

reservations. Save the date: the 10th Annual Kaleb Anderson Memorial

al Kaleb Anderson Memorial 5K Fun Run/Walk will take place on July 3rd, at noon at the Cromwell Park and Pavilion.

Thank you for the response for Rhubarb plants. I got several folks who are willing to share them with me. That's all the news from the Edge of Wright! You can send me your news at jkh4president@hotmail.com or call at 218-357-2385.

Strategic Farming: "Let's Talk Crops" recordings available

BY LIZABETH STAHL, EXTENSION EDUCATOR – CROPS UNIVERSITY OF MINNESOTA EXTENSION OFFICE

WORTHINGTON, Minn. (4/15/21)—Did you miss any of the Strategic Farming: Let's Talk Crops sessions this winter and were wondering where to access recordings? Well search no more. All sessions, which were originally held Wednesday mornings from January 6 to March 24, are available at: https://z.umn.edu/ strategic-farming. Just scroll down the page to find the recordings.

Topics ranged from corn and soybean management and selection tips, pest and nutrient management, and on-farm research, to cover crops, third crops, and conservation programs. Links to key resources for many of the sessions have also been posted. A special thanks to the Minnesota Soybean Research and Promotion Council and the Minnesota Corn Growers Research and Promotion Council for sponsoring this program!

Building off this program's success, U of MN Extension will be hosting "Strategic Farming: Field Notes" every Wednesday morning, 7:30 to 8:00 am, starting April 21 throughout the 2021 growing season. These interactive, discussion-based sessions will address in-season cropping issues as they arise. Farmers, crop consultants, agronomists, agricultural sales reps, agency personnel, researchers, educators, and anyone else who is interested are encouraged to join in. To learn more and to register go to: https://z.umn. edu/strategic-farming.

Lizabeth Stahl is an Extension Educator with the University of Minnesota.

High-risk oak wilt season is now: Do not prune oaks

MINNESOTA DEPARTMENT OF NATURAL RESOURCES

April marks the beginning of the high-risk season for oak wilt, so the Minnesota Department of Natural Resources reminds people not to prune oaks from April through July. This is the best way Minnesotans can prevent the spread of the deadly oak wilt disease.

Oak wilt is a nonnative, invasive fungal disease that kills all species of oak in Minnesota. It spreads two ways: above ground by sap-feeding beetles and below ground through connected roots. By avoiding pruning or cutting oaks in spring and early summer, people prevent fungus spread by sap beetles carrying spores from infected trees to fresh cuts.

"Once oak wilt gets stared, controlling the disease is expensive," said Rachael Dube, DNR northwest region forest health specialist. "The good news is, by following pruning guidelines, people can prevent or reduce the spread of oak wilt in their yards, woods, and communities." Dube encourages residents to limit pruning to November through February when there is no risk of oak wilt transmission.

One of the DNR's goals is to halt the overall northward expansion of oak wilt in Minnesota, which in recent years has reached the northern portions of Morrison and Pine counties. In addition to following pruning guidelines, Dube cautions campers, cabin

Above in the darker shaded areas are locations in Minnesota at risk of oak wilt.

owners and visitors, and hunters not to move firewood. Moving oak firewood can spread oak wilt over long distances. Use locally sourced firewood or firewood with the Minnesota Department of Agriculture (MDA) certified seal to prevent moving oak wilt. For more details on oak wilt prevention and how best to deal with infected trees and wood, see the DNR's oak wilt management webpage by visiting https://www. dnr.state.mn.us/treecare/forest_ health/oakwilt/management. html

Planting date is just one factor affecting yield potential

BY LIZABETH STAHL AND JARED GOPLEN, EXTENSION EDUCA-TORS – CROPS UNIVERSITY OF MINNESOTA EXTENSION

It is well known that planting date plays a key role in determining yield potential in corn and soybean. Long-term University of Minnesota trials demonstrate, for example, that corn yield is usually optimized when corn is planted from April 25 to May 10. Long-term data also show that soybean yield is optimized when planting occurs around May 1. Planting earlier than these guidelines rarely leads to greater yields but does increase risk of stand loss from frost or cool conditions after planting. This can lead to reduced yield or even the need to replant. Soil conditions at planting are also a big factor to consider.

LET'S REVISIT 2019 (ONLY FOR A LITTLE WHILE)

Quarry Greenhouse APRIL HOURS: 7 days a week 9 am-5 pm. Sandstone, Minnesota 320.245.0561 COME SEE WHAT IS BLOCMING!!! Quarry Greenhouse is opening for the season April 23rd Hwy 23 North of Sandstone • East of NAPA store quarrygreenhouse@gmail.com

Many of us have been trying to forget the excessively wet conditions of 2019. Many farmers faced the decision to plant into sub-optimal conditions, plant very late (e.g. corn and soybeans into June) or to take prevent plant. Information on very late planting dates in corn and soybean in MN is limited, so U of MN Extension requested farmer input in a planting date survey following the 2019 season. The goal was to determine how those decisions turned out.

PLANTING DATE WAS MOST IMPORTANT

Not surprisingly, planting date was the most important factor influ-

> There will be a Celebration of Life for RICHARD SILAMPA on Sunday, April 25th, 2021 from 11 am to 3 pm. It will be held at the Soo Line Event Center located at 900 Folz Blvd., Moose Lake, MN 55767

encing yield of corn and sovbean in 2019. As expected, yield on average decreased as planting was delayed, but there was a lot of variability in the data. Variability increased as planting was delayed into mid-May and beyond, corresponding to an increase in fields planted into wet or very wet conditions-the timeframe when many had to push conditions to get the crop in.

Yield variability within fields was considerable, with some fields ranging from 0 to 265 bushels/ac in corn and 0 to 70 bu/ac in soybean. Variable soil conditions and drownout spots were a significant contributor to this extreme range in yield within a field.

CONDITIONS AT PLANTING ALSO Key

One of the key sources of variability when looking at corn yield on a particular date was the condition of the field at planting. Average yield in fields where farmers reported conditions at planting were "good" was 188 bu/ac. Yield was 8% lower when conditions were "slightly wet" at planting, and plummeted to 144 bu/ ac when fields were planted under "very

wet" conditions Nearly all of the fields planted in "very wet" conditions were also planted after May 14 when many started pushing field conditions given the continued wet forecast in 2019. When adjusted for planting date, planting into "good" conditions resulted in the greatest corn yield. Yields dropped 2 bu/ac when conditions were "slightly wet," and dropped 10 bu/ ac when conditions were described as "very wet." On average, soybean

yields were greatest when fields were planted under "good" conditions. Average yields were 7% lower where planting conditions were "slightly wet," and 18% lower when "very wet." Similar to corn, soybeans planted into wetter conditions also tended to be planted later. When adjusted for planting date, "good" conditions still resulted in the greatest yields, where "slightly wet" conditions yielded 1.5 bu/ac less and "wet" conditions yielded 2.5 bu/ac less. Soybean fields planted under wet or slightly wet conditions that had poor stands (less than 80% of normal) were the lowest yielding. These fields tended to have other issues as well, such as

symptoms of nutrient deficiency.

Out of the 215 fields reported on, only 20% were planted into "good" conditions. One of the lessons learned from 2019 is that it can be okay to push field conditions a little but don't push it too much. Survey comments were telling, such as "Remind me to never plant corn in June again!" and "I should have taken prevent plant".

OUTLOOK FOR 2021

Many factors that influence yield potential were not addressed in this survey, including genetics, crop maturity, disease tolerance, agronomic traits, and pest pressure. Field conditions this spring are looking to be much drier than in 2019, but as the season progresses we don't want to forget lessons learned from the past.

Thank you to everyone who participated in the survey – your valuable input was much appreciated and will help us provide better guidance if/ when we are faced with planting delays again in the future!

TALKING WITH THE EXPERT: Teaching children financial literacy literacy skills?

CONTINUED FROM PAGE 4

Q: What are the key things people should consider when developing their financial skills?

Prof. Serido: It's important to distinguish between the need to learn more about a topic versus how to develop the self-discipline to take action. There are several resources readily available to help with learning, including several provided for free to Minne sotans through University of Minnesota Extension.

Although there are many self-help articles and books on how to develop financial self-discipline, many people find it more effective to work directly with someone, whether a financial coach or a trusted friend or family member, to provide ongoing support and encouragement.

Q: How can caring adults prepare children and young adults develop financial

Prof. Serido: Although the foundation for financial literacy begins early in life, it isn't until late adolescence that young people begin to understand that good financial decision making is not so much about choosing the right action but rather about choosing the most appropriate action in the current situation. To help youth learn and develop the skills to make better financial decisions, see yourself as a mentor or coach and provide opportunities for self-discovery and self-reflection.

For young children, engage them in everyday family interactions that include financial choices, such as paying bills, grocery shopping or making bank deposits. As young people mature, provide opportunities for them to understand the uses of money beyond "buying stuff" by encouraging them to make choices in line with their values and goals (e.g., swimming lessons or soccer camp). Be sure to maintain dialogue about age-appropriate and relevant topics

When people understand how money works, they can make more informed choices about saving and spending their money. Discussions about budgeting or responsible credit use may motivate college students to perform those behaviors while at school, whereas discussions about charitable donations and saving with younger children may foster values about caring for others. When someone understands how money works, they can make more informed choices about saving and spending money on their own

Lastly, allow them to make mistakes. Recovering from mistakes provides a powerful motivation for strengthening financial literacy skills. Q: What does your re-

search in this space show? Prof. Serido: The research. both my own and that of many other researchers, clearly shows that the foundation for financial literacy begins in early childhood. By observing our parents and other influential people in our lives, we learn about using money in the context of everyday family life (e.g., paying bills, grocery shopping) and we come to understand what is expected of us when it comes to our financial choices (e.g., saving, smart shopping, donating).

Although these early values and beliefs about money are powerful and long lasting, during the transition from adolescence to adulthood. young people often reinterpret and reorganize their values and beliefs about finances as they prepare for more full-time adult roles and responsibilities. Specifically, when they make their own life choices (e.g., college, career, relationships) and struggle to balance competing goals (e.g., pay off

student loans or save for a house), they come to a deeper understanding about the role that money plays in adult life.

This transition period is a key turning point in life, as young adults make a shift from parent-directed behavior to more self-directed behavior.

Joyce Serido is an associate professor in the College of Education and Human Development's Department of Family Social Science and a University of Minnesota Extension Special-ist. Her expertise is in financial parenting; financial behavior and economic well being; and financial behavior and early romantic relationships. Through Extension, Serido and others are leading a series of free webinars focused on family resiliency. Learn more and sign up at z.umn.edu/Family_Resiliency_Webinars.

STURGEON LAKE: Council continues work on zoning ordinances without map

CONTINUED FROM PAGE 1

CRESCENT PINE DRIVE

A resident living in Cathedral Pines made a request for the city to name the access road to this area of Sturgeon Lake. The proposed name for the road is Crescent Pine Drive. This road name was accepted by the council, with the under standing that this would be a privately main-tained road. The citizens have the possibility of bringing the road up to Pine County standards at which time the city of Sturgeon Lake will take ownership of the road. At that point they will maintain the road, but until that point the city will not be responsible for maintenance of the road.

The resident submitted this request with the hope that they could have their United States Post Office box placed on this new road. After an official name has been given to the road the city can assign an address for properties on that road. An official address can be assigned, but the council was not sure if a postal route or box was possible.

A resolution naming the road Cresent Pine Drive was made by the council.

Peter Hegge submitted a request for a variance to the council. The variance requested permission to demolish and build on a property in town without an official

survey being completed on the property. After a lengthy discussion the council denied the variance.

Concerns were raised by Council members Erica Rasmusen, Jessica Langhorst and Adam Langhorst over the pos-sibility that the building was not put up within the boundaries of the lot. Without an official survey there is no way of knowing where the property boundaries are; the building plans would move the boarders of the building inside the exist-ing foot print by five feet. In a 3-2 vote the variance allowing for demolition and building was denied. Sturgeon Lake is

presently progressing toward adopting the zoning portion of the Minnesota Basic Code Under advice from the city attorney the city recommends that future projects conform to these upcoming codes. Review of building projects, signage and other topics to do with zoning would need to be done on a case by case basis, most of the concerns by the council were about grandfathering in existing properties and conditional use permits.

Questions were raised by Vern Anderson about what the upcoming zon-ing ordinances entailed. Anderson has several large scale projects planned for his property and wanted to ensure that they conformed with zoning. The council offered to provide copies

A previously unnamed access road in the area known as Catherdral Pines, in the city of Sturgeon Lake has now been named Crescent Pine Drive. This road is a private road and will be maintained by the property owners near the road.

of the new ordinances along with the existing ordinances related to zoning so that he had all relevant city codes before proceeding.

A zoning map was commissioned by the council from City Engineer Tim Corby. This map was requested in February, with no results at the April meeting. Council members reviewed the possibility of retaining the services of a new city engineer. The council determined that they would contact Corby to finish the zoning map

project he has started. After this project they would look into finding a new engineer. Previous projects, including the manhole project in connection with city sewer services to Willow River Challenge Incarceration Program were not to the standards of the council when they considered the project results for the costs submitted.

> **OTHER NEWS** The council approved a contract with Daymark Designs, a website

design company associated with the city's technology service provider CybertPC in Askov. A website for the city is being created. Mayor Todd Danelski said that he was

not sure how long the call in council meetings will continue. Presently he expressed his enjoyment of the meeting format as it allows for him to continue his work

out of state while attending city meetings. Treasurer, Kelly Lake resigned her position with the city. Until other arrangements can be made by the council Deputy Clerk Kathi Bennett will be making deposits for the city.

MLWR Rebels' baseball play season opener

MARY ELLEN DEWEY | PINE COUNTY COURIER

Junior Varsity players wait for the three hour varsity game to finish so they can play their game at Crosby.

MARY ELLEN DEWEY RECIPE@PINECOUNTYCOURIER.COM

The rainy/snowy spell finally let up and the Moose Lake Willow River baseball season got to play three games this past week. The team is missing all their seniors, some underclassmen and the head coach due to COVID protocol so the assistant coaches were scrambling to find enough Rebels that could take the mound for this week's games. On Thursday, April 15, MLWR Rebels were at Southridge. On Friday, April 16, Pine City came to Moose Lake to play the first contest on the new baseball field at the school. On Saturday, April 17, the Rebels traveled to Crosby for a 11:00 start time in a game that lasted three hours. Coaching the Rebels

this year are: Head Coach Spencer Clough,

Shawn Bode, Trevor Nummela, and Matt Niedzielski. The team has 22 players and they are listed here with their jersey numbers because it is extremely difficult to recognize who they are out on the field with their masks, baseball hats and sunglasses. Carter John-son (#2), Drew Danielson (#1), and Mason Olson (#12) are the missing seniors. Their quarantine runs out on Friday, April 23. The underclassmen include: Caden Privette (#16), Sam Dewey (#3), Luke Dewey (#9), Alex Watrin (#17), Ethan Burton (#13), Logan Orvedahl (#8), Henry Ribich (#19), Cooper Hennager (#4), Dawson Fjosne (#10), Jimmy Walker (#11), Joey Steen (#19), J.P. Mesojedec (#14), Richie Balute (#15), Tanner Kircher (#8), Reese Bode (#21), Myca Helfman (#20), Tyler Juhl (#6), Winter Bowstring (#18), and Levi Leikam.

The Rebels had not practiced outside with a real baseball this season yet because of the weather. This was their first opportunity to throw real baseballs and not the indoor balls they have been practicing with. For the first game of the

season up at Southridge, Privette started on the mound. The first batter hit a pop-fly, the second one was hit by a pitch. The third batter struck out watching. Orvedahl scooped up the clean-up hitter's ball, tossing it to Burton on first for the third out. In the fourth and fifth inning, Southridge scored five runs. The Rebels were able to get one hit off the Southridge pitchers, who struck-out 17 batters, losing 0-5. The Rebels JV lost 6-8

In their first home game, they hosted Pine City. The game went on for a long time because Pine City was up first as the visiting team and scored 12 runs on four hits, five walks, couple errors and wild pitches and that was just in the first inning. Pine City batted through their nine starters twice in the first inning. The Rebels were ten-runned after five innings 1-17. Ribich got two hits; Orvedahl and Sam Dewey each had one hit. MLWR Junior Varsity played only 3-1/2 innings because of darkness, losing to Pine City 3-15. It was a beautiful Saturday up in Crosby for a ball game. Orvedahl

Kircher came in. in the fourth inning. The game went back and forth. In the second. Orvedahl hit a double and scored on some mishandled balls, giving the Rebels a 1-0 lead. Crosby answered with a run. Sam Dewey started off the fourth inning with a fielder's choice. Ribich hit a single, the pitcher gave up five walks. Rebels scored six runs to lead 7-1. In the bottom of the fourth. Crosby scored five of their own to end the inning 7-6 Rebels. In the fifth, Rebels scored two more on three walks and one hit. Crosby answered back with six runs in the bottom of the fifth making the score 9-12. In the sixth inning Walker scored on a base hit. error and a base hit by Balute, making the score 10-12. In the bottom of the sixth. Crosby hit a homerun over the fence. The Rebels were unable to answer back in the top of the seventh, losing the three-hour game 10-13. The Rebels got seven hits, Ribich and Orvedahl each got two hits; Luke Dewey, Privette and Walker each got one. They are scheduled to play at Barnum on

was the starting pitcher.

MARY ELLEN DEWEY | PINE COUNTY COURTER Coach Shawn Bode fills in for Head Coach Spencer Clough while he is out two weeks due to COVID protocol.

Thursday, April 22, host Cloquet on Friday 23, at Carlton on Monday, April 26, and host Barnum on Tuesday, April 27.

DAN LINGLE | MOOSE LAKE STAR-GAZETTE

Moose Lake/Willow River Softball takes the field

Moose Lake Willow River softball started the season with a 12-2 win against South Ridge. The Lady Rebels play again on Friday, April 23 against Denfeld at Duluth Denfeld High School at 4:30 p.m.

What to do if you received the Johnson & Johnson vaccine?

CENTER FOR DISEASE CON-TROI

If you received the vaccine more than three weeks ago, the risk of developing a blood clot is likely very low at this time. If you received the

vaccine within the last three weeks, your risk of developing a blood clot is also very low and that risk will decrease over time

Contact your health-

care provider and seek medical treatment urgently if you develop any of the following

- symptoms: severe headache,
 - backache,
- new neurologic
- symptoms. severe abdominal
- pain,
- shortness of breath.
- leg swelling,
- tiny red spots on the skin (petechi-
- ae), or

new or easy bruis-

ing If you are scheduled to get the J&J/Janssen COVID-19 Vaccine, please work with your vaccine provider to reschedule your appointment to receive another authorized and recom-

- mended COVID-19 vaccine. There are two other COVID-19 vaccines authorized and
- recommended for use : Pfizer-BioNTech and Moderna.

New tenant, new improvements at PTCC's **Innovation Center**

BY MIKE GAINOR NEWS@PINECOUNTYNEWS.COM

Pine Technical and Community College has a new tenant in its Innovation Center on the corner of Main Street and Hillside Avenue S, and is planning roughly \$500,000 in improvements to the seven-year-old building

this summer. PTCC President Joe Mulford and other college staff recently gave updates on the Innova-tion Center project to the Pine City Economic Development Authority. The 7,500 square-foot

facility Pine Innovation Center was built in 2014 to serve as a business incubator to house and support high tech and light manufacturing entrepreneurs in the community.

EZ Electrical Solutions moved into the Innovation Center in 2016 and stayed for three years, developing uniquely designed electrical boxes and other products. They have obtained a safety certification from

Underwriters Laboratories for their electrical boxes, and also entered into a large contract with Menards. They are in the process of contracting with Viking Electric and have moved to a larger space in Cambridge.

Mulford said the building was empty for a period of time until Jacob Mans – an ar-chitect, a University of Minnesota professor and owner of Field Works - approached PTCC with a business plan to manufacture modular utility solutions for the construction of homes and buildings.

"They've got a pretty unique model going," Mulford said.

The core unit designs mechanical systems, electrical, plumbing and data systems into one unit that would be built on site and are delivered to the building project.

Mans said he hopes to use this model to help low income families with housing solutions and has sent out propos-als to the city of Minneapolis and other metro area agencies to use his units to provide housing for homeless populations

PTCC has partnered with Mans on a new Construction Trades program launching this fall to design some course curriculums. Field Works is currently renting half of the high base space in the Innovation Center and Walburg is hoping to use the other half for the Construction Trades Program

PTCC has received grant funds to make improvements on the Innovation Center this summer, and plans to install a second HVAC system into the Innova tion Center so that the school's office areas and the incubator workshop each have their own air

handling systems. "When they built the building ... there was only one air handler that supports both," Mulford said. "This just gives us more flexibility in how we use the space.

Wastewater facilities recognized for operational excellence

MINNESOTA POLLUTION CONTROL AGENCY

The Minnesota Pollution Control Agency (MPCA) recognized 22 wastewater treatment plants (WWTP) in northeastern Minnesota for outstanding permit compliance. To receive this recognition, facilities were required to demonstrate consistent compliance with monitoring, operations, and maintenance requirements, submit all reports to the MPCA correctly and on time and employ staff certified by the MPCA in wastewater operations

The following facilities in northeastern Minnesota have received the award

- Aitkin WWTP, Aitkin Walmart Supercenter 1757, Hermantown Barnum WWTP, Barnum
- Boise White Paper LLC, International Falls
- Big Falls WWTP, Big Falls Marble WWTP, Marble
- Central Iron Range Sanitary Sew
- er District WWTP, Chisholm McGregor WWTP, McGregor Cromwell WWTP, Cromwell
- Mountain Iron WWTP, Mountain Iron
- Premier Horticulture Inc. Black Lake and Wright Bogs - Plant Site, Cromwell Orr WWTP, Orr
- Deer River WWTP, Deer River

Palisade WWTP, Palisade US EPA Mid-Continent Ecology

- Division-Duluth, Duluth Northshore Mining Co - Peter
- Mitchell, Silver Bay Western Lake Superior Sanitary
- District, Duluth
- MDNR Lake Vermilion-Soudan Underground Mine State Park, Soudan United Taconite LLC - Fairlane
- Plant, Eveleth Sturgeon Lake WWTP, Sturgeon
- Lake Grand Marais WWTP, Grand
- Marais Silver Creek Town WWTP, Two

Harbors "The MPCA appreciates the consider-able efforts by permittees and operators to protect and preserve water quality, especially during a global pandemic" said Dana Vanderbosch, Municipal Division Director at MPCA. "It is this kind of essential and difficult work that has kept Minnesotans and the environment protected during these unprecedented times.

A total of 292 wastewater treatment plants across Minnesota are being recognized for the award. Minnesota has approximately 1,600 municipal and industrial wastewater treatment facilities. Community, institution, or treatment plant size were not factors in awarding the certificates.

Broadband task force urges Pine County residents to take survey

BY MIKE GAINOR NEWS@PINECOUNTYNEWS.COM

A new survey is the latest step in the effort to bring better broadband to Pine County The Pine County Broadband Taskforce, working as part of a

regional effort in partnership with the Blandin Foundation, is conducting a survey to learn more about the broadband needs and experiences of local residents.

Pine County is ranked 84th out of 87 counties in the state for broadband speed and access according to a Blandin Founda-tion report – better than only Yellow Medicine, Redwood and Kanabec counties. In March, the Blandin

Foundation chose Pine County to participate in a 15-week program for a community team to study the broadband problem and learn the pros and cons of possible solutions.

A group of 19 residents and local stakeholders are now meeting regularly as the Pine County Broadband Taskforce to build on the broadband effort

The Pine County Broadband Taskforce survey can completed online at http://z.umn. edu/uptospeed

A broadband speed test is also available and can be found at http://www. mnruralbroadbandcoali-

tion.com/speedtest In addition to testing resident's location, the data from the speed test is used to create maps showing the internet connectivity speed in different areas of the county.

the access speed from a

Those without access to the internet can complete a paper survey through Pine County. Copies of the paper

survey are available at the Office of the County Administrator, Pine County Courthouse, 635 Northridge Drive, Suite 200, Pine City.

NOTICE OF INFORMAL APPOINTMENT OF PERSON-AL REPRESENTATIVE AND NO-

TICE TO CREDITORS In Re: Estate of Gerald H.

a/k/a Gerald Harry Haller

Notice is given that an Appli-cation for Informal Appointment of Personal Representative was filed with the Registrar. The Registrar accepted the application and appointed Diane J. Haller, whose address is 3540 Bent-Trout Lake Road, Barnum, MN 55707, to serve as the personal representative of the decedent's estate

Any heir or other interest ed person may be entitled to appointment of the personal representative. Any objection to the appointment of the personal representative must be filed with the Court, and any properly filed objection will be heard by the Court after notice is provided to interested persons of the date of hearing on the objection.

Unless objections are filed and unless the Court orders otherwise, the personal representative has the full power to administer the estate, including after thirty (30) days from the issuance of general administra-tion, the power to sell, encumber, lease, or distribute any interest in real estate owned by the decedent.

Notice is further given that, subject to Minn. Stat. § 524.3-801, all creditors having claims against the decedent's estate are required to present the claims to the personal representative or to the Court within four (4) months after the date of this notice or the claims will be barred

A User's Guide to County Financial Statements

The following definitions will help citizens understand the terminology that is used in the county's financial statement Basic Financial Statements

Minnesota County's basic financial statements consist of three parts: government-wide financial statements, fund financial statements, and notes to the financial statements. The management's discussion and analysis and certair budgetary comparison schedules are required to accompany the basic financial statements and, therefore, are includde as required supplementary information. Government-wide financial statements display information about the county's financial reporting entity as a whole,

except for its fiduciary activities. These statements should present separate information for the governmental and business-type activities of the county (primary government), as well as for its component units. Fund financial statements display separate financial information for the county's governmental, proprietary, and

fiduciary funds. Information for governmental and enterprise proprietary funds is presented separately for major funds and the aggregate total for non major funds. Internal services and fiduciary fund information is presented in aggregate by fund type

Notes to the financial statements provides additional information and disclosure for information in the financial statements

Governmental activities are generally activities of the county financed through taxes, intergovernmental revenues, and other non-exchange revenues. These activities are usually reported in governmental funds and internal service funds.

tunds. Business-type activities are county activities financed in whole or in part by fees charged to external parties for goods or service. These activities are usually reported in enterprise funds. Financial reporting entity consists of the primary government (county), organizations for which the county is finan-cially accountable, and other organizations for which the nature and significance of their relationship with the county are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The entry of the county is financial counting entity is financial statements to be misleading or incomplete. nucleus of a county's financial reporting entity is the primary government, the county.

Primary government is a term used in connection with defining the financial reporting entity. The primary govern ment is the focus of the financial reporting entity. For the county, the primary government represents the financial activities, funds, or accounts directly under the control of the county board.

Component unit describes a legally separate organization for which the county board is financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with the county are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

County Governmental Fund Types

The General Fund is the general operating fund of the county. It is used to account for all financial

resources, except those that are required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted specified purposes.

Debt Service Funds are used to account for the accumulation of resources for, and the payment of principal, interest, and related costs of general long-term debt. Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of

major capital facilities.

Permanent Funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs--that is, for the benefit of the government or its citizenry.

County Proprietary Funds

Enterprise Funds are used to report an activity for which a fee is charged to external users for goods or services. Internal Service Funds are used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost reimbursement basis

County Fiduciary Funds

nvestment Trust Funds are used to report governmental external investment pools that are maintained by the county for other entities

Private-Purpose Trust Funds used to report all trust arrangements, other than those properly reported in investment trust funds, under which principal and income benefit individuals, private organizations, or other governments. Agency Funds are used to account for assets held by the county as an agent for individuals, private organizations, other governments, and/or other funds; for example, taxes collected and held by a county for a school district.

Character Classification of County Expenditures The county's governmental expenditures are classified by character or the periods expenditures are presumed to ben-efit. The county has the following character classifications:

Current operating expenditures are presumed to benefit the current fiscal period. Debt services are presumed to benefit prior fiscal periods as well as current and future periods and includes amount expended for the payment of principal, interest, and other costs with debt.

Capital outlays are presumed to benefit current and future fiscal periods and include amounts expended for the construction or acquisition of county capital assets. Intergovernmental represent resources transferred by the county to other governments.

Classification of County Functions

Functions are a group of related activities aimed at accomplishing a major service or regulatory program for which the county is responsible. The county has the following function classifications: The **General Government** function include expenditures for general county activities such as the county commission-

ers, county administration, county attorney's office, county auditor's office, county treasurer's office, county assessor's office, the judicial (excluding the county jail), the planning and zoning office, and other county general service office. Public Safety relates to the objective of protection of persons and property and includes expenditures for corrections activities, operations of the sheriff's department, the county jail, civil defense, and emergency services Highways and Streets includes expenditures relating to the construction and maintenance of county highways and

Sanitation involves expenditures for the removal and disposal of waste and includes county solid waste collection

and disposal, recycling, and sanitary sever programs. Human Services represents activities designed to provide public assistance and institutional care for individuals unable to provide essential needs for themselves. These programs include child support collection, child welfare,

chemical dependency, medical assistance, and others. Health involves all activities involved in the conservation and improvement of public health. This function include expenditures for the county public health department, home health aid services, other nursing services, maternal and child health, supplemental nutrition programs, and programs to protect public and private water systems. Culture and Recreation involves cultural and recreational activities maintained for the benefit of county residents

and visitors. These activities include county libraries, parks, and other recreation programs.

Conservation involves activities designed to conserve and develop such radication programs, and others and includes such programs as soil and water conservation, county extension, water planning, and other. Economic Development activities are directed toward economically developing the area encompassed by the county and providing assistance to, and opportunity for, economically disadvantaged persons or businesses.

Sturgeon Lake Lions help Moose Lake Food Shelf

Darrel Morrisey from the Sturgeon Lake Area Lions Club, presented Moose Lake Food Shelf's Pam Zimmerman with a considerable donation. The Food Shelf greatly appreciates all the support the Lions Club has provided over the years.

We will have a temporary full time editorial assistant position open in our Pine City office while a person is out on a leave of absence. This person will work with the Pine City Pioneer editor to produce and design the weekly newspaper. They will also format legal notices for 5 newspapers, obituaries and other news. Must be very detail oriented and good with computers.

Proficiency in InDesign and Photoshop is desired.

Please send resume to Jeff Andres, Group Publisher, 930 Cleveland St S, Cambridge, MN 55008 or email jeff@northstarmedia.net.

MOOSE RUN: Everyone is a winner

CONTINUED FROM PAGE 2

event which drew 200-300 participants from near and far. Eventually, a Kid's Run was added. Because the Moose Run was held on the first Saturday in May, it became the unofficial kick-off event for the busy summer season in Moose Lake.

Last year, 2020, the Moose Run was canceled due to COVID-19 restrictions. Instead, the Moose Run raised funds to purchase "Heroes Work Here" banners and window cling. A total of eleven large banners and six large window clings were hung in Willow River, Moose Lake, and Barnum to acknowledge and thank the front line workers who were helping so many during the ongoing pandemic. The Moose Run donated an additional \$1,120 to the Moose Lake Area Food Shelf and the United Way of Carlton County. The Moose Run always donates its annual profits to local charities and non-profits.

The Moose Run organizers hope to get back to normal next summer. In the meantime, they are hoping for an enthusiastic response from people near and far who want to be active, have fun, and support some local businesses at virtually no cost. Spend \$20; get \$20! In this year's Moose Run, everyone is a winner!

Legacy of Excellence

On April 6, 2021, the congregation of Hope Lutheran Church, Moose Lake present a check in the amount of \$1000 to the Legacy of Excellence program at Moose Lake School. The first priority of this program is to make sure all students have the tools they need to learn and grow. Pictured above is Kendra Metz, Legacy President, Ernie Muller, Chairperson of the Hope Lutheran Church Endowment Committee, and Pastor Matthew Cordes.

We're engaging with Minnesota Tribes and creating opportunities for their citizens and communities to benefit.

How are Tribes being involved in this project?

At Enbridge, we are proud of our relationships with Indigenous communities, and see them as mutually beneficial—economically, socially and culturally. Our Line 3 replacement marks an unprecedented level of Tribal engagement, inclusion and economic participation. As part of the Line 3 replacement, we've committed \$100 million for Tribal-affiliated work opportunities, and we're engaging with Minnesota Tribes on training, contracting, procurement and hiring.

A Tribal-led Cultural Resources Survey was completed along the project route. With representatives of nine Tribes doing direct survey work, and more than 30 Tribes involved via government-to-government consultation with the U.S. Army Corps of Engineers, this has been the largest such survey ever attempted in the energy industry.

Most importantly, we've been listening. From the start, we respected the wishes of the Leech Lake Band of Ojibwe to route the new Line 3 around their reservation. We've also signed a 20-year easement renewal with the Fond du Lac Band and made further route changes.

Learn more at enbridge.com/tribalinclusion.
