

OUTDOOR SUMMER FUN: Learn about Moose Lake City ATV routes. **P7**

JAMIE LUND | HINCKLEYNEWS

One of two groups of 15 kids stand distanced from each other around microphones singing at County Seat Theater Company. They are rehearsing for a filmed production of the musical "When Silents was Golden."

History, mystery and fun abound

BY JAMIE LUND
NEWS@HINCKLEYNEWS.COM

Ghosts and mystery of a bygone era swirl together to save an aging building full of history from another time.

A group of 15 kids are distanced from each other as they stand around microphones singing in the empty theater on Wednesday, June 30. Props and costumes are

strewn around, ready to be put into place. Several kids have a face mask dangling from one ear as they sing. Long time director Joel Soukkala sits to the side of the students and reminds them to not talk before he stops recording the song.

The County Seat Theater Company in Cloquet offers youth the opportunity to try the performing arts. The

young performers come from as far away as Pine City. This summer there are several from the Barnum area, said Soukkala. He explained that 30 young performers ages 6-16 will take to the stage each week as they learn the ins and outs of movie making under the direction of himself and Regina Roemhildt.

"After having to cancel our youth programs last year due

to COVID-19, it's great to have our youth back on stage," said Soukkala.

The theater continues taking safety measures into consideration for the annual children's theater. In a normal year, 40 plus children participate each week for full day rehearsals before putting on a live show. This year the

Highway 27 resurfacing in Carlton County starts July 12

MINNESOTA DEPARTMENT OF TRANSPORTATION

Construction on Hwy 27 in Carlton and Aitkin counties will begin on July 12. A detour west of Moose Lake on Cty Rd 12 to Hwy 73 will be in effect starting on July 12 until August 7. Only local traffic will be able to access the closure area. Motorists should also expect one lane flagging operations in other areas in the work zone.

Project work includes pavement resurfacing and culvert repairs and will last until September 2021.

Important reminders for motorists regarding work zone safety:

- Slow down when approaching every work zone, then navigate through with caution.
- Stay alert; work zones constantly change.
- Watch for workers and equipment.
- Obey posted speed limits. Fine for a violation in a work zone is \$300.
- Minimize distractions behind the wheel.

United Methodist Church celebrates century of service

BY ALANEA WHITE
EDITOR@MLSTARGAZETTE.COM

July 11, 1920 the doors of the United Methodist Church in Moose Lake opened for the first time. One hundred years later on July 11, a pandemic had their doors closed for the safety of their community.

This year UMC Moose Lake is together for their anniversary, but the official celebration of their 100 years in the community has canceled.

Built in 1891 the first church in Moose Lake was a place of worship built and opened to provide a place of worship for the residents of the area without restriction as to faith. This building was known as The McCabe Memorial Church.

Cornelius McCabe, a community member in Moose Lake, was so concerned about the lack of a place of worship that he donated a plot of land and paid for much of the cost of construction on the McCabe Memorial Church.

In 1918, The McCabe Memorial Church building was lost in the fire. In 1919 construction began on the current building

that houses the United Methodist Church in Moose Lake. The church was loaned \$10,000 in 1919 to construct the building, by 1921 the loan balance was only \$650.

At the time of its construction, the building was the largest Methodist church between St. Paul and Duluth.

An all day celebration was held on July 11, 1920. The principal speaker at this day of events was, Rev. Dr. Chas. M. Pace, pastor of First M. E. Church in Duluth. According to newspaper reports at the time, "He made it plain that in the church there is room for all kinds of folks, of all ages, talents, and gifts and the thing that Christ requires of each member is that he find or make a place for himself and fill it to the utmost of his ability."

Remodeling and an addition were added to the building in 1956. Denham and Windemere Methodist Churches both transferred their memberships to the Moose Lake Church. Denham joined with Moose Lake in 1987 and Windemere in 1967.

LIFETIME MEMBERS OF UMC SHARE THEIR HOPES

Moose Lake United Methodist Church will be 101 years old on July 11, 2021.

We asked lifetime members what their future hopes are for their church.

Clayton Ohlin has been a member of the church for 70 years. He hopes that the UMC will be able "to continue ministry in moose lake and grow just like any other church hopes to."

Nancy Forse has been a member of the Moose Lake UMC all her life "it is the only church I have ever known," she said. "I hope we continue to be a good church like we always have been. We may be small, but have done a lot of good things in the community that people look forward to in the community. We continue to strive and hopefully will be able to hang in there."

Ernie Olson has been a member since 1949. He and his wife Verna May Olson have been married for 64 years and members of UMC for that time. For the Olson's their church family is close and dedicated, but aging. "It is a shame that there aren't more people there, says Olson. "When you go there is nobody to replace you. It is hard to get young people to stay."

ALANEA WHITE | MOOSE LAKE STAR-GAZETTE

Moose Lake United Methodist Church holds services on July 4, 2021. The UMC will have been in Moose Lake for 101 years on July 11, 2021.

THEATER: County Seat Theater adapts to COVID-19 changes for children's theater

CONTINUED FROM PAGE 1

camp was modified to a group of 15 students in the morning and another group of 15 in the afternoon. Soukkala said it's a little quieter with the smaller groups, but it also allows the directors to spend more time with the kids to help them improve.

Anna Pettit, 10, said she enjoys the camp. She has been in many plays over the last few years including, Joust and Captain Underpants as well as a Christmas play in her hometown of Barnum. Her main character is Professor Ferrell, who saves the day in the play, according to Soukkala.

"It's fun," said Pettit. "You can role play and it can make you a better singer."

The students will be performing the musical,

"When Silents Was Golden". The play is a tribute to the early years of movie making. When a building owner and realtor discuss plans to convert a former silent movie studio building into a commercial space, the ghostly appearances of several star actors reveal themselves, according to the play website. As prospective renters inspect the building, they are frightened away by the ghosts who assume the filming of scenes of silent movies from the past. The musical selections in the play accompanying each scene are representative of what occurred on silent film sets.

First, the students practice the songs and when they are ready the songs are recorded. Next, videographer Ryan Green shoots all of the scenes on Friday and ed-

its the show into a movie featuring old black and white silent movie style musical numbers, said Soukkala. The cast is edited together during the final number to appear as if all 30 students are onstage together.

There are no live performances, however families and patrons may view the performance On Demand during the week following the camp. The final week of camp is July 12-16. Tickets can be purchased by visiting the County Seat Theater website www.countyseat-theater.com. Tickets are \$12 for unlimited views for the week.

Soukkala said he hopes to have the audience back in person by fall, but will improvise until then. He said the theater lost over \$50,000 in revenue due to the pandemic, but was able to stay open thanks

to patron donations, grants and COVID-19 relief programs.

Join the County Seat Theater Parking Lot Players on the second Thursday of every month for an hour of original pieces, radio shows, music, art and ice cream.

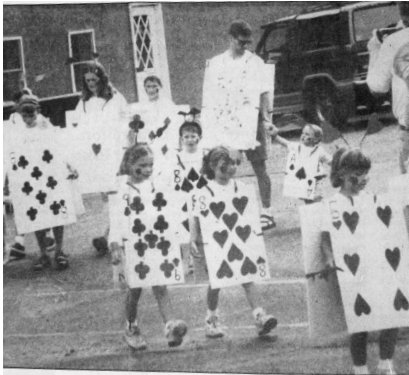

"Last year we were forced to perform outside," said Soukkala. "This year we are doing it just because we had so much fun." The next show is 7 p.m. Thursday, July 8. Seating will be available or you can bring your own lawn chair. There will be a few parking spots available as well. Call the theater to reserve a spot at 218-878-0071. A suggested donation of \$5 per person or \$20 per car load is appreciated.

DNR considers requests for negotiated metallic mineral leases

MINNESOTA DEPARTMENT OF
NATURAL RESOURCES

The Minnesota Department of Natural Resources (DNR) has received new requests for negotiated nonferrous metallic minerals leases from Kennecott Exploration Company (Kennecott) and from Vermillion Gold, Inc. (Vermillion). Both companies have been actively exploring for nonferrous minerals for a number of years.

Kennecott already holds a number of state metallic mineral leases in Aitkin and Carlton counties and has requested to add one 40-acre parcel to an existing lease in Aitkin County. Vermillion also holds state metallic mineral leases in Itasca and St. Louis counties. Vermillion's current request seeks three additional leases covering 866 acres in St. Louis County.

The DNR has posted information on its website about these new negotiated lease requests, including interactive web maps and details for public

input opportunities.

LEASING STATE LANDS AND MINERALS IN MINNESOTA

Minnesota Statutes, section 93.15, authorizes the DNR to determine which state-owned lands and minerals are available for lease. A state nonferrous metallic mineral lease gives exploration companies like Kennecott and Vermillion authority to explore for deposits of minerals like copper, nickel, platinum, palladium, gold, silver, and cobalt.

Before offering state lands and minerals for lease, the DNR collects extensive data on land uses and environmental features. This critical study of the land helps DNR determine whether to offer specific locations for lease and set special conditions the company must follow during exploration to protect Minnesota's natural environment. For each lease request, the DNR carefully considers the presence of surrounding trout streams, wild rice waters, state trails and

recreation sites, endangered species, native plant communities and other resources. Areas like the Boundary Waters Canoe Area Wilderness and the Mississippi River headwaters corridor are not available for lease.

PUBLIC INPUT IS CRITICAL TO THE DNR'S DECISION

The DNR is seeking public input before we determine whether to negotiate with the two companies and present proposed leases to the State Executive Council for approval. All interested parties, including local governments, tribal nations, and landowners, are encouraged to review interactive web maps and data of the areas requested for lease. Written input about each company's lease request will be accepted from July 2, 2021 through 4:30 p.m. on August 1, 2021.

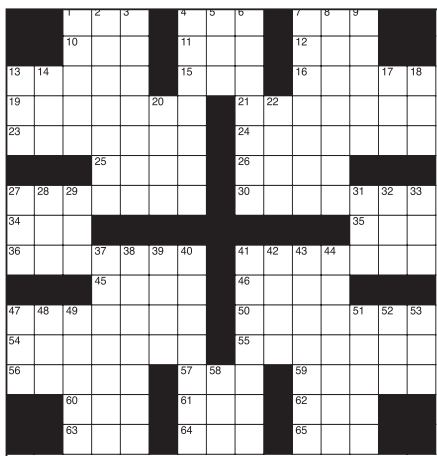

Mail: Minnesota DNR Division of Lands and Minerals
Attention: Negotiated Metallic Mineral Leases
500 Lafayette Road,
St. Paul, MN 55155-4045

Email: MMLeaseSale.dnr@state.mn.us

THE STATE EXECUTIVE COUNCIL APPROVAL OF NEGOTIATED LEASES

Under Minnesota law, the State Executive Council – the Governor, Lieutenant Governor, Secretary of State, State Auditor, and Minnesota Attorney General – must approve all state metallic minerals leases, including negotiated leases, before DNR can issue them.

Following consideration of any public input, the DNR will make a final decision about whether to negotiate with the two companies and present proposed leases to the Executive Council. The State Executive Council's next meeting on August 25, 2021 is open to the public. It is possible that Kennecott's and Vermillion's lease requests will be considered by the State Executive Council at that meeting, if the DNR decides to recommend them to the Council.

Drugs, cash seized after bust near Hinckley

STAFF REPORT
NEWS@PINECOUNTYNEWS.COM

Pine County law enforcement has seized significant amounts of fentanyl, methamphetamine and cash after capturing the parties allegedly involved in an illegal drug deal near Hinckley.

The Pine County Sheriff's

Office reports that on June 26, deputies received a tip that an illegal drug sale would soon be taking place in the Hinckley area.

Through surveillance efforts, deputies were able to confirm the reported activity, and noted the vehicles involved in the alleged transaction.

Deputies allowed those

vehicles to leave the immediate area, but both were stopped on Interstate 35 as they traveled opposite directions.

According to the sheriff's office, the vehicle that traveled northbound was stopped by Pine County Deputy Mishler. This stop resulted in the recovery of 466 grams of suspected methamphetamine and 63

grams of suspected fentanyl.

The vehicle that was returning south was stopped by Pine County Deputy Waddle and \$35,805 in cash was seized as a result of this stop.

Mekiel Moore, of Brooklyn Park, was arrested and has been charged with one count of first degree drug sales. Aaron Lee, of Duluth, was arrested

and charged with two felony drug possession charges.

In a statement on their Facebook page, the Pine County Sheriff's Office wrote that they thank everyone involved in this investigation, and noted: "The effect these drugs have on our communities is devastating."

Hofstad, Mikrot reappointed to regional revolving loan fund

John Mikrot, Jr., has recently been reappointed to the East Central Regional Development Commission (ECRDC) Revolving Loan Fund (RLF) Board of Directors representing Pine County. The ECRDC RLF provides gap financing to small businesses in Chisago, Isanti, Kanabec, Mille Lacs & Pine Counties.

Hofstad, on the left, the Managing Partner at the firm of Ledin and Hofstad in Pine City, has more than 35 years of legal experience in East Central Minnesota. He is a graduate of St. Olaf College and holds a J.D. from the University of North Dakota School of Law. He has served on numerous boards of directors, including the East Central Arts Council, Pine City Country Club, a parochial school parents' association, Ducks Unlimited, Pheasants Forever, and the Pine Technical College Foundation. He was also recognized by the Minnesota Law and Politics magazine as a Super Lawyer.

Mikrot, on the right, of Willow River, has served as a Pine County Commissioner and is a past member of the East Central Regional Development Commission.

The ECRDC is a public agency whose board members are represented by officials appointed by county boards, townships, municipalities, school boards and citizens at large from Chisago, Isanti, Kanabec, Mille Lacs and Pine Counties. For more information on the RLF other small business services, please contact the ECRDC at (320) 679-4065 #29.

Serendipity

Last month I was lucky enough to be able to head to Washington D.C. for a week long walking tour of the sites.

A few weeks prior to my trip I was lucky enough to have a unique story for Memorial Day arrive at my office. Dan and Linda Kaspszak were kind enough to share the story of Linda's brother with me.

A Millennial Mile
Alanea White

Kenneth Westerberg was a Vietnam Veteran who died in service to our country. I wrote an article about Kenny's service to his country and how the Barnum American Legion Post is named after him. Dan and Linda shared Kenny's story with me and you.

While working on the story about Kenny I used the Virtual Vietnam War Memorial website, and Dan and Linda had included information from the site as well.

While shuffling around the National Mall in D.C. I thought I would take a chance and see if I could find Kenny on the Vietnam War Memorial. I pulled up the article I had written on my phone, and found the panel and line number where his name was supposed to be.

Walking down The Wall I saw a Park Ranger carefully cataloging and collecting items that had been left behind as mementos for those on the memorial. Wandering a bit further I walked into a tour group where a volunteer was explaining how the wall was constructed and how names were added to the panels.

Directly behind this volunteer was the panel I needed! After waiting patiently for the group she was talking to to disperse I stood off to the side, after noticing me she asked if I needed help finding someone, so I explained about the story and who I was looking for. She was kind enough to help me count the lines and right there, directly behind where she was standing moments before was Kenneth G. Westerberg.

I snapped a quick photo and am looking forward to sharing it with Dan and Linda this week.

The experience of being able to find someone on The Wall and to share that with his family definitely added something special to an already once in a life time trip.

LETTER TO THE EDITOR

God Bless America.

To the editor,

My husband and I attended the patriotic parade. As we entered the town, flags were flown throughout, people dressed mirroring our American red, white, and blue, and all the parade floats were patriotic. We felt a "reassurance" by all those in attendance were supporting our American liberties! What a beautiful celebration. Thank you Moose Lake for demonstrating the importance of who we are as a country. God Bless America.

Mind over Bladder: The Case Against "Just in Case."

It starts off with a few "just in case" trips to the bathroom, maybe before you sit down for a meeting at work, before you get

Movement Motivation
Allyson Loupe

into the car for a long ride, before the movie starts. Over time, it happens a little more; "I'm near the bathroom, I'll just go in-case." Eventually, it becomes more consistent, and your bladder begins to run the show. Before you know it, you're feeling urinary urgency or peeing every hour, every

30 mins, every 20 mins; even though you just urinated not that long ago.

As you can see, "just in case" trips to the bathroom can cause abnormal urgency and frequency. It is process that happens slowly over the course of time. Constantly peeing "just in case" will train your bladder to think it is full

when it is not. The stretch receptors send signals to your brain at lower and lower thresholds, eventually creating the urge to urinate more frequently. You may not even realize you have a problem, or that it has become abnormal. "I have a small bladder" you might say. But is your bladder really suddenly smaller than the average person, or has its threshold changed? The best way to know what abnormal is, is to first learn what is normal. The average adult bladder capacity is about 600mL (20 oz) but a typical adult voids when the bladder fills to about 300-400mL (10-13oz). At this rate, with adequate hydration, the average adult should urinate between 5-8x per day or every 2-4 hours. It is not normal to wake up to urinate at night on a regular basis, unless you are 65 years or older and then it may be common to urinate 1x per night some nights. If you are urinating more frequently or have abnormally strong urgency, this is a sign that your bladder is not functioning optimally.

Next it is valuable to ask your-

self, why are you going to the bathroom "just in case?" Is it just a habit, out of convenience, because of your work schedule, or because you are trying to "prevent" urinary leakage due to incontinence? Then you can challenge yourself to retrain your brain and bladder to communicate better, hopefully leading to less unnecessary trips to the bathroom. Re-training your body may include intentionally avoiding "just in case" trips to the bathroom, logging your bathroom habits to see what your schedule looks like, being adequately hydrated, and being mindful of urinary urgency. When you have an abnormally strong urge to urinate, remember: "mind over bladder." It is helpful to remain calm, take deep breaths, walk slowly to the bathroom, refrain from unbuttoning your pants until you are next to the toilet, and slowly sit all the way down before voiding. It may be extremely difficult to slow down this process at first, but with

LETTER GUIDELINES

The Star Gazette welcomes letters to the editor. Letters may be emailed to editor@mlstargazette.com mailed to Moose Lake Star Gazette P.O. Box 449, Moose Lake, MN 55767.

Letters should be typed or legibly handwritten and of no more than 250 words in length (longer letters may be edited).

To be considered for publication, all letters must be signed and include hometown and contact information for verification

purposes. Only names and hometowns will be published. Letters are published at the discretion of the editor and may be edited. Only rebuttals to previously run election-related letters will be considered for publication the week before elections. This policy also applies to endorsement of political candidates.

ELECTION/POLITICAL LETTERS

Election letters endorsing or advocating

for or against a ballot measure, party or candidate will be considered paid advertising announcements. The fee is \$25 for the first 250 words, and \$0.10 per word after that. The Star Gazette has the right to reject letters which don't meet publishing standards and will determine if the letter qualifies as a paid endorsement. Paid letters will be identified with a label and may or may not appear on the opinion/letters page.

WRIGHT CROMWELL NEWS: 'Don't worry Grandma, it will show up!'

BY JENNIE K. HANSON

JKH4PRESIDENT@HOTMAIL.COM

Two weeks ago, I lost or thought I lost my checkbook. I tried to backtrack my steps, looked in every possible place I could think of, in the cars, in couch cushions, under the beds, in my purse, in any carrying cases I use from time to time, but no luck. I kept checking my accounts at the bank and there wasn't any suspicious activity, so I knew I must have the checkbook somewhere! Well, surprise, surprise, on July 1, as I was looking for something else in the back zippered pocket of my fanny pack, there it was under a few face masks that I have kept there this past year! I know I checked that pocket several times, but because it was wrapped under the face masks, it just didn't appear until I wasn't really looking for it. So, I guess it's true as my granddaughter always told me when ever I misplaced something: "Don't worry Grandma, it'll show up!"

Our sympathy to the family of Marjorie LeVesseur, 91, of Hutchinson, who died on July 3, 2021. She was the only sister of Walter and Darrel Johnson from Wright and Tamarack

Yoga will be at the Cromwell Pavilion on Mondays, July 5, 12, 19, and 26. 11:00 am-12:00 noon, Gear provided. Questions call Ann Markusen, 218-428-3300.

Wrong Days is scheduled for July 16, 17, and 18 at the Wright Park in Wright, Minn. Vendors and more volunteers are also welcome just call Linda at 218-380-8987. Spaces are available first come first served. See posters and the full-page ad in the Voyageur Press for a detailed list of activities. There have been a few changes, so please check out the information in the paper.

The Parade on Saturday at 10:30 a.m. starts at the Groth Lumber area. Set up at 9:30 a.m. call Rick at 952-215-1973. This year's Grand Marshals are Jake Kachinske and Jennie K. Hanson - Long time volunteers with Wrong Days.

The Wrong Days Buttons are available at the Co-op Store, Kalli's Place in Wright and with Minnetie at Tamarack.

Wrong Days is looking for volunteers to go around and ask for donations for the button drawings on Saturday after the parade. There will be many prizes if we can get folks to go out and ask for donations, or if you want

to send me your donations that would be great. 620 Center Rd, Wright, MN 55798. Please let me (Jennie K. Hanson) know if you can help out at by calling me at 218-357-2385 or 808-366-6582. So far, I haven't received any calls, so, come on people, please step up and help make WD's a success!

The Area Clothing Depot did donate \$500.00 to Wrong Days in the form of 10 - \$25 gift certificates to the Co-op Store and \$250 towards the steaks for the steak fry on Friday night. These donations are greatly appreciated.

The Cromwell Area Community Club is once again participating in the Minnesota Sings competition. We will have our area performances as part of Wrong Days in Wright on Friday, July 16th at the Big Top, 7:00 pm. Please contact Ann Markusen at markusen.umn.edu or 218-428-3300 if you'd like to participate or if you can help with our sound system.

Vacation BIBLE School is being planned at Bethany in Cromwell on August 1-4 in the evenings. Call 644-3640 to register your kids or grandkids, etc.

The Villa Vista / Cardinal Court had their first, open to the fully

vaccinated public, event on July 2. They observed the National Bell Ringing Day Ceremony with patriotic songs, the Pledge of Allegiance, readings, and ringing the bells 13 times for each of the 13 original colonies. A Picnic Lunch was provided before the program and cookies and coffee were served after the ceremony. It was so great to have some of the community take part in this very special event.

The Women of Bethlehem are selling tickets for a Quilt Raffle. This beautiful Log Cabin Quilt was made by Bette Deming and you can buy a ticket for a donation of one dollar. There will also be several other prizes for the raffle that will be given out after the Pie Sale on July 16.

The City of Cromwell has some good news to pass on. Mayor Sharon Zelazny let me know that the City was notified that they received a \$177,500 DNR Outdoor Recreation Grant for the Pavilion Park. This has been a collaborated effort by many local clubs and organizations and will bring a lot of enhancements to the park. The work on the park will happen next summer. Further updates will follow.

Another goal of the City was to have the speed limit reduced from 60 miles per hour to 45 miles per hour on Hwy 73 north, past the Villa Vista/Cardinal Courts. MnDot has approved this speed reduction. This will bring increased safety to this area.

A wonderful 10th Annual Glow Run/Walk Fund Raiser was held in memory of Kaleb Anderson on the evening of July 3rd at the Cromwell Park Pavilion! They even had Fireworks at dusk, which is the first time in this century that Cromwell has had Fireworks, if ever! We thank the whole Anderson Family for all their Community involvement and may Kaleb's memory always be held dear!

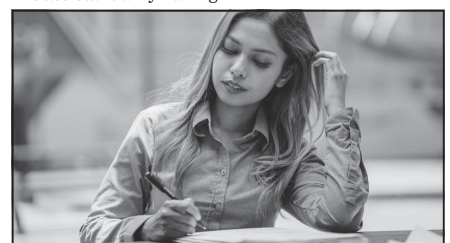

Ray Lally, Blood Drive coordinator, wants to thank everyone who participated in the recent Blood Drive at the Cromwell Pavilion. There were 29 people signed up and 41 showed up, which was really great. Even the folks who set up the drive were very impressed. Also, Ray wants to give a special Thank You to Tom Johnson for his assistance. By having

the blood drive inside the pavilion the donors can be spread out, so it's much easier for everyone.

Don't forget Ruby's Pantry on Thursday, July 8, 9:30 - 11 a.m. Attendance has been down, so there is hardly any waiting to get your shares. Just get in line, pay for your share: \$20.00 each, and the food will be delivered to your vehicle, so no need to get out of your vehicles anymore! Volunteers are welcome though.

The Cromwell Area Young Old Timers, YOT, will meet at Noon on Tuesday, July 14 for a picnic lunch, meeting and a short program. Let's all wear as much Red, White, and Blue as possible to celebrate our country's 245th Independence! - New members are always encouraged to join them.

That's all the news from the Edge of Wright! Remember you can send me your news at jkh4president@hotmail.com or call at 218-357-2385.

OUTDOOR

County officials discuss algae blooms in local lakes

BY JEREMY WILLIAMSON AND
PAUL SWANSON

Blue-green algae (cyanobacteria) have been around for billions of years. Typically blooming during the summer months, they tend to prevail in nutrient rich standing waters. When nutrient concentrations throughout the watershed (and associated runoff) increase, blooms become more frequent and longer sustained as blue-green algae have a tendency to outcompete other phytoplankton groups.

These microscopic organisms are naturally present in Minnesota waterbodies at low levels. When conditions are favorable the number of algae can increase dramatically forming "pea-soup" blooms and scums on the water surface.

Some cyanobacterial species produce toxins that when ingested or inhaled, can cause short- and long-term health effects. Effects range from tingling, burning, numbness, drowsiness, and dermatitis to liver or respiratory failure possibly leading to death.

Not all cyanobacteria produce toxins, but the presence of blue green algae is a marker for a potential hazard. The Minnesota Pollution Control Agency advises that for human and pet safety it is best to stay out during these conditions.

The health of our water resources depends largely on the decisions that landowners make on their properties. When waterfront lots are developed, a shift from native plants and trees to impervious surfaces and lawn often occurs.

Impervious surfaces are defined as hard, man-made surfaces that make it impossible for rain to infiltrate into the ground. Examples of impervious surfaces include rooftops, paved driveways, and concrete patios. By making it impossible for rainwater to infiltrate into the soil, impervious surfaces increase the amount of rainwater that washes over the soil surface and feeds directly into lakes and streams. This rainwater runoff can carry pollutants such as sediment, lawn fertilizers,

which directly contribute to proliferation of blue-green algae blooms.

Lawns in and of themselves are not particularly harmful and can provide an area for families to recreate. However, problems arise when lawns are not properly maintained, over-fertilized, located in areas important to wildlife habitat, or located on steep slopes.

Common lawn species, such as Kentucky bluegrass, are often dependent on chemical fertilizers and require mowing. Excess chemical fertilizers are washed directly into the adjacent water during precipitation events. The phosphorus and other nutrients in fertilizers, which produce lush vegetative growth on land, are the same nutrients which fuel algae blooms and decrease water clarity in a lake. Additionally, since common lawn species have very shallow root systems, when lawns are located on steep slopes, the impacts of erosion can be intensified. Avoiding establishing lawns on steep slopes and at the

water-land interface can provide direct positive impacts on lake water quality.

One of the best practices for a lake property is to allow for a buffer along your lakeshore. The wider the strip, the better, but even a strip just a few feet wide can make a big impact in reducing nutrients running off your lawn and directly into the lake. The taller, grassy and perennial vegetation can slow the water running off your lawn, and give it an opportunity to infiltrate into the soil. If you decide to plant native species, the larger and deeper root systems further increase soil infiltration. Plus, they may be able to utilize and store any excess nutrients from fertilizer. These buffer strips can be comprised of just turf grass you are not mowing, to a mixture of native grasses, sedges, flowering perennials, and shrubs. The more native species and diversity that you include in your buffer, the more effective it will be in stopping runoff from entering the lake.

Above a sample of algae is taken from an area lake.

| SUBMITTED

Flowering plants can help increase the aesthetics of the buffer, as well as create critical pollinator habitat. The deep root systems of the native perennials and shrubs also can help stabilize your shoreline which will reduce erosion and mitigate flooding issues.

Property owners farther from the lakeshore also play a role in slowing the flow of water across the landscape towards lakes and rivers. Installation of rain gardens or rain barrels

to collect roof or runoff as well as the planting of trees all have a cumulative effect on our waterways.

For more information contact the Pine Soil and Water Conservation District at 320-216-4240 or the Pine County Planning & Zoning office at 320-216-4220.

THE AUTHORS: Jeremy Williamson is with the Pine County Planning and Zoning Department, while Paul Swanson is with the Pine Soil and Water Conservation District.

We're engaging with Minnesota Tribes and creating opportunities for their citizens and communities to benefit.

At Enbridge, we are proud of our relationships with Indigenous communities, and see them as mutually beneficial—economically, socially and culturally. Our Line 3 replacement marks an unprecedented level of Tribal engagement, inclusion and economic participation.

As part of the Line 3 replacement, we've committed \$100 million for Tribal-affiliated work opportunities, and we're engaging with Minnesota Tribes on training, contracting, procurement and hiring.

A Tribal-led Cultural Resources Survey was completed along the project route. With representatives of nine Tribes doing direct survey work, and more than 30 Tribes involved via government-to-government consultation with the U.S. Army Corps of Engineers, this has been the largest such survey ever attempted in the energy industry.

Most importantly, we've been listening. From the start, we respected the wishes of the Leech Lake Band of Ojibwe to route the new Line 3 around their reservation. We've also signed a 20-year easement renewal with the Fond du Lac Band and made further route changes.

Learn more at enbridge.com/tribalinclusion.

How are Tribes being involved in this project?

Outdoor recreation in Moose Lake

City of Moose Lake ATV Trail Map

RULES OF OPERATION

- All State Laws apply
- ATV's must yield right of way to all vehicle and pedestrian traffic
- Headlights must be on at all times
- ATV use on designated routes except as allowed by City ordinance #144, Section 2, Sub 1
- Hours of operation in City are 8:00 a.m. to 10:00 p.m.
- ATV's not allowed in City Park (campground only) or playgrounds
- Must have valid drivers license to operate on City routes
- No off road motorcycle shall be operated in the City of Moose Lake

For updated information or questions about ATV operations in the city limits of Moose Lake contact the city of Moose Lake by phone at 218-485-4010 or the Moose Lake Police Department at 218-485-8404.

NEWS BRIEFS

'Fight Like a Girl' returns

The Fight Like a Girl Motorcycle Ride is back for its ninth year on Saturday, July 17, starting with 9 a.m. registration at Kountry Kettle in Bock. This motorcycle ride and community event to raise awareness and funds for ovarian cancer, begins at 11 a.m. and continues to Bailey Ray's Roadhouse in Santiago, Sunrise on Englund Shores in Isanti and Crow's Nest in Mora, before the return trip to Kountry Kettle.

The Fight Like a Girl Motorcycle Rally also includes a bike and classic car show, food and live auction at Kountry Kettle. The community is invited to attend the ride and event for a fee of \$20 per person. All proceeds will be donated to the Minnesota Ovarian Cancer Alliance (MOCA), a Minnesota-based nonprofit organization providing ovarian cancer research, offering support to women and families and educating the public and medical community about this disease. MOCA has provided nearly \$9.6 million dollars to ovarian cancer research dedicated to early detection, better treatments and one day—a cure for this disease. There is currently no test to detect ovarian cancer. The symptoms of bloating, fatigue, trouble eating or feeling full quickly and urinary urgency or frequency mimic other common problems—so awareness is critical.

The Fight Like a Girl Motorcycle Rally was created back in 2012 in honor of Claudette Falk, who has since passed away from ovarian cancer. Falk's friends and family members continue to host the event to celebrate her memory and to raise awareness and critical research funds.

For more information contact Renee Fochs at reneef@scicable.com or call Laura at 320-556-3531 or Elaine at 320-290-7563. For more information on Minnesota Ovarian Cancer Alliance, visit mnovarian.org or contact MOCA's Communications Manager Jody Ambroz McArde at jambroz@mnovarian.org.

Blood shortage continues

The American Red Cross continues to experience a severe blood shortage that is negatively affecting blood product availability across the country. Donors of all blood types—especially type O and those giving platelets—are urged to make an appointment to give now and help ensure hospital shelves are stocked with blood products over the Fourth of July holiday and beyond.

Right now, the Red Cross is working around the clock to provide blood products to hospitals responding to an unusually high number of traumas and emergency room visits, as well as overdoses and resulting transplants. As a result of the blood shortage, some hospitals are being forced to slow the pace of elective surgeries until the blood supply stabilizes, delaying crucial patient care.

In addition, while summer is traditionally a time when blood donations decline, this year is particularly challenging as many Americans receive their vaccinations and resume summer activities after more than a year of limited interactions and travel, leading to lower donor turnout. The need for blood doesn't take a holiday break—patients still depend on lifesaving transfusions.

Donations are needed now to prevent further delays to patient care. Schedule an appointment to give blood now by using the Red Cross Blood Donor App, visiting RedCrossBlood.org, calling 1-800-RED CROSS (1-800-733-2767) or enabling the Blood Donor Skill on any Alexa Echo device.

As a thank-you, all those who come to give July 1-6 will receive a Red Cross embroidered hat by mail, while supplies last. And, donors who come to give July 7-31 will receive a \$10 Amazon.com Gift Card by email, plus a chance to win gas for a year (a \$5,000 value). (Terms and conditions apply; visit rcblood.org/fuel).

In most cases, those who have received a COVID-19 vaccine can donate. However, knowing the name of the manufacturer of the vaccine they received is important in deter-

mining donation eligibility.

Rule change could reduce license suspensions

Minnesota News Connection (www.newsservice.org) reports that Minnesota is poised to prohibit drivers' licenses from being suspended when a person fails to pay a traffic ticket or appear in court for a violation. Backers say the change will prevent lower-income people from being trapped in a cycle that limits their ability to work—from making the difficult choice of driving when they shouldn't, or taking a risk to maintain their income.

Catherine Johnson of the Inter-County Community Council said in rural areas, a license suspension can be especially problematic.

"Most folks don't often work in the same community that they live," Johnson said. "And so, having a suspended driver's license just enables them to not get to their job."

The proposal saw bipartisan support in the Legislature, and also has the backing of a number of legal groups, including the Minnesota County Attorneys Association and Minnesota State Bar Association.

New law modifies tax-forfeited land sales

A new law extends protections for property in foreclosure in current law to tax-forfeited property, common interest communities and contracts for deed.

Effective July 1, 2021, the Department of Revenue must issue a quitclaim deed to the record owner upon receipt of the certification of the county auditor after tax-forfeited land has been sold.

The deed must state the record owner's estate as grantee if a tax-forfeited sale is made to a personal representative, heir or devisee, and the owner is deceased at the time of the redemption period or certification.

A state deed must also name the assignee as the grantee if the owner at the time of the expiration of the redemption period assigns an installment

contract to repurchase and the assignment is registered or recorded.

The law requires a quitclaim deed subject to an installment contract be sent to the county auditor, who must record it before forwarding it to the grantee. Failure to make an installment payment will constitute default, making the sale subject to cancellation.

Unemployment impacts MNsure coverage

Minnesotans who received unemployment income for at least one week in 2021 may be eligible to enroll through MNsure for extremely low-cost health insurance. If you qualify for this benefit, you may be able to find a plan through MNsure with a \$0 per month premium cost.

Minnesotans who qualify for the unemployment income benefit through MNsure and enroll in a silver level plan will see greatly reduced out-of-pocket costs for in-network services. To learn more, visit <https://bit.ly/2Ud1HQh> or call 855-366-7873.

July is 'Hire a Veteran Month' in Minnesota

More than 300,000 U.S. military veterans call Minnesota home and more than half of them are of working age. Unfortunately, veterans returning from recent military deployments face higher unemployment and more challenges entering the civilian workforce and advancing in their careers. To help raise awareness about the resources available for veterans and their spouses, as well as the many benefits of employing current and former U.S. military members, Governor Walz has proclaimed July 2021 as Hire a Veteran Month.

Current and former U.S. military members interested in learning about Veterans Employment Services available to them, as well as employers interested in finding out more about the benefits of hiring veterans, are encouraged to view the resources at CareerForceMN.com/Veterans.

Minnesota reaches 200 traffic deaths

Preliminary figures from the Minnesota Department of Public Safety Office of Traffic Safety show 202 people have died on Minnesota roads since Jan. 1, compared to 148 last year at this time.

The state reported its 200th traffic death (preliminary) on July 1. This is the earliest date the state reached 200 traffic fatalities since 2009.

For the first 202 traffic fatalities, preliminary information shows:

- 80 speed-related deaths compared with 49 this time last year.
- 45 alcohol-related deaths compared with 60 this time last year.
- 5 distracted-related deaths compared with 9 this time last year.
- 46 unbelted motorist deaths compared with 37 this time last year.

"Exactly halfway through 2021, and I'm at a loss for words. What is it going to take for drivers to understand the importance of driving smart?" asked Mike Hanson, Office of Traffic Safety director. "Two hundred traffic fatalities by July 1 is just unacceptable. You're at much greater risk of planning a funeral now than in the past because of what's happening on our roads. We all need to drive smart to help protect each other while out on the roads."

Masks not needed in court facilities

The Minnesota Judicial Branch has announced that face coverings are no longer be required in court facilities effective July 6.

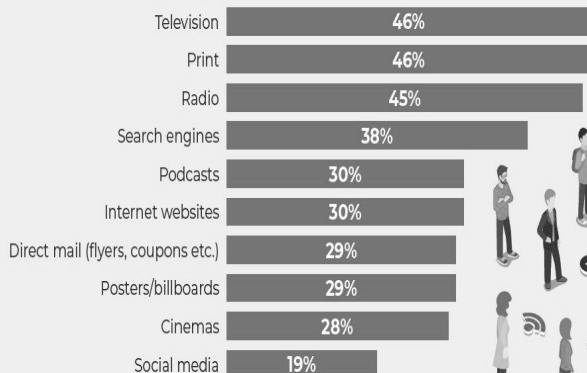

"As the pandemic's impact on Minnesota continues to recede, so too will some of the health and safety protocols that were in place in our district and appellate courts," said Chief Justice Lorie S. Gildea.

Judges, employees, and courthouse visitors will still be allowed to wear face coverings in court facilities if they choose to do so, although judges may direct people to remove face coverings as necessary to conduct court hearings.

Which Types of Ads do People Trust?

Based on a survey of 18,929 adults across 17 markets

How trustworthy, if at all, do you consider advertising to be in each of the following types of media?
(% of U.S. adults who say somewhat trustworthy or very trustworthy)

PUBLIC NOTICES

JULY 8, 2021

www.MLStarGazette.com

MOOSE LAKE STAR GAZETTE 9

State of Minnesota

County of Carlton County

NOTICE OF EXPIRATION OF REDEMPTION

Kevin DeVriendt
County Auditor/Treasurer

TO: ALL PERSONS WITH LEGAL INTEREST IN THE PARCEL OF REAL PROPERTY DESCRIBED IN THE FOLLOWING NOTICE.

You are herby notified that the parcels of real property described below and located in Carlton County, Minnesota, are subject to forfeiture to the State of Minnesota because of the neglect property taxes, special assessments, penalties, interest, and costs levied on those parcels. The time for redemption from forfeiture expires if a redemption is not made by the later of (1) 60 days after service of this notice on all persons having interest in the parcels or (2) October 4, 2021.

The following information is listed below: the names of the property owners, taxpayers, and interested parties who have filed their addresses under M.S. 278.041; the addresses of the parties at the election of the county auditor; the legal description and parcel identification number of each parcel; and the amount necessary to redeem a parcel as of the date listed below.

STATE OF MINNESOTA COUNTY OF CARLTON

DISTRICT COURT SIXTH JUDICIAL DISTRICT Court File No. 09-JV-21-36 SUMMONS

IN RE THE CHILDREN OF:

Carmen Renee Martineau, and
Standing Bear Fohrenkam, SR,
TO: Carmen Renee Martineau DOB
08/27/1988; and Standing Bear Fohrenkam,
SR, DOB 04/30/1987.

A Transfer of Custody Petition was filed with the Court on May 7, 2021, alleging Transfer of Permanent Legal and Physical Custody. The Court has set an Adm/Deny Permanency Petition Hearing on August 17, 2021, at 9:00 a.m., as the date and time at the Courthouse in Carlton, Minnesota, as the place, for a hearing to be held in the above-entitled matter.

YOU ARE HEREBY SUMMONED AND REQUIRED to appear before this Court on that date at said hearing.

PLEASE TAKE NOTICE: That the hearing will be held for the purpose of determining whether the child(ren) is/are in need of protection or services in accordance with Minnesota law.

Failure to appear may result in a finding of contempt of the Court's order to appear or the issuance of a warrant for the arrest of that person summoned or both.

Failure to appear may also result in the Court conducting the hearing in your absence and the hearing may result in an order granting the relief requested in the petition including an order to terminate your parental rights to the child(ren) or an order transferring legal and physical rights of your child(ren) to another adult.

If the Court finds that grounds exist for the petitions, the Court could determine that the child(ren) is/are in need of protection or services and then order any services or other conditions deemed necessary to correct the conditions that lead to the child(ren) protection finding.

These services and conditions could include but are not limited to foster care, transfer of custody or termination of parental rights.

In connection with these proceedings, you have the following rights: 1) To be represented by a lawyer at all stages of the proceedings. If you cannot afford a lawyer, you are entitled to have a lawyer appointed for you at county expense. 2) To introduce evidence at the hearing. 3) To cross examine witnesses testifying against the child(ren). 4) To inspect any report filed with the Court, and if it is admitted in evidence, to cross examine the preparer of such report. 5) To obtain a transcript of the proceedings, if you request that they be recorded. 6) To appeal decisions of the juvenile court. 7) To have subpoenas issued by the court on your behalf requiring the attendance and testimony of witnesses. The child(ren) has/have the same rights in connection with the proceedings that you do except that a lawyer will automatically be appointed by the court to represent the child(ren), without regard to whether the child(ren) and parents can afford to retain a lawyer.

If you desire to retain a lawyer, you should do so immediately, so you will be ready at the hearing. If you desire to be represented by a lawyer, but cannot afford the cost, you must immediately notify the court that you want an appointed lawyer.

LEGAL ADVERTISEMENT

Notice is hereby given that the Carlton County Board of Adjustment will conduct a Public Hearing on Tuesday, July 20, 2021, at 7:00 p.m. in the **Carlton County Transportation Building at 1630 County Road 61, Carlton, MN**, for the purpose of considering the Variance Permits listed below.

Variance #321015 John and Cheryl Kop Part of the Northeast ¼ of the Northeast ¼ in Section 25, Township 46 North, Range 20 West in Silver Township. The property address is 4511 Hagfors Road (PIN 66-016-4200).

Nature of Request: Subdivide a 30-acre parcel without having two sites available for Type 1 Sewage Treatment Systems.

Variance #321016 Gregory Eklund Lots 11, 12 and 13, Block 1 of Lac La Belle Homesites in Section 36, Township 48 North, Range 17 West on Lac La Belle in Twin Lakes Township. The property address is 2336 Lac La Belle Road (PIN 81-264-0220, 0240 and 0260).

Nature of Request: Construct an attached garage on a nonconforming dwelling. The dwelling is considered nonconforming as it does not meet the setback from the ordinary high water level.

Variance #321017 Thomas and Kari Roles

Part of Government Lot 6 in Section 33, Township 49 North, Range 20 West on Upper Island Lake in Red Clover Township. The property address is 5578 North Point Drive (PIN 96-010-5265).

Nature of Request: Subdivide a 4-acre parcel without having two sites available for Type 1 Sewage Treatment Systems. The request includes processing the application for subdivision as an Administrative Subdivision.

BY THE MOTION OF THE CARLTON COUNTY BOARD OF ADJUSTMENT

[SUBMITTED]

Then and now: Moose Lake celebrates Independence Day with a parade

The photo on the top left had side of the page was provided by Grace Eckman Mapes. It is of American Legion Post #379 on a Fourth of July parade float in the 1920's. Harry Eckman and other veterans ride on a wagon.

The photo on the top right is of a "goose parade" on Moosehead Lake along Arrowhead Lane in 2020, there was no "people" parade due to COVID-19.

On July 3, 2021 the annual Kiddie Parade in Moose Lake began at H&R Block and ended at Hope Lutheran Church. Many community members were present to cheer on the young participants.

On July 4, 2021 Moose Lake hosted a parade with the theme "Together, we can." Many of the participants included musical selections to match the theme of the day, including the group above on the bottom right. They took the theme to another level by including a dance, "Together, we can-can."

ALANEA WHITE | MOOSE LAKE STAR-GAZETTE

Together, we can...celebrate Independence Day

Moose Lake community members celebrated the Fourth of July with many area events. The Kiddie Parade was held on July 3, while a Cornhole Tournament, bouncy castles, live music, bingo, a flea and farmer's market, and a parade with the theme "Together, we can" were all held on July, 4, 2021. The photos above are just a few examples of the happiness to be together that was seen in Moose Lake those days.
