Explaining the prophecies and the scriptures to all who desire to hear them. (Mosiah 27:35-36)

A great book on womanhood

By Rob • July 05, 2020

I read this book the other day. I recommend it. It was written way back in the 1960s.

SHARE

The principles in the book are not perfect, and if it were rewritten today it would need to include a lot that isn't said here.

However, it is the best book about womanhood that I know of [1]. If women lived according to what is in the book, the world would be a much better place.

You should read it and share it with the ladies you have access to, especially if you are a woman, and especially if you have daughters.

We live in a time where everyone is in a boat without lifejackets. The boat is sinking, and we are going to find out who can swim. Teach the women in your life to swim by teaching them

women

principles that lead to happiness.

[1] - Note I did not say "outside the scriptures."

The scriptures teach a man how to be a good man, and teach a person how to be a good person. They do not teach a woman how to be a good woman. Once someone asked me why there aren't really any positive stories about women in the scriptures. Nature and biology teach women everything they need to know about how to be a good woman. It is very simple to be a good woman. When men are doing what they are meant to do, how to be a good woman is very obvious and the consequences of deviating from that are enormous and obvious. Unfortunately, men have done an atrocious, unforgivably bad job at doing what they need to do for generations. It takes much more effort to

tear down false traditions than it does to teach true principles to a virgin mind. That's why a book is now needed (at least) where nothing extra was needed before. It was a book that was needed in the 60s. Now it will take much more than that (see Isaiah 3-4).
