On Thursday, August 11, there will be 50 employers who are actively looking to fill open positions. These businesses and organizations range from healthcare to banking, agriculture to military, education to hospitality and beyond. Whether you're an entry-level applicant or a mid-career professional, there will be employers excited to meet you and discuss opportunities available at their companies.

This is the 1st annual Salinas Community Job Fair. After 23 successful years holding a Community Job Fair on the Monterey Peninsula, there was a high demand for a second event in Salinas. We, the Community Job Fair Committee, heard you! Please join us for a ceremonial ribbon cutting at 8:30. Also available at the job fair will be resume critiques from a number of professional volunteers.

In this guide, you will find a full list of employers, information on the organizations that work throughout the year to put the Community Job Fairs together, and other resources important to the process of finding a job in Monterey County.

We are grateful to the America's Job Center of California for offering their beautiful offices, as well as the volunteers who have worked to bring this event to fruition.

Read on and learn what you need to know to attend the Community Job Fair and land that job you've been waiting for.
