

The included document was prepared by Hannah VanHoose, Chief of Staff for Montana House Democrats, at the direction of Katie Sullivan, Democrat Minority Leader.

It is a 2025 Legislative Report intended to target incumbent Democrats and divide the Montana Democrat Party.

Also included is metadata from the PDF showing that Hannah VanHoose was the author while on Party payroll.

The document was circulated and promoted by:

Becky Edwards, House District 61, Bozeman

Mary Caferro, House District 81, Helena

Scott McNeil, MDLCC

Eric Matthews, House District 64, Bozeman

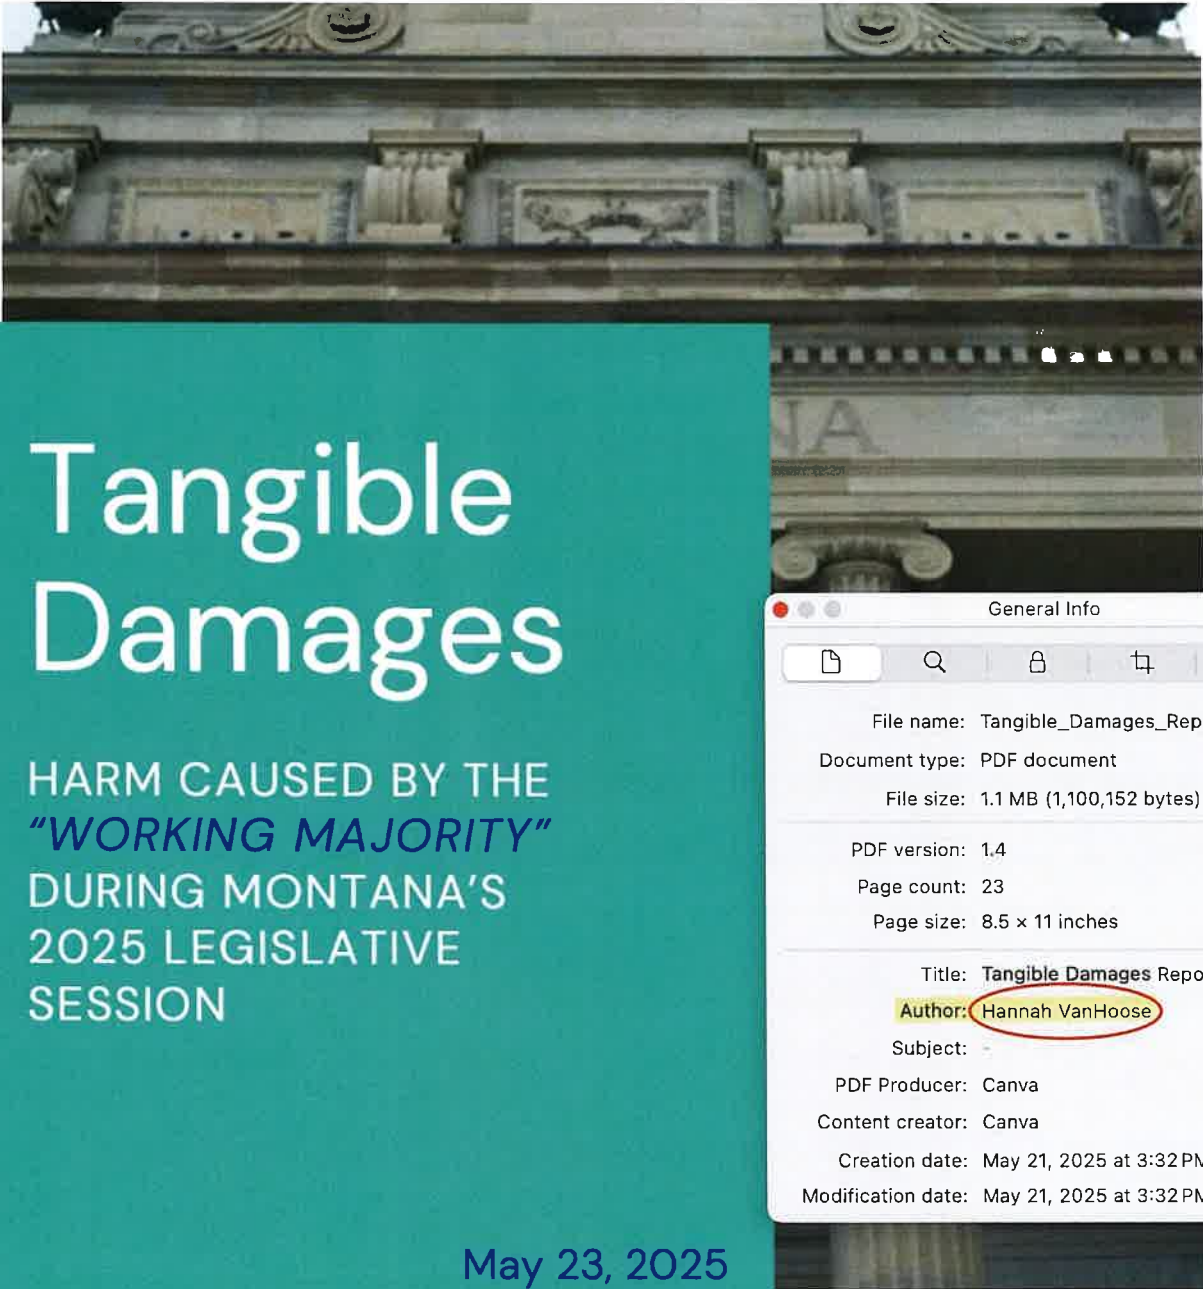

Amanda Curtis, MFPE President

Kelly Kortum, House District 64, Bozeman

Kim Abbott, former Minority Leader, Helena

While the Montana Democrat Party continues to lose ground, these leaders preferred to attack the democrat coalition instead of growing it.

Mailing this document is regrettable and not taken lightly, but what has been done in the dark must now be explained in the light.
