- Quarter 2 Target - 12 Students
  - First Graduate!
- Quarter 3 Target - 14 to 16 Students
- Quarter 4 Target - 16 to 20 Students

# Parent Feedback

“We have come a long way in two years, and being able to work ahead will hopefully lead to an early graduation.”

“This program has been a huge benefit to my son. He likes the small classes, freedom, and opportunities to work at his own pace so he doesn't shut down.”

“Anxiety of walking into the high school was the reason for poor attendance and failing classes. That's no longer a problem! graduation is coming!”

“After the last two years, I was willing to try anything. I have only received one phone call from the school this year, and it was the most positive call I've received in two years.”

# Student Feedback

“I actually like coming to school this year. This is like my second home.”

“1 on 1 with teachers helps to get to know each other better.”

Less Students  
+ Less Distractions  

---

Less Problems

“The daily goals really help me stay focused on what I need to get done. I think if you would have done this in the past, I wouldn't have fallen behind.”
