Agenda Item

Subject: Approval of Resolution #22-51 amending the Solid Waste Rate Schedule.
Meeting: City Council - Nov 21 2022
From: Heath VonEye, Public Works Director

BACKGROUND INFORMATION:

In 2020, AE2S Engineering completed a Solid Waste Rate Study for the City of Watertown. The Study recommendations were presented to the City Council November 2, 2020. These recommendations included increasing the Monthly Residential Solid Waste Collection Fee and Landfill Tipping Fees in 2021 and a second increase to the Monthly Residential Solid Waste Collection Fee in 2022.

Resolution #22-51 increases the Monthly Residential Solid Waste Collection Fee from \$12.50 per month to \$13.00 per month, effective February 1, 2023. Resolution #22-51 completes the rate amendments recommended by the 2020 Rate Study.

The 2020 Rate Study recommended that the City revisit the Solid Waste Rate Model routinely to determine if rates are adequate based on actual revenue requirements. Going forward, the Solid Waste Department will schedule an update of the rate model annually to ensure revenues are adequate.

SUGGESTED MOTION:

I move to approve Resolution #22-51 amending the Solid Waste Rate Schedule.
