

# Innovare Health Advocates is like having a doctor in the family.

When you have a doctor in the family you call her first. Early intervention minimizes illness.

Our Clinicians work closely with our Patients to become and remain healthy and energetic for life through personalized, innovative care.

We provide care above and beyond offering lab, x-ray, echocardiography, and other treatments in our office.

Charles J. Willey, M.D.  
*Chief Medical Officer and Physician*

Barbara Mulholland-Young, APRN-B.C.  
*Clinician in Charge*

Wayne Scrimsher, APRN-B.C.  
*Nurse Practitioner*

## INNOVARE Health Advocates

Health care the way it ought to be...
