## COVID-19 Safety Plan Template

This template helps your small business create a safety plan in response to the novel coronavirus. A COVID-19 safety plan helps increase employee comfort and customer confidence when patronizing your establishment.

## Business Signage Toolkit

COVID-19 related signage is a great approach for customer communications regarding your safety precautions, services, products, takeout and curbside delivery options and more.

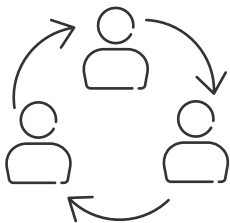

## Industry Specific Guidelines

The guidelines for businesses to reopen under Washington's phased approach varies according to industry. Guidelines are currently available for Phases 1 and 2. Benton and Franklin Counties are currently in Phase 1.

## General Guidance for Individual and Requirements for Employers

This template helps your small business create a safety plan in response to the novel coronavirus. A COVID-19 safety plan helps increase employee comfort and customer confidence when patronizing your establishment.

## COVID-19 Exposure Scenarios & Actions

As businesses reopen, it is likely employers will face the challenge of an employee being exposed to COVID-19. These scenarios provide guidance for appropriate responses to potential, probable and confirmed COVID-19 exposures.

## Dos and Don'ts for Employers

General guidance for employees and employers considered "essential" to maintain a healthy workplace.
