GOT SHREDS?

It's that time again to shred those old documents!

Bring your outdated financial records including old bank statements, old checks, old credit card statements and other items that contain personal and financial information.

Material is limited to a maximum two banker boxes or three grocery bags (first come, first serve).*

*We are limited to one shred truck for each event. If we fill the truck before 1:00 pm, we cannot accept additional documents.

GOT DRUGS?

You can also turn in your unused, expired prescription medications for safe disposal.

No limits on amount of medications to return and dispose. Please note shredded items and medicine must be clearly separated. There is no cost for this service but Yakima County Crime Stoppers will be accepting donations to support the organization's expenses and reward fund.

Your Donation is Appreciated!
