**AT BHRA:** Student council and others went out of their way for Tuesday's Cancer Night. **Lillian Spalding**, a Cancer Night committee leader and student council representative, introduced several new ideas, including fundraisers and a student-led assembly to inform classmates about cancer's impact. During the assembly, teachers and peers shared personal stories about how cancer has affected their lives, leaving many students and administrators deeply moved. Student council members and sponsor **Jennifer Guminski** also spoke at the assembly (below), and students painted a banner that was displayed at Tuesday's boys' basketball game against Westville (above).

'Everyone knows that cancer is a sickness, but most people fail to understand the impact that it leaves on people's lives,' Spalding said.

Tuesday's high-stakes rematch drew a large crowd, helping the student council raise money to donate to the OSF Bobette Steely Hegeler Cancer Care Center.

Sporting events are a great way to cheer on your favorite team to victory, but sometimes they can be more than just a game — they can be a place to form a sense of community and advocate for a good cause. Friday's boys' basketball game against St. Thomas More was the annual Orange Out game, sponsored by the Pep Club in honor of former school nurse **Natalie McDowell**. At the game, there was a silent auction, 50/50 raffle and a half-court shot challenge. Additionally, the Pep Club did an apparel order two weeks prior, which allowed students to be decked out in orange for the game. All proceeds from the event will go to the St. Jude Run, which Mrs. McDowell was actively involved in. From the pep band to the cheerleaders to the student section, the energy in the gym was unmatched.
