- On the first play of each series, the ball will be placed on the 30 yd line.
 - Each team will have three (3) downs to make a first down. If the offense fails to record a 1st down, the ball will return to the 30 yd line.
 - When the offense crosses the 50 yd line this will be considered 4 down territory.
 - When the offense crosses the 20 yd line the possession will continue until the offense scores or the defense holds them, regardless of the play count.
 - Interceptions and fumbles lost will result in the play being blown dead and the football returned to the 30 yd line.
 - With the exception of field goals and extra point attempts, there will be no special teams play. Field goal attempts will count as a play, extra point attempts will not.
