

JUN 15 2023

Application Page 1 - 12

STATE OF MINNESOTA, COUNTY OF FILLMORE

DISTRICT COURT

### APPLICATION FOR SEARCH WARRANT

I, Angela C Evans, a licensed peace officer in the State of Minnesota, make an application to this Court for a warrant to search the premises described below, for the property and thing(s) described below.

I know the content of this application and affirm that the statements contained in this application are true based on my own knowledge, or are believed to be true.

I believe that the following described property and thing(s), namely:

- **Search for human remains of Madeline Jane Kingsbury;**
- **Search for any and all items that can be associated with the disappearance of Madeline Kingsbury; and**
- **Photographing and video of the property.**

is or are at the premises described as:

**The property at 42171 County Road 18, Mabel, Fillmore County, Minnesota, including any and all outbuildings, septic tanks, cisterns, wells, dumpsters, trash receptacles and vehicles.**

located in city or township of Mabel, County of Fillmore, State of Minnesota.

I apply for a search warrant on the following grounds:

- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The facts establishing the grounds for issuance of a search warrant are as follows:

#### **Affiant's Background**

Your affiant is a licensed peace officer and has been a licensed peace officer in the State of Minnesota since August 1996. Your affiant has worked for the Winona Police Department in various capacities for the past 26 years, including patrol officer, evidence technician, and is currently an investigator assigned to the Criminal Investigation Division. Your affiant has worked in her current capacity since September 2012. Your affiant has discussed this case and reviewed reports of other officers about this case and believes the following to be true, and to constitute probable cause sufficient to support the requested search.

## **Nature of Investigation**

### **March 31, 2023**

At approximately 8:20pm on Friday, March 31, 2023 the Winona Police Department took a report of a missing person. The reporting party ("Reporting Party") indicated that they were best friends with Madeline Jane Kingsbury (Date of Birth: June 1, 1996), who she had not had contact with all day, which she characterized as unusual. Reporting Party went to Kingsbury's residence and did not get an answer to her knocks at the door at 456 Kerry Drive, located in the City of Winona, Winona County, Minnesota. Reporting Party also informed officers that she was aware that Kingsbury was having issues with her significant other, Adam Taylor Fravel (Date of Birth: January 29, 1994).

Kingsbury's van was located in the driveway when officers arrived on scene. Officers did not get an answer to knocks at Kingsbury's door and noted that there were no lights on inside. Officers then spoke with Kingsbury's dad who reported not having had any contact with her throughout the day, explaining that as odd.

Officers also spoke with Fravel via phone. Fravel said he had not heard from Kingsbury since earlier that morning. He reported that Kingsbury was supposed to pick up their children from daycare after she got off of work, however, she did not show up so he went to pick them up. After picking up the children he and the kids went to his parents' residence ("Parents' Property") in Mabel, Fillmore County, Minnesota.

Officers gained access to Kingsbury's residence and verified that she was not there and noted that the apartment did not look disturbed. Investigators located Kingsbury's phone at her residence during the execution of a search warrant later on April 1, 2023.

### **April 1, 2023**

On April 1, 2023 Kingsbury's mother and sister ("Sister") came to the Winona County Law Enforcement Center to report that there had still not been any contact with Kingsbury, which was extremely out of character for her. Sister said that she had texted Kingsbury Friday morning and that Kingsbury replied at 8:15am with a response that is typical of Kingsbury. Sister reports sending a second text to her at 8:23am, which went unanswered. Sister said that she and Kingsbury communicated with one another multiple times a day.

They informed officers that Kingsbury and Fravel were in the process of splitting up, however, they were still living together. They said that the first night that Fravel hadn't stayed at their joint residence on Kerry Drive was March 31, 2023.

Kingsbury reportedly told Fravel earlier in the week that she no longer wanted to continue

with the plans they had to move closer to his parents and change the childrens' daycare, rather, she was going to stay in Winona, keep the children with her and at the daycare they were currently attending and that she was looking for an apartment. It was also known to Fravel, and others, that Kingsbury was currently seeing someone else.

They reported that Fravel was very emotionally abusive and controlling over Kingsbury. He insisted that she was not allowed to speak with her new boyfriend while he was around and demanded to see all text messages between the two of them. Kingsbury told Sister that Fravel had told her, "if you don't listen you'll end up like Gabby Petito".

Officers learned that Kingsbury had also told Reporting Party that Fravel told her, "if you don't listen you'll end up like Gabby Petito".

Gabrielle "Gabby" Petito was reported missing on September 11, 2022 after not returning from a months-long cross-county trip with her significant other, a case which garnered significant, nation-wide media coverage. Her remains were later located in a national park in Wyoming and it was determined that her death was a homicide. The person of interest in that case was her significant other.

Sister reported that Kingsbury had planned to travel, with her daughter, to visit her in the cities for the weekend and that Fravel was supposed to be taking their son with him to Parents' Property in Mabel. Both were supposed to be leaving for their intended destinations on Saturday, April 1, 2023, so they were very concerned that Fravel left with both children on Friday, knowing Kingsbury was going to be taking their daughter with her on Saturday.

Officers spoke with the childrens' daycare provider ("Daycare Provider"). She reported that Kingsbury and Fravel dropped the children off together Friday morning, and they arrived in the van, which is typically driven by Kingsbury. She told officers that Kingsbury is the one who typically picks up the children at the end of the day, but that Fravel will if Kingsbury can't. She explained that Fravel arrived to pick up the children at their normal pick-up time. When asked, Daycare Provider said that she never contacted Fravel, or anyone, in reference to Kingsbury not arriving to pick up the children because Fravel picked them up at their regularly scheduled time. Daycare Provider said that when Fravel showed up to get the children they asked where their mother was. She said that he never answered their question, rather he just said, "we're going to Grandma's house". A review of the daycare provider's ring camera shows both Kingsbury and Fravel arrive at 8:03am to drop off the kids and Fravel arrive alone to pick up the kids at 4:21pm. Fravel can be seen wearing a white jacket, dark pants, a red bomber-style hat and white tennis shoes at drop-off and the same white jacket, a red colored shirt underneath, the same red bomber-style hat, dark pants and dark colored footwear at pick-up.

Reporting Party reported that her significant other (Witness #1) is very close friends with

Fravel. Witness #1 and Fravel communicated via text about Kingsbury being missing. Witness #1 reports Fravel as being very frustrated that law enforcement was involved so quickly since he had seen her that morning. Witness #1 shared screenshots of his conversation with Fravel from Friday, March 31, 2023, which is detailed, in part, below

- Fravel 9:37pm – “I talked to the police. Who or what prompted you guys to go check at the house? I’m so confused, she hasn’t been gone for a day yet so I’m not freaking out but everyone else is”
- Fravel 9:42pm – “So Katie called the police?”
- Fravel 9:44pm – “She was leaving for Farmington in the morning”
- Witness #1 9:45pm – “Yes she did. Weird that no one can get ahold of her.”
- Fravel 9:46pm – “Wow that’s a little out of bounds of Katie. It hasn’t even been 24 hrs and I saw her this morning”
- Witness #1 9:48pm – “Not really when no one has heard from her most of the day. Apparently no one was able to reach you either to at least know you’ve heard from her. You can’t blame people for being worried man.”
- Fravel 10:04pm – “Nobody tried to reach me at all until 7pm which was Megan so idk what you mean by that”
- Fravel 10:04pm – “I get being worried. But nobody asked me anything so it’s like wtf lol”

An investigator spoke with Kingsbury’s work supervisor (“Supervisor”) who reported that Kingsbury works at the office on Mondays and Fridays, however, she did not show up for work on March 31, 2023. Supervisor said that Kingsbury did not contact anyone to let them know she was not coming in to work, which Supervisor said was out of character for Kingsbury. The IT department at Kingsbury’s place of employment reported to investigators that Kingsbury last logged into her work system at 7:44am on Friday, March 31, 2023 and had not logged back in after it timed out, which it would have done in the time it took for them to drop the children off at daycare at 8:03am.

Family also told investigators that a friend (“Friend”) of Kingsbury’s reports that, a couple weeks ago Kingsbury visited Friend in the hospital and told her that if something ever happened to her, “it was Adam”.

Investigators spoke with Fravel on April 1, 2023. Fravel told investigators that he and Kingsbury dropped their children off at daycare and returned home together. Fravel told investigators he played on his laptop in the living room while Kingsbury had breakfast in the

kitchen. Fravel reports having left the Kerry Drive residence at approximately 10:30am, at which time he left in Kingsbury's van to move boxes and totes of belongings to Parents' Property, located at 42227 County Road 18, Mabel, Minnesota. According to Fravel, during the trip to Parents' Property he realized he had brought the wrong load of belongings and when he got to Choice, Minnesota, he turned around and returned to his Kerry Drive residence, approximating his arrival at about noon. Fravel allowed investigators to look through his vehicle, a gray Chrysler 200, bearing MN license plate ABN466. Investigators noted several faint scratches on Fravel's forehead, area immediately below his nose and on his neck.

Investigators were able to retrieve business surveillance video in Rushford, Minnesota, showing a van matching the description of Kingsbury's van, to include a sticker in the lower left corner of the back window. The van travels south, on Hwy 43 toward Choice, Minnesota, at 11:56am. The van is seen three minutes later, at 11:59am, passing 28901 Hwy 43, still traveling south toward Choice. 45 minutes later, at 12:44pm, what appears to be the same vehicle is seen returning, passing 28901 Hwy 43, and three minutes later, at 12:47pm, passing the same Rushford business video, travelling north on Hwy 43 from the direction of Choice, Minnesota.

For reference, according to Google Maps, the distance between 18901 Hwy 43 and both Parents' Property, travelling via Hwy 43, is approximately 14 miles. Several law enforcement officers, from various agencies, have independently driven the same route and report that, driving the posted speed limits, Parents' Property is well within the 45 minute gap in time the van was seen, twice, passing 28901 Hwy 43.

Investigators and BCA agents executed a search warrant at Kingsbury's residence on Kerry Drive and her Chrysler Town and Country van and did not locate her or any obvious signs of a struggle or foul play.

Pursuant to a search warrant, a Minnesota Bureau of Criminal Apprehension (BCA) agent completed a forensic extraction of Fravel's cell phone on April 1, 2023, and found text messages sent from Fravel to Kingsbury, relevant to the timing of his travel, detailed below. At no time did Kingsbury reply to the messages.

- March 31, 2023 10:29am – Fravel to Kingsbury – “Got gas in van and stuff ready to go. Gonna leave soon. When do you have to leave?”
- March 31, 2023 10:29am – Fravel to Kingsbury – “You just gonna stay home?”
- March 31, 2023 1:33pm – Fravel to Kingsbury – “Umm I’m back and my car is still here? You get a ride or something?”

Also located within the forensic extraction, investigators found a web search, “are dog

scratches on face dangerous", dated March 31, 2023 at 6:51pm.

Investigators executed search warrants for the production of records from Fravel's cell phone provider for geolocation information and found that Fravel's phone last recorded geolocation information on March 30, 2023. Geolocation services can be turned on or off by the user at any time.

Investigators also found that Fravel has four different Gmail accounts on his cell phone. A search of each of those account profiles, in the phone itself, shows that the location services for each account was turned off.

iPhones and iCloud connected devices can keep track of locations the devices has recently been, as well as how often that device visited those locations, in order to learn places that are significant to the user. A user can delete their significant location history at any time. Fravel's only significant location listed was the location of his childrens' daycare.

Based on the information detailed above, your affiant believes that Fravel went to great lengths to conceal the locations that he visited or traveled after March 30, 2023.

Also installed on Fravel's phone was a Wyze app. Your affiant noted that the only file containing surveillance video was titled 42227, which is the address location of Parents' Property in Fillmore County. Investigators who have personally been to the Fillmore County property confirmed the video is of that property. The account name detailed on the app was "fravel.business@gmail.com", which was also detailed as the main email account within the phone and is listed as the username in multiple accounts within Fravel's phone, including being used as his Apple ID, messages and iCloud account.

In reviewing the deleted data or remnants of data in the unallocated space on Fravel's phone, BCA agents discovered that Fravel had access to a network of Wyze cameras, a Wyze scale and a Wyze watch, that looks similar to an Apple watch. In the data time stamped 3/30/23, at 8:24 PM, the Wyze network was still in working order as indicated by the "records event switches." By the day that police conducted the search warrant, all cameras were ripped down and their SD cards were missing. Also noted in this carved data, Agents could see that the device MAC addresses were listed, as well as their descriptions. BCA agents noted that the descriptions that had been given to them by the device administrator (Fravel) was "Garage, Driveway, south side, north, and Living room." Some of the cameras appeared to be connected to another wifi and the network was labeled as his parent's partial address, indicating that Fravel controls the cameras at his own home and the ones outside of his parent's residence.

#### **April 2, 2023**

During an interview of Fravel on April 2, 2023, regarding Kingsbury's disappearance, Fravel

told investigators that he is "infatuated" with the Gabby Petito case.

A Winona Police Department sergeant spoke with Reporting Party. Reporting Party told the sergeant that Kingsbury had told her that she couldn't deal with this any longer and asked Reporting Party to take care of her children. Reporting Party doesn't know what happened to Kingsbury. Reporting Party wondered aloud if Kingsbury could have done something like jumped off a bridge, checked herself in to a mental health facility or left for a while.

#### **April 4, 2023**

Investigators reviewed surveillance video from March 31, 2023 at Kwik Trip, located at 375 Cottonwood Drive in Winona, Minnesota, which is the closest gas station to the Kerry Drive residence, at .3 miles. While reviewing the video, Investigators found a blue van, matching Kingsbury's vehicle, at the pumps at 10:02am. The rear license plate on the van was MN ABN466, which is the license plate for Fravel's Chrysler 200 sedan. A male subject matching Fravel's description was seen pumping gas in the van.

It should be noted that when investigators located Kingsbury's van at her Kerry Drive residence on both March 31, 2023 and April 1, 2023, it had plates belonging to her vehicle on it with areas around the bolts that hold the plate to the vehicle that were clean and clear of dirt, when the remainder of the plate was dirty.

Also of note is that Fravel's vehicle, when viewed by law enforcement, had plates belonging to his vehicle on it.

#### **April 7, 2023**

Investigators and MN BCA agents executed a search warrant at 42227 County Road 18, Mabel, located in Fillmore County, Minnesota. During the execution of that search warrant Investigators noted that there was a Polaris brand UTV (Utility Terrain Vehicle), commonly referred to as a "side-by-side" or a "Ranger" parked in a hoop shed next to Fravel's Chrysler 200 vehicle. Polaris describes a UTV as "an off-road vehicle that can be used for hauling as it has a cargo bed at the back of the vehicle".

The UTV had a 2024 registration sticker affixed to the back of the cab, facing the rear of the UTV, with what appears to be white letter stickers reading "FRAVEL" below the registration sticker.

#### **April 8, 2023**

In an April 8 press release, law enforcement publically announced the end to large-scale, organized public searches that had occurred over the couple days prior, in both Winona and Fillmore Counties. The press release also stated that any subsequent searches would be targeted searches, conducted by law enforcement, based on specific investigative data.

**April 10, 2023**

On April 10, 2023 a Winona County Deputy ("Deputy") received information from an individual who owns land ("land owner") adjacent to Parents' Property at 42227 County Road 18 in Mabel. Land owner informed Deputy that he had installed trail cameras on his property over the weekend. Land owner told Deputy that one of the cameras captured a picture of Fravel traveling on Land owner's property, headed away from Parents' Property, on a Polaris Ranger with a long handled tool of some sort in the bed of the ranger. Land owner then sent Deputy the picture.

A review of the photo shows a time-stamp of 09 APR 2023 04:51 pm. The picture showed Adam Fravel as the lone occupant, driving a Polaris Ranger 570. There was a handle of some piece of tool sticking out of the back of the drivers' side of the bed. The handle was tan in color with a darker end. Fravel was wearing a dark colored stocking hat, a dark colored, long sleeved, jacket, dark pants and sunglasses. It should be noted that it was warm at the time the picture was taken and the picture from the trail camera has a temperature stamp of 71 degrees.

It should also be noted that the long handled tool was not in the back of the ranger at the time of the execution of the search warrant on the property on April 7, 2023. Investigators reviewed body cameras from the execution of the search warrant and noticed a spade shovel with a long tan handle with a darker colored end, consistent with the one seen in the trail camera picture in the bed of the ranger, standing in the corner of the garage.

Law enforcement froze the residence in anticipation of executing a search warrant at the property due to active burning in a fire pit on the property. Fravel then got on the ranger and drove off. Investigators were able to stop Fravel on 180th Street near the intersection of Hwy 43, located in Preble Township, Fillmore County, Minnesota, and found a shovel in the bed of the UTV that appeared consistent with the one in the body cam footage from the prior search warrant, which appeared consistent with the handle seen in the trail cam picture. Fravel was also wearing clothing consistent with what he was seen wearing in the trail cam picture.

A check of MN DNR off-road vehicle registrations revealed a 2021 Polaris Ranger 570 registered to Richard Peter Fravel at 42227 County 18, Mabel, Minnesota.

Pursuant to a search warrant, investigators seized the Polaris Ranger that Fravel was driving, as well as the shovel that was located in the bed of the ranger and placed them in a secure storage. Later in the day two Certified Land and Water Human Remains Detection (HRD) dogs, commonly referred to as cadaver dogs, deployed separately around the Polaris Ranger. Both dogs alerted/indicated, in the bed of the Polaris Ranger, at or near the spade of the shovel.

Per Minnesota-Wisconsin Canine Search and Rescue, Cadaver Dogs are "specially trained to find human remains and alert their handlers to their location. They can be used to locate human cadavers, body parts and body fluids involving new or old cases". According to Search Dog Organization of North America, "HRD dogs are trained to specifically find the odor of decomposing human remains. HRD dogs are trained to ignore live human scent and animal scent, and only indicate on human remains".

Simultaneously, law enforcement conducted a large-scale search of Land Owner's approximately 800 acre, uninhabited property, which continued through April 14. During that search, law enforcement located an area of fresh dirt, however, law enforcement did not locate any remains in that area of fresh dirt. Deputy reported that it appeared that area of dirt was transported from elsewhere and dumped there, however, law enforcement has yet to locate an area that it came from.

#### **April 21, 2023**

Based on the data located in the remnants of Fravel's phone, as detailed above, a BCA agent served Wyze Labs, Inc. with a search warrant for the production of records pertaining to the device mac addresses located in the carved data.

Wyze produced data pursuant to that search warrant, which was reviewed by a BCA agent, who noted the following:

- April 9, 2023
  - o 3:57pm – Adam is seen exiting the garage holding up a shovel, which appears consistent with the shovel located in the bed of the Polaris Ranger upon seizure from the Fravel residence, and asking his mom, "Do you have a sturdier one?"
  - o 5:30pm – Fravel exits the back of the property, alone, driving a green tractor toward property owned by Land Owner
  - o 6:10pm – Fravel and his dad return to the property via the driveway, entering from County Road 18, with Fravel driving the tractor and his dad driving the Polaris Ranger

#### **May 30, 2023**

Madeline Kingsbury remains missing as of 12:30 pm.

#### **Neighboring Property**

Parents' Property is a six acre piece of predominantly wooded land that is long and narrow

with respect to neighboring pieces of property. The length of the property runs east/west along County Road 18 and situated such that it is bordered by County Road 18 on the south and east, Land Owner's property on the north and another property on the west.

The property to the west of Parents' Property is an approximately 10 acre piece of partially wooded land, located at 42171 County Road 18, in Mabel, Fillmore County, Minnesota, which is owned by Fravel relatives ("Relative's Property"). The residence sits in the extreme southeast corner of the property, along County Road 18. There is an area of open land that stretches adjacent to the residence that runs along the front of the property, along County Road 18. Nearly immediately behind the residence, and an additional detached garage, is a large wooded area that takes up a large part of the remainder of the property. Behind the large wooded area is an area of open field, which is obscured from view by the wooded area. Aside from a small portion of the east side of this piece of property, which is adjacent to Parents' Property, it is bordered exclusively by the approximate 800 acres of Land Owner's property that has already been searched by law enforcement. Relative's Property is not secured or surrounded in any area by way of fences or gates of any kind, allowing for unrestricted access anywhere on the property. 2023 Google Earth images show what appear to be an abandoned vehicle parked in an open patch in the wood line toward the front of the property.

While reviewing various GIS maps of the property, a Fillmore County Investigator noticed the following:

- Google Earth images from 2021 do not show tracks into Relative's Property from Land Owner's Property.
- Fillmore County's GIS images from April 2022 show what appear to be an established ATV trail that runs from the back of Parents' Property, onto Land Owner's property, around a large wooded area on Land Owner's property and onto the open area of Relative's Property.
- Drone images taken during this investigation show the same established ATV trail with an additional offshoot ATV trail into the wooded area of Relative's Property.

Based on my training and experience, perpetrators of homicide, kidnapping and/or false imprisonment may:

- use vehicles to search out and/or locate areas in which to conceal or dispose of a body or evidence;
- transport deceased or detained individuals to and from various locations in order to hide or dispose of a body or person;
- return to disposed bodies to further destroy evidence or further conceal a body;

- use vehicles to transport evidence away from the initial crime scene to destroy evidence;
- use a vehicle for transportation to purchase items to aid in concealing and/or destroying evidence; and
- use vehicles to avoid detection of their actions by law enforcement.

**(End of Page)**

I request a search warrant be issued, commanding Angela C Evans, Sgt. Adam Brommerich, MN BCA SA Joe Swenson, Inv. Andy Mohan, FCSO Inv. Dan Dornink, peace officers of the State of Minnesota, and any other authorized person, to enter and search between the hours of 7 a.m. and 8 p.m. to search the above described premises for the described property and thing(s), and to seize and keep said property and thing(s) in custody until dealt with according to law.

**I declare under penalty of perjury that everything stated in this document is true and correct.**

**Applicant: Angela C Evans**

Winona Police Department

DISTRICT COURT

**SEARCH WARRANT**

TO: ANGELA C EVANS, SGT. ADAM BROMMERICH, MN BCA SA JOE SWENSON, INV. ANDY MOHAN, FCSO INV. DAN DORNINK PEACE OFFICERS OF THE STATE OF MINNESOTA.

WHEREAS, Angela C Evans has this day on oath made an application to this Court for a warrant to search the following described premises :

**The property at 42171 County Road 18, Mabel, Fillmore County, Minnesota, including any and all outbuildings, septic tanks, cisterns, wells, dumpsters, trash receptacles and vehicles.**

located in city or township of Mabel, State of Minnesota for the following described property and thing(s):

- **Search for human remains of Madeline Jane Kingsbury;**
- **Search for any and all items that can be associated with the disappearance of Madeline Kingsbury; and**
- **Photographing and video of the property.**

WHEREAS, the application of Angela C Evans was duly presented and read by the Court, and being fully advised in the premises.

NOW, THEREFORE, the Court finds that probable cause exists for the issuance of a search warrant upon the following ground(s):

- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The court further finds that probable cause exists to believe that the above-described property and thing(s) is or are at the above-described premises

**(End of Page)**

NOW, THEREFORE, you Angela C Evans, Sgt. Adam Brommerich, MN BCA SA Joe Swenson, Inv. Andy Mohan, FCSO Inv. Dan Dornink, peace officers of the State of Minnesota, and any other authorized person, are hereby commanded to enter and search between the hours of 7 a.m. and 8 p.m., to search the above-described premises, for the described property and thing(s), and to seize and keep said property and thing(s) in custody until dealt with according to law.

BY THE COURT

ISSUED ON: 30 May, 2023

**Judicial Officer:** Nancy Buytendorp

Judge of District Court

Electronically Signed
