

**NOTICE TO THE PUBLIC OF AN APPLICATION BY
APPALACHIAN POWER COMPANY,
FOR APPROVAL OF A RATE ADJUSTMENT CLAUSE
PURSUANT TO VA. CODE § 56-585.1 A 4
CASE NO. PUR-2025-00202**

On December 9, 2025 Appalachian Power Company ("APCo" or "Company") filed an application ("Application") with the State Corporation Commission ("Commission") pursuant to § 56-585.1 A 4 of the Code of Virginia ("Code") for approval to implement factors to recover an increase to its revenue requirement through its transmission rate adjustment clause ("T-RAC"). Pursuant to Code § 56-585.1 A 7, the Commission must issue a final order in this matter not more than three months after the date of filing.

In its Application, APCo requests permission to recover a proposed total revenue requirement of \$396.6 million through the T-RAC for the March 1, 2026, through February 28, 2027 rate year ("Rate Year"). The Company states that its proposed revenue requirement consists of the following: (1) a forecasted Virginia jurisdictional current-period formula rate (current) revenue requirement of \$404.2 million for the Rate Year, based on Federal Energy Regulatory Commission-approved PJM rates for transmission service that went into effect on January 1, 2025; (2) a cumulative Virginia jurisdictional actual under-recovery formula rate balance, through September 2025 (true-up) of \$8.6 million; (3) a forecasted Virginia jurisdictional overrecovery amount of \$18.7 million for the period October 2025 through February 2026 (update); and (4) a forecasted Virginia jurisdictional revenue requirement of \$2.5 million associated with the Business Park Program.

APCo states that its proposed revenue requirement is an increase of approximately \$16.5 million from the annual T-RAC revenue requirement approved by the Commission in 2024. The Company indicates that its proposed T-RAC rates would increase the monthly bill for a residential customer using 1,000 kilowatt hours per month by \$1.58.

Interested persons are encouraged to review the Application and supporting documents for additional details.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.
