## Where We've Been & Where We're Headed

Blue Ridge Medical Center (BRMC) first opened the doors of a small modular building in July 1985 with one doctor and three exam rooms. To meet the growing needs of area residents, BRMC has expanded through five building additions and ongoing service expansions to provide new services and a larger facility. Over one hundred staff members provide 10,000 patients annually with top-of-the-line primary and preventive care, as well as behavioral health and dentistry. Excellent care that exceeds expectations is our daily objective and is paramount to successfully addressing our mission.

BUY CONFIDENTLY. SELL SUCCESSFULLY

Did you know?  
**Hiring a Realtor to help with *buying* is FREE to you.**

**Working with a real estate professional during the buying process can only benefit you and your best interest. At no cost to you, there is no reason not entrust one of our experienced Realtors during this important transaction.**

We understand buying and selling a home can be an overwhelming experience. Whether it is your first time or your 5th investment property, it is essential to have a professional Realtor on your side.

When you work with The Addair Group you are receiving guidance from local Lynchburg residents. We are proud to call this area home and look forward to the ability to share our knowledge and expertise of the ever changing real estate market in this region.

Serving (but not limited to) Lynchburg, Roanoke, Smith Mountain Lake, and the surrounding counties of Bedford, Campbell, Appomattox, Amherst, Franklin and more.

Allen Addair is here to provide superior service during your residential and commercial property transactions.

**CENTRAL VIRGINIA**  
CHIROPRACTIC CENTER, INC.

Dr. Holland, DC feels her success in practice is based on patients following these 3 phases of care-

### Phase #1 ACUTE:

This is the first step towards a healthier You! This phase of care concentrates on relieving and reducing your pain.

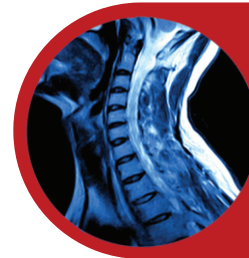

- Daily to 3x/week for at least 2 weeks - more if needed.

### Phase #2 CORRECTIVE:

This is the second step! This phase of care concentrates on strengthening and rebuilding your spine as we work towards correction of your specific problem.

- 2x/ week for at least 2 weeks- more weeks if needed.
- 1x/week for at least 2 weeks- may be extended when needed.

### Phase #3 MAINTENANCE:

This is the final step! This phase of care concentrates on supporting your spinal correction to prevent a re-occurrence of the pain and to keep you strong and healthy.

- 2 weeks for 2 months, or more as needed.
- Once per month.

## STAGES OF HEALING:

### 1. Sharp 2. Sore 3. Achy 4. Stiff

Dr. Holland, DC addresses each part of the healing process and puts procedures in place which her patients can do at home to keep the risk of flare-ups to a minimum.

Dr. Holland, DC recognizes that her style of care is not for everyone: she enjoys working with patients that take responsibility for their health by following their treatment plan, icing and resting when they hurt; exercising when ready (and not overdoing it!!) and eating properly for healthy height/weight ratio.

**Dr. Holland, DC loves to consult with patients to see if she can help - please call the office at (434) 237-0413 and schedule a Consultation at NO Charge!!**
