To the Board of Education:

I am writing to you to express my interest in serving on the St. Joseph School Board.

I believe that with the current and ongoing issues this Board and the District are facing I would be an asset to the Board and School District.

My family and I moved to St. Joseph, Missouri in 2004 due to career placement. At that time, I opened and to date still operate a successful branch office for Edward Jones. Our daughters have attended the St. Joseph Schools. One is a successful graduate and the other is currently a freshman at Central High. My wife and I have always been strong proponents of quality education and extra-curricular activities. Our children have always made us proud, both academically and by their involvement in extra-curricular programs. My wife has been a substitute teacher for the District since October of 2004 and has been involved in numerous volunteer roles in the community as well as the district.

Together, my wife and I have taught Sunday School at our church. I have been involved in the St. Joseph School District's Mentor Program; participated in the District's Joint Venture with the Boy Scouts of America, and served on the Buchanan County Juvenile Rehabilitation Board.

On a professional note, my education and employment history are as follows:
