

# HIGLEY DRAWDOWN

Brookfield Renewable will perform scheduled maintenance work at the Higley Impoundment, starting on Wednesday, September 16th. For the safety of our workers, the water level will be lowered by 1.5 feet of normal operation. The reservoir will begin to refill on Sunday, September 20th.

Please note weather conditions may impact work schedule and can change without prior notice.

Please use caution and wear a personal flotation device when recreating on or near water. Pay close attention to your surroundings and respect all signage, sirens and barriers. Always check water conditions before you recreate.

If there are any questions regarding this matter, please contact us at [inquiries.newyork@brookfieldrenewable.com](mailto:inquiries.newyork@brookfieldrenewable.com)
