Chad Nugent said that the committee did meet and that there were changes done in the last couple of months. One of the main changes is that a single agent was hired to handle the lines of insurance. There was the reason as to why this was done is because it was financially motivated. In the process of the renewals he read a quoted from the consultant

as follows: "When considering the savings from contracting with just one agent and contracting more desirable terms with the single agent for quotes net of commission, we are pleased to advise that JPSB has garnered an overall premium savings on just these three policies in the amount of \$288,867.40. Additional savings will be accumulated once we renew the Casualty policies in May 2020." Mr. Nugent felt it was important for the public to know before he reads the following recommendations.

Action: 3.01 Second Reading authored by Mr. Moise: Move to accept Superintendent Brumley's 2020 Infrastructure & Efficiency Plan attached hereto authorizing the school consolidations, adjustments to school attendance zones, facility upgrades and staff revisions outlined therein. Mr. Dickerson offered a substitute motion. He said that he

appreciated the entire endless work of the Superintendent and his administration to meet our directive to build the 2020 Infrastructure and Efficiency Plan it addresses every issue we charged the administration to complete. From decreasing spending by \$16 mil to consolidated schools to further developing our K-8 model, to expansion of early childhood education and to increase choice for parents. - Mr. Dickerson stated that before a second would be announced that he would like Dr. Brumley to respond to the adjustments as his staff would have to execute these changes. Dr. Brumley responded to each of the items that Mr. Dickerson presented. The administration was directed to create a study and

deliver that study dealing with the building capacity and occupancy of our schools. They were to have this plan delivered to the Board by December but in fact, it was delivered by early in November. They presented the plan a month early and was delivered by February. Dr. Brumley went through each of the items to make sure that it was understood as to what Mr. Dickerson wanted. He also stated

that if it pleased Mr. Dickerson he would like to add a 7th item to his amendments. Dr. Brumley said that he is fortunate to serve as the Superintendent of Jefferson Parish Schools and also know that he followed the first permanent African American Superintendent in Jefferson Parish. That should be recognized and honored and that he had conversations with Board Members that most of them worked alongside Mr. Isaac Joseph. Also, he knows that other Board members are equally interested in recognizing Mr. Joseph's historic Superintendency in Jefferson Parish Schools. If Mr. Dickerson is pleased him, that as the current Pitre site be renamed Isaac G. Joseph Elementary. Dr. Brumley said that the amendment would gain the support of other members of this Board. Dr. Brumley said that he would like to offer to the Board to co-sponsor to your amendment as we move forward and hear public comments.
