

ONE OF 300

At Hastings, Your Place Matters.

Each fall, we welcome just 300 new students to our vibrant campus community. Our size isn't a limitation; it's **our greatest strength**. It's a deliberate choice to foster a community that hears every voice and values every connection.

Here, you'll connect directly with faculty who serve as dedicated mentors, while your classmates become partners in discovery and friends for life. In a world of large crowds, **we offer something rare**: a place where you're known, essential and your potential has no limits.
