Panther Project

Falling into Fun at Washington

Washington Elementary is getting into the swing of the school year, and with fall officially here, there are so many exciting things happening! Our students have been busy learning, making connections, and enjoying special experiences throughout the school. Kindergarten students have welcomed community helpers, including police officers and firefighters, who visited to share more about their important jobs. One lucky fourth grader even had the exciting opportunity to ride to school in a firetruck! We also kicked off one Friday with extra smiles as college athletes visited to greet students with high fives on High Five Friday. As the leaves change and the season gets underway, we look forward to many more fun events, memorable experiences, and wonderful learning opportunities at Washington Elementary!

The mission of Norfolk Public Schools is to prepare all students to pursue their goals for the future.
