This Week's

# Panther Project

## Hands-on Dollars and Sense

The Norfolk Panther Branch at Westside is givng students a hands-on opportunity to learn about saving money and developing good finacial habits. Six fourth grade students are helping operate the student banking program, gaining real-world experience while learning about responsibility, customer service, and money management.

The program has already gained excitement with 31 students signed up with bank accounts so far! Through this partnership, students are learning the importance of saving, making smart financial decisions, and building positive habits that can last a lifetime. The Norfolk Panthers Branch is a great example of how schools and community partnerships can provide meaningful experiences beyond the classroom.

The mission of Norfolk Public Schools is to prepare all students to pursue their goals for the future.
