

# ONE INCREDIBLE HONOR. ONE DEDICATED TEAM.

We are proud to receive Healthgrades' Outstanding Patient Experience Award, placing us in the top fifteen percent of hospitals nationwide. This recognition comes from ten measures gathered directly from our patients, reflecting communication, care, and responsiveness. Behind every score is a patient who needed expert care and our compassionate providers and staff who deliver it every day.

We thank our patients for their trust and our providers and staff for their unwavering dedication to the health and wellness of northeast Nebraska.
