## Hello Second Semester!

As the excitement of the holiday season fades and classrooms return to their daily routines, Washington Elementary students are stepping into the final semester of the school year with fresh energy and focus. Exciting things have been happening at Washington Elementary. High school students came to read, we hosted a family craft night, and we celebrated all of our accomplishments from our first semester of school. This time of year is all about pushing forward, setting goals, and continuing the hard work that leads to growth and success. From mastering new reading skills to building confidence in math and teamwork, our students are learning that perseverance matters. With the support of dedicated teachers and families, this last semester is an important opportunity to reflect on progress, stay motivated, and finish the school year strong while celebrating every achievement along the way.

The mission of Norfolk Public Schools is to prepare all students to pursue their goals for the future.
