

AN ORDINANCE FOR THE SECOND DECLARATION OF A LOCAL STATE OF EMERGENCY RELATED TO COVID-19; AND FOR OTHER PURPOSES.

WHEREAS, City of Rome, Georgia has experienced an event of critical significance as a result of the Coronavirus disease ("COVID-19"); and

WHEREAS, the Centers for Disease Control and Prevention, (the "CDC") indicates that COVID-19 is a new and contagious respiratory disease caused by a novel (new) coronavirus that was first detected in China and which has now been detected in more than 100 locations around the world, including in the United States; and

WHEREAS, as reported by the World Health Organization ("WHO"), the world has experienced a deep humanitarian crisis with more than 164,000 cases and more than 6,000 deaths due to COVID-19; and

WHEREAS, COVID-19 is officially a global pandemic according to the WHO; and

WHEREAS, on March 13, 2020, President Donald Trump has declared a national emergency for the United States of America in response to COVID-19; and

WHEREAS, on March 14, 2020, Governor Brian Kemp declared a public health Emergency due to COVID-19; and

WHEREAS, on March 19, 2020, the Commission of the City of Rome, Georgia, the Council of the City of Cave Spring, Georgia, and the Commission of Floyd County, Georgia adopted a Joint Resolution for the Declaration of Local State of Emergency related to COVID-19;

WHEREAS, social distancing is recommended by the CDC to prevent the continued spreading of the illness in the community; and

WHEREAS, on March 16, 2020, President Donald Trump issued his Coronavirus Guidelines for America which instructs people to listen to their local authorities and to avoid social gatherings of more than ten (10) people; and

WHEREAS, in the judgment of the Commission of the City of Rome, Georgia, as of the date of this Ordinance, there exist emergency circumstances as a result of COVID-19 within the geographical boundaries of the City of Rome as described in Section 2-10 of the Charter of the City of Rome, Georgia and Section 7-5 of the Rome Code of Ordinances requiring extraordinary and immediate corrective actions for the protection of the health, safety, and welfare of the citizens of the City of Rome and the surrounding communities; and

WHEREAS, pursuant to O.C.G.A. Sec. 38-3-51, the Governor's declared public health emergency authorizes the Commission to use emergencies powers in O.C.G.A. Sections 38-3-1 through 38-3-64; and

WHEREAS, pursuant to O.C.G.A. Sec. 38-3-6, during an emergency, O.C.G.A. Sections 38-3-1 through 38-3-64 are to be liberally construed to effectuate their purposes;

NOW, THEREFORE, the Commission of the City of Rome, Georgia hereby ordains that it is hereby declared that a local state of emergency exists within the territorial limits of the City of Rome, Georgia, and shall continue until the conditions requiring this declaration are abated.

THEREFORE, IT IS ORDERED:

Article 1. That the Floyd County Office of Emergency Management activates the Emergency Operations Plan;

Article 2. That the following sections of the City of Rome Code of Ordinances be implemented:

- a. Section 7-5. Emergency Powers
- b. Section 7-11. Authority to Waive Procedures and Fee Structures
- c. Section 7-37. Powers of Proclaiming civil emergency as Ordered below:
 1. The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while enabling essential services to continue, to slow the spread of COVID-19 to the maximum extent possible. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they should at all times reasonably possible comply with Social Distancing Requirements as defined in Section 10 below. All provisions of this Order should be interpreted to effectuate this intent. Failure to comply with any of the provisions of this Order constitutes an imminent threat to public health.

2. All individuals currently living within the territorial limits of the City of Rome, Georgia (the "City") shall shelter at their place of residence. To the extent individuals are using shared or outdoor spaces, they must at all times as reasonably possible maintain social distancing of at least six feet from any other person when they are outside their residence. All persons may leave their residences only for Essential Activities, Essential Governmental Functions, or to operate Essential Businesses, all as defined in Section 10. Individuals experiencing homelessness are exempt from this Section, but are strongly urged to obtain shelter, and governmental and other entities are strongly urged to make such shelter available as soon as possible and to the maximum extent practicable (and to utilize Social Distancing Requirements in their operation).

3. All businesses with a facility in the City, except Essential Businesses as defined below in Section 10, are required to cease all activities at facilities located within the City except Minimum Basic Operations, as defined in Section 10. For clarity, businesses may also continue operations consisting exclusively of employees or contractors performing activities at their own residences (i.e., working from home). All Essential Businesses are strongly encouraged to remain open. To the greatest extent feasible, Essential Businesses shall comply with Social Distancing Requirements as defined in Section 10 below, including, but not limited to, when any customers are standing in line.

4. All public and private gatherings of any number of people occurring outside a household or living unit are prohibited, except for the limited purposes as expressly permitted in Section 10. Nothing in this Order prohibits the gathering of members of a household or living unit.

5. All travel, including, but not limited to, travel on foot, bicycle, scooter, motorcycle, automobile, or public transit, except Essential Travel and Essential Activities as defined below in Section 10, is prohibited. People must use public transit only for purposes of performing Essential Activities or to travel to and from work to operate Essential Businesses or maintain Essential Governmental Functions. People riding on public transit must comply with Social Distancing Requirements as defined in Section 10 below, to the greatest extent feasible. This Order allows travel into or out of the City to perform Essential Activities, operate Essential Businesses, or maintain Essential Governmental Functions.

6. This Order is issued based on evidence of increasing occurrence of COVID-19 within the City and throughout the State of Georgia, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the City places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of the COVID-19 virus in the general public, which is now a pandemic according to the World Health Organization, there is a public health emergency throughout the City. Making the problem worse, some individuals who contract the COVID-19 virus have no symptoms or have mild symptoms, which means they may not be aware they carry the virus. Because even people without symptoms can transmit the disease, and because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus. The scientific evidence shows that at this stage of the emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. One proven way to slow the transmission is to limit

interactions among people to the greatest extent practicable. By reducing the spread of the COVID-19 virus, this Order helps preserve critical and limited healthcare capacity in the City.

7. This Order also is issued in light of the existence of 9 confirmed cases of COVID-19 in Floyd County, Georgia, as of noon on Monday, March 23, 2020, including a significant and increasing number of suspected cases of community transmission and likely further significant increases in transmission. Widespread testing for COVID-19 is not yet available but is expected to increase in the coming days. This Order is necessary to slow the rate of spread and the Commission will re-evaluate it as further data becomes available. The Commission also makes the findings discussed in the “Whereas” paragraphs part of the factual findings of the Commission.

8. This Order is issued in accordance with, and incorporates by reference, the March 16, 2020, Proclamation of a State of Emergency issued by Governor Brian Kemp.

9. This Order comes after the release of substantial guidance from the Centers for Disease Control and Prevention, the Georgia Department of Public Health, and other public health officials throughout the United States and around the world, including a variety of prior orders to combat the spread and harms of COVID19. The Commission will continue to assess the quickly evolving situation and may modify or extend this Order, or issue additional Orders, related to COVID-19.
