Job Postings Analysis - Manufacturing

- Postings* have decreased by 22% between Sept. 2021 to Aug. 2022.
- In the past 12 months, there were on average 2,034 monthly postings.

Note: **Total Job Postings is the total and unduplicated number of online vacancies scraped from over 45,000 websites. Deduplication is the process of identifying duplicate job postings and only counting one of the duplicates. The total posting count is the count of postings before the deduplication process. The **unique posting count** is the count of postings after the deduplication process. **Posting Intensity** is the ratio of total job postings to unique.*

Job Postings Analysis - Manufacturing
