

UMPQUA HEALTH

is looking for a:

Nurse Practitioner- Transitional Care

This position will address the hospitalization and discharge needs of a complex group of patients served either by the Managed Medicaid Plan, Medicare Advantage Plan or both (Special Needs Plan). Transitional Care will address the complex needs of hospitalized patients both during their inpatient stay and in their transition back to the community setting. This position will also oversee our Transitional Care Managers based within our Community Medical Center to ensure that all non-scheduled, emergency admitted members receive the best care, in the right setting. Those members will then be transitioned to their community with all of the necessary safeguards to prevent readmission and Transitional Care will ensure their ongoing care in a patient-centered medical home environment. Current Oregon Nurse Practitioner Licensure in good standings + minimum of 3 years in a practice or hospital setting. Competitive Salary, Full time + Benefits!
