Yes and yes please!!!! I need your help to reply.

Expenses also exceed revenue due to declining enrollment even though she isnt asking that. Issues are on both sides
- accuracy and overspending

Thanks Misty. Just confirming the “yes” is for the question below in bold, correct?

Is it accurate that of the 7 points raised none of them are related to declining income directly related to declining enrollment - rather the analysis points seem to relate to excess spending or spending/expenses (of all types) not being accurately and/or correctly accounted for?

Also would you like our response attributed to you or me?

And -

In reviewing the analysis VCOE provided to the OUSD Superintendent -

Is it accurate that of the 7 points raised none of them are related to declining income directly related to declining enrollment - rather the analysis points seem to relate to excess spending or spending/expenses (of all types) not being accurately and/or correctly accounted for?

deadline, Thursday, Feb. 2, 10 a.m.
Please let me know if that turn around is possible.

Best,
Kimberly

Hello Dave,
May I get the name of the advisor assigned to OUSD? I was at the meeting she attended today, but was unable to connect with her there.
I have a few questions about her role/work with OUSD going forward:

- 1) What is her title with VCOE?

- 2) Is this at the district offices regularly now going forward?
- 3) What exactly is her role? Is she advising? Directing? Reviewing? reporting back to VCOE? All?
- 4) is there a set timeline for her role? if so, what is it?

Best,
Kimberly
