ABOUT THAT COAT

You wear a coat. Why? To keep the cold out? No. What of the body that has no warmth—the thin, poor body that lacks the healthy flesh and fat it needs?

For such was that Scott's Emulsion provided the kind of food. Why? Because Scott's Emulsion builds firm, solid flesh and supplies just enough fat to nourish its requirements—no more. That means bodily warmth.

Scott's Emulsion, a pure fish liver oil.
