

MYCHARLESTONQUARANTINE

BY LIZ FOSTER || lfoster@postandcourier.com

In conjunction with this week's theme on bloggers, the word search is all about the internet. There are 65 words or phrases related to the World Wide Web (yes, that's in there), some of which meant something completely different many, many years ago, e.g., cookies, SPAM and plenty of fish. There are no intentional hidden words this week. Enjoy!
