# FY 22 Tuition and Fees Recommendation

# Financial Update

---

- **Clemson had a rapid and successful response to COVID-19**
  - **But the costs and projected losses were significant**
- In April 2020, Clemson initially adopted a continuing-resolution budget and froze tuition in recognition of the impacts of COVID-19
  - Also instituted furloughs and other cost control strategies
- Clemson adopted a FY21 budget in October 2021 that included \$64mm in E&G budget cuts
- State of SC has continued its partnership and support to address student affordability through FY21 SC CARES funding, pending FY22 tuition mitigation and one-time maintenance funding

## FY22 Estimated State Funding vs 2% IS/OS Tuition Increase

---

- \$51mm in SC CARES funding in FY21
- \$4.8mm tuition *mitigation* with expectation of a “0”
- \$1.0mm one-time rural health
- \$2.7mm 3% COLA state appropriations
- \$25-44mm in one-time maintenance funding
  - Equivalent to \$1.7 - \$3mm a year in debt service on hypothetical bond deal
- Capital project threshold proviso increase from \$1mm to \$5mm
- \$35.9mm federal stimulus
- \$5.4mm PSA appropriations
- Potential for ARP and infrastructure funding
  
- \$7.8mm estimated 2% IS/OS tuition increase

# Recommendations

---

- Undergraduate Tuition (in state & out of state): 0%
- Graduate Student Tuition: 3% increase (applied to existing on-campus tiers)
  - International students are informed that tuition may change prior to enrollment
  - Increase limited to 2% for some premiere-tier programs
  - Pausing for another year previous plan to transition certain programs to higher tiers
- Undergraduate and Graduate Other Mandatory Academic Fees: 0%
- Approve the published Housing and Dining rates (~ 3% increase)

# Housing and Dining Options

---

- Recommend approval of the previously published Housing and Dining rates
  - There is no requirement to live on campus after a student's first year
  - Clemson offers a range of housing and dining options to students
  - On-campus housing benchmarks favorably with peers and residence halls offer first-year students a cost-effective option compared to off-campus apartments
- Revenues generated will:
  - Partially address projected inflation for food costs of 3.8%
  - Fund repair, renovation, renewal projects for housing
- Housing and Dining are statutorily required to be self-supporting
- Bond covenants require the University to generate enough revenue to pay debt service and fund renovations to existing facilities

The housing rates listed are per student as assigned to a room, suite or apartment. Students contract with Housing & Dining for a full academic year (both fall and spring semesters). In accordance with South Carolina law, "Fees applicable to housing rental...shall be sufficient to cover the costs of providing such facilities and services." Accordingly, rates may be adjusted to satisfy this requirement.

### University Dining

All new, incoming students are required to purchase one of the three meal plans that meet the first-year requirement. One of the block meal plans is strongly encouraged for students residing in apartment communities.
