We’re hiring: Vehicle Repair Technician
Ladson, South Carolina

Mercedes-Benz Vans is a production plant in Ladson, S.C. that produces Sprinter vans for the U.S. and Canadian markets.

The Vehicle Repair Technician, also known as a “Reworker,” is responsible to complete failure analyses and perform modifications and repairs to the majority of systems and components on the van. This includes removing, installing, diagnosing, repairing, disassembling and assembling components of the engine, chassis, hydraulic systems, electrical systems, and other components on the van.

Qualifications:
• High School Diploma or GED
• 2+ years of relevant experience preferred
• ASE Certifications A6-A9, or equivalent combination of education and experience
• Knowledge of automotive diagnostics, electronics, hydraulics, and mechanical systems
• Experience in automotive manufacturing and using manufacturing quality methods preferred

Mercedes-Benz
Vans. Born to move.

Today’s employees want to know about more than job openings.

Move your organization front and center as a great place to work with a display ad in the Careers section. A display ad offers your business an opportunity to talk about your history, culture, benefits and more. Ads are full color and are individually designed.

Includes up to 10 lines of job listings in the Classified section and digital advertising — including mobile — on postandcourier.com/monster.

For more information, contact your Post and Courier Multimedia Recruitment Specialist or call (843) 937-5627 (JOBS).
