We’re hiring: Vehicle Repair Technician
Ladson, South Carolina

Mercedes-Benz Vans is a production plant in Ladson, S.C. that produces Sprinter vans for the U.S. and Canadian markets.

The Vehicle Repair Technician, also known as a “Reworker,” is responsible to complete failure analyses and perform modifications and repairs to the majority of systems and components on the van. This includes removing, installing, diagnosing, repairing, disassembling and assembling components of the engine, chassis, hydraulic systems, electrical systems, and other components on the van.

Qualifications:
• High School Diploma or GED
• 3+ years of relevant experience preferred
• ASE Certifications A4-A9, or equivalent combination of education and experience
• Knowledge of automotive diagnostics, electronics, hydraulics, and mechanical systems
• Experience in automotive manufacturing and using manufacturing quality methods preferred
