FOR IMMEDIATE RELEASE

## **DRT's System Restored; Partial Capacity for Driver's License and Examination Branch**

*April 02, 2026 – Barrigada, Guam* – Late last night, the Department of Revenue and Taxation's (DRT) system was restored. Initial testing of the system's functions indicates full operational capacity for taxpayer services like online filing of business privilege tax and individual income tax returns. DRT can also resume processing individual income tax returns.

Normal operations for the Business License Branch and Vehicle Registration Branch have resumed, including online renewal services.

Taxpayers may go to [myguamtax.com](http://myguamtax.com), [guamtax.com](http://guamtax.com), and [pay.guam.gov](http://pay.guam.gov) to access the various online DRT services.

The Driver's License and Examination Branch has had partial restoration to its system. They can currently issue permits and schedule written tests. The processing of all other transactions remains suspended while the vendor works to restore it to full operations.

The department continues to assess the various functions of its system for operational capacity and will provide updates as information becomes available.
