
PROJECT MORRILL: **ACTING ON 3 REALITIES**

*"The land-grant university system is being built **on behalf of the people**, who have invested in these public universities their hopes, their support, and their confidence."*

Abraham Lincoln

*"...to establish at least one college in every State upon a sure and perpetual foundation, accessible to all, but **especially to the sons of toil...**"*

Sen. Justin Morrill

1862 Morrill Act

NO EDUCATION BEYOND HIGH SCHOOL

- **56 million** Americans over age 25 (**1 in 4**)
 - **29%** URM
 - **27%** of Hispanics; **30%** of Blacks
- **1.5 million** Hoosiers age 25+ (**1 in 3**)
- Lifetime earnings: **\$964K less** than those with a bachelor's

SOME COLLEGE, NO DEGREE

- **36 million** Americans age 25+ (17%)
- **900,000** Hoosiers age 25+ (1 in 5)
750,000 between age 25-64
- Lifetime earnings: **\$721K less** than those with a bachelor's

“Beyond doing better with the current pipeline, we must also get 300,000 of the 737,000 Hoosiers with some college but no degree to come back and finish their degree.

“Indiana’s colleges, employers and communities must fundamentally shift their thinking about higher education to ensure it meets the needs of returning adults.”

REALITY #1:

There are millions we do not serve.

Conclusion:

We cannot honor our land grant mission in this century while ignoring this unmet need.

REALITY #2:

The growth of online education.

% OF UNDERGRADS ENROLLED IN ONLINE ONLY PROGRAM

Nationwide

Source: NCES, 2015

BIG TEN: # OF ONLINE GRADUATE & UNDERGRADUATE PROGRAMS

BIG TEN: # OF ONLINE UNDERGRADUATE PROGRAMS

Conclusion:

We don't know the full dimension, but online will be a larger phenomenon in the future, and we are not equipped for that future.

REALITY #3:

We can't build it ourselves.

DIGITAL EDUCATION GROWTH FEASIBILITY STUDIES

Fall 2015: Analysis by Digital Education office concludes development of undergraduate programs would be cost & time prohibitive.

Spring & Summer 2016: 2nd group convenes with broad campus representation. Reaches same conclusion.

Late Summer 2016: Board decides to not pursue bachelor's degrees while emphasizing graduate online degrees & non-credit online programs

PURDUE'S ONLINE PROGRAM DEVELOPMENT PROCESS – ABRIDGED

36 Months

1. Market research / Need determination
2. Department deliberation
3. Identify faculty interest
4. Identify financial resources
5. Develop & submit concept paper
6. Submit & circulate full proposal internally
7. Submit proposal to Indiana Commission for Higher Ed
8. Administrative offices determine market-based course tuition rate
9. Approval from Treasurer's Office
10. Course development (80-120 hours per course x at least 10 courses)
11. Integration with Graduate School, Bursar, Registrar, Financial Aid
12. Marketing program / Recruitment of students (6 months minimum)
13. Courses begin

Conclusion:

To be a 21st century land grant,
Purdue must acquire the
capabilities for online
excellence.

PROJECT MORRILL:

Jon Harbor, Purdue Director
of Digital Education

“I’m excited by this opportunity for a world-class university to expand its reach and help educate adult learners by acquiring a strong for-profit college. This is a first, and if successful, could help create a new model for what it means to be a land-grant institution.”

-Arne Duncan, Sec. of Education under Barack Obama
