

Members of the DCSD Board of Education,

Please accept this letter as notice of my decision to retire from the Davenport Community School District effective at the close of business on December 7th, 2020. While my intent is to retire from the Davenport school system, I will continue to direct my full energy and attention toward advancing the noble aims of public education.

I am grateful for the opportunity to lead such a magnificent group of faculty and staff members, as well as a community that supports academic excellence, equity and social justice. We toiled on behalf of all students during an extraordinarily complex time and I am proud of our work together.

Most sincerely,

Dr. Robert Kobylyski
