Notes/Narratives**NARRATIVE**

On 07/01/2013 at 2110 hours I was dispatched to Custom Sound located at 120 Epps Bridge Rd. in reference to a theft that had occurred on 06/30/2013 at 1434 hours.

When I arrived on scene I met with the complainant, Benjamin Murray. Murray explained to me that on Sunday, 06/30/2013 at 1434 hours he was at work and was working in a back room. Murray stated that he left the front door of the business unlocked and stated that they are closed on Sundays. Murray stated that he finished working on Sunday and left for the day. Murray stated that he came into work on this date and found that several items were missing from the show floor area. Murray explained to me that he pulled up the stores surveillance video to find that two black females and black male had come into the store on Sunday and taken three items while he was in the back working.

Murray allowed me to watch the surveillance video. I observed a black male wearing a black hat, black tank top and red shorts. I also observed two black females, one wearing red pajama pants and a white tank top and the other wearing a multi colored striped dress and black purse. I observed the black male pick up two items and hand them to the black female wearing the pajama pants. Both items were taken one at a time outside by this female. I also observed the black male grab the third item as all three suspects walked out the door.

Murray stated that he did not know there was anyone else in the building at the time the suspects were. Murray also stated that the surveillance videos time stamp is incorrect and that it says 1134 hours when it should state 1434 hours as he had it set for a different time zone.

Murray was able to provide me with the serial numbers to the amp and subwoofer that were taken and stated that he would call in with the third serial number to the speaker when he was able to locate it.

I was able to lift a latent print off of one of the boxes the male suspect touched and have submitted it into evidence along with the surveillance video. Murray was provided with a case number.

GCIC entries completed on the items with serial numbers.
