Notes/Narratives

NARRATIVE

I responded to the area of Pulaski St and Barrow St in reference to an armed robbery that had just occurred. I met with SPO Thornton who was speaking with the victim. She relayed information to me about the incident so that I could start the police report.

The victim, [REDACTED] was walking down Pulaski St toward Barrow St. A person ran up behind her and struck her on the head with a hard object. [REDACTED] fell to the ground and the offender grabbed her purse and snatched it from her. The offender ran southbound on Pulaski St toward the downtown area. He was described as a black male about 5'5" to 5'6" tall with dark baggy clothes. [REDACTED] said he may have had a t shirt and dark pants. A flat rock was found in the roadway at the incident location and is believed to be the weapon used to strike [REDACTED]. It was photographed and collected by forensics.

There were officers in the immediate area as the call went out. A black male had been seen running from the area of the robbery and was detained nearby. The purse was found in front of a house on Pulaski St and was collected by Ofc Dieball. He turned the purse and contents over to me before he left the scene. I took the purse to the victim who was now at the downtown Police substation. Per Det. Boyle, the contents of the purse were turned over to the victim and the purse was retained as evidence. I turned it over to Det. Croxton.

Notes/Narratives

NARRATIVE

On 06/21/13 at 0251 hours while traveling east on Broad Street at Hull Street I observed a maroon 2002 Ford F-150 traveling westbound on Broad Street make a right hand turn from Broad Street onto Hull Street going the wrong way. I then initiated a traffic stop and the final for the stop was in the second parking lot on Hull Street on the right hand side of Hull Street. Upon stopping I then approached the driver.

Upon approaching the driver I smelled the strong odor commonly associated with alcoholic beverages coming from within the vehicle. I noticed the driver's eyes were glassy and blood shot. I then asked the driver for his driver's license and he produced it. While producing the license the driver stated he knew that we stopped him because he was going the wrong way on Hull Street and that he did not know that Hull Street was a one way street. I asked the driver how much he had drank and he said he probably had three drinks. I then passed off the driver's license off to Sergeant Graham. I then asked the driver to exit the vehicle. The driver then exited the vehicle. Upon exiting the vehicle the driver slid off of the seat and had a bottle of air freshener fall from within the vehicle. The driver left his door open on the vehicle. The driver was then asked if he would participate in standardized field sobriety evaluations. The driver consented. I then had the driver step to the rear of his vehicle to begin the evaluations. The front flashing lights on my patrol vehicle were turned off by Sergeant Graham. The evaluations were performed on a lit, level, blacktop surface in the parking lot. The driver stated he was not wearing contact lenses. The driver was asked if he had sustained any head injuries in the past two weeks and initially he stated no then changed his answer. The driver stated he sustained a concussion on his right side of his head a week earlier. The driver stated he did not have a hard time balancing or walking.

I then began the evaluations the results are as follows.

Standardized Evaluations:

Horizontal Gaze Nystagmus:

Equal pupil size was observed and equal tracking was observed. Lack of smooth pursuit was observed in both eyes. Distinct and sustained nystagmus was observed in both eyes. On set prior to 45 degrees was observed in both eyes. A total of six clues were observed. Vertical nystagmus was observed in both eyes.

Walk and Turn:

ORIGINAL

Notes/Narratives

The evaluations were explained and demonstrated to the driver. The driver performed an improper turn by spinning. The driver missed heel to toe on the first step of the return steps. The driver stepped off the line on the sixth step on the return pass of the evaluation. The driver also missed heel to toe on the eighth step of the return pass. A total of three clues were observed.

One Leg Stand:

The driver was instructed and shown a demonstration of the evaluation. The driver put his foot down when he began to count. The driver counted to 1024 during the 30 second time frame. One clue was observed during this evaluation.

Non-Standardized:

Rhomberg Balance:

The driver was instructed on how to perform the evaluation twice after he said he did not understand the instructions the first time. Eyelid tremors were observed during the evaluation. The driver estimated the passage of thirty seconds in thirty two seconds.

Finger to nose:

The driver was instructed on how to perform the evaluation. The driver was instructed first to bring his right hand to his nose. The driver kept his right finger on his nose and I had to tell him to return his finger to his side. The driver was then instructed to bring his left hand to his nose. The driver again kept his finger on his nose and had to be told to bring it back down to his side. The driver was then instructed to bring his right finger to his nose and completed this. The driver was then instructed to bring his left finger to his nose and touched his nose with the middle of the finger. The driver was then instructed again to bring his left finger to his nose but raised his right instead and immediately corrected with his left finger. The driver was then told to bring his right then left then right again. The driver completed the last three correctly.

The driver was then instructed to turn around and put his hands behind his back and was told he was under arrest for DUI alcohol. The driver was placed in double locking handcuffs and escorted to the front of my patrol vehicle where he was read Georgia Implied Consent for persons 21 or older from my Implied Consent Card requesting a breath sample. The driver began to hesitate before answering and asked if he could talk to his lawyer. I explained to the driver I needed a yes or no and that he could not

Notes/Narratives

talk to his lawyer and re-read implied consent for breath. The driver asked for my opinion and stated he had four drinks. I told the driver I could not explain the implied consent notice and that he had to make the determination. I then re-read the implied consent breath. The driver then asked "did I really do that bad on the test". I then told the driver I needed an answer and he stated he would not give a breath sample. The driver was then seated in the rear of my patrol vehicle while I attempted to get someone to remove the vehicle. The passenger was talking with Sergeant Graham and was in the process of trying to get someone to remove the vehicle.

I then returned to my vehicle to fix the MVR so that it recorded the back seat. The driver then requested if he could blow. I then re-read implied consent for breath again. The driver then requested to take a blood test. I then re-read implied consent for breath. The driver then requested to make a phone call and I told him he could not make a phone call. The driver then stated he did not think he was over the limit. The driver then stated he did not know what he should do and that he only had four drinks. I then told the driver I needed an answer. The driver then stated he did not know what he should do. I then asked the driver if he was refusing he stated he was not. I then asked the driver if he was consenting and he stated no. I then stated "Then you are refusing". The driver then stated no he was not refusing. The driver then stated he had not made up his mind yet and requested to make a phone call. The driver then requested for me to tell him what he should do and I told I could not give him any legal advice. The driver began to complain about the handcuffs and was told to sit at an angle. I then instructed the driver that I would give him a few minutes to think over the implied consent and I would get back with him. I then went and talked with Sergeant Graham who was dealing with the passenger who was trying to get someone to remove the vehicle. I then returned to the driver who stated he wanted to take the breath test. The driver was then re-read implied consent for breath and consented with a verbal "yes". The driver was then asked if he needed anything from his vehicle and he stated he wanted his phone. I then retrieved his phone from the vehicle.

The passenger after a long time was finally able to contact the driver's father to come remove the vehicle. Officer Murphy then arrived on scene to stand by with the vehicle while we returned to the UGA Police Department to administer the State's breath test. Upon backing out of the parking lot my patrol vehicle struck a parked car. I then stopped and Officer Murphy transported the driver to the UGA Police Department. See accident case number 13-1309 for details. GSP was contacted and TFC Scott arrived on scene and worked the accident. GSP's case number is C000184403.

After GSP finished working the accident I went back in service and returned to UGA's Police Department where Corporal Martin was in the process of running the State's breath test on the driver. Corporal Martin advised he had received an invalid sample on the first test and was waiting the additional 20 minutes to administer another test. See Corporal Martin's supplemental regarding the

administration of the state test. The results for the test indicated a BrAC of 0.172.

After Corporal Martin received a valid test I asked the driver if he wanted his own independent test that he was entitled to and he stated he did not wish to have his independent test.

I then transported the driver to the Clarke County Jail where he was released to the deputies on duty along with his wallet, cellphone, and \$24.00 cash. The driver was also issued two citations for DUI alcohol (citation # 039909) and driving the wrong way on a one way street (citation #039910).

The entire incident was recorded on my Flex Cam and the MVR in vehicle 95005.

Notes/Narratives

NARRATIVE

On this date and time I responded to a burglary that had already occurred at [REDACTED]. I arrived on scene and spoke with [REDACTED] who advised that someone had broken into his apartment. He advised that there was no forced entry and that he had locked his front door. He advised that whoever got in the apartment may have used the key that was on top of the outside light. He stated that he had left the key out there for his buddy Named [REDACTED] who he was letting stay with him for a few weeks. He advised that someone had stolen an Xbox controller from him and had also taken [REDACTED] Xbox 360 with controller. He advised that his roommate [REDACTED] had a 46" Insignia TV and an Xbox 360 with controller stolen from him. [REDACTED] stated that his roommate [REDACTED] had a 32" Insignia TV and an HP Black in color laptop taken as well. [REDACTED] stated that all of his roommates where not at home.

[REDACTED] advised that whoever broke into the apartment had to have known the key was on top of the light. He stated that last night his buddy [REDACTED] was approached by this black male who has been staying at [REDACTED]. He advised that the male asked him if he had a plunger and [REDACTED] said let me check with my roommate. [REDACTED] advised that the [REDACTED] came into asked about having a plunger and the black male walked right in the apartment without being asked in. He described the black male as being 5'8-5'10 and weighing around 180-215 pounds. He stated that the male had a tattoo on one of his shoulders and also had some kind of tear drop looking tattoo near one of his eyes and possible on his neck.

I also spoke with [REDACTED] who live at [REDACTED] and they gave about the same description of the black male the night before. They said he had entered their apartment and looked around and said sorry he had the wrong apartment. They thought it was strange so they called police

Notes/Narratives

and I answered the call. The stated they did not want a report but asked for a house check for their apartment. They advised that they had seen the male at apartment [REDACTED] which was right across the hall from them.

While I processed the crime scene other officer on scene made [REDACTED] and spoke with [REDACTED] [REDACTED] advised that the male who had been hanging out at her apartment was [REDACTED] matched the description giving by [REDACTED] [REDACTED] advised she did not know about anything that had taken place around the apartment complex and [REDACTED] stated that she had just stopped by.

The apartment at [REDACTED] was dusted for latent prints but none where recovered.

I gave [REDACTED] several case number cards for his roomates and told him to give me a call back if they could find any serial numbers for the items taken.
