

Stingy Bells

Turning off our heat

Too much for rent and gas we pay
Second jobs to make ends meet
Crying all the way
Inflation's killing us
We just can't catch a break
We shouldn't have to ask and beg
A living wage to make

[Chorus]

Stingy bells, stingy bells
Stingy all the way
Oh, what a drag it is to live
On a paycheck from UGA, hey
Stingy bells, stingy bells
Stingy all the way
Oh, what a drag it is to live
On a paycheck from UGA

Turning off our heat

Crying all the way
Inflation's killing us
We just can't catch a break
