Hello, Robbie. I sent this to your UGA campus ambassadors last week. I have had two students tell me that they were informed by Global LEAD personnel on the plaza Monday and Tuesday that the program was "for 6 hours UGA credit." Please ask your ambassadors and others to provide only correct information on this point, and thank you.

Subject:

Dear Global LEAD Ambassador:

I am writing to inform you know that effective this Fall 2012, UGA is not accepting transfer credit for any Global LEAD programs. As you promote this program on the UGA campus, I ask that you communicate clearly that 1) Global LEAD programs are not UGA programs; 2) UGA is not accepting transfer credit for Global Lead courses and 3) UGA students cannot use HOPE, loans, or other financial aid for participation.

Please update your web and written materials, presentations, to make this clear.

Thank you.
