GENERAL

Todd Cornell has joined Virginia Farm Bureau as Chief Technology Officer and will oversee technology,

data and analytics capabilities for Virginia Farm Bureau Federation, Virginia Farm Bureau Mutual Insurance Co., and all affiliates.

Cornell brings over 25 years of experience across banking, insurance and consulting, and has served in similar executive roles at multiple organizations. He's aligned technology strategy with business priorities, modernized enterprise architectures, led large delivery portfolios, and championed emerging technologies, including AI, to drive meaningful business outcomes.

NONPROFITS

Willard Robertson The Virginia Council on Problem Gambling has named Willard Robertson as

Executive Director, working to expand education, training and recovery resources so every Virginian affected by problem gambling has a clear path to recovery. He has 30+ years of experience in mental health and gambling harm prevention. Visit vcpg.net.
