RICHMOND'S ONLY

55+

AGRI-COMMUNITY

FROM FIELD TO FRONT PORCH. NEW NEIGHBORHOODS ARE HERE.

New Neighborhoods. Fresh Possibilities. Same Award-Winning Lifestyle.

Chickahominy Falls continues to grow, with more neighborhoods, more ways to live, and more reasons to call it home. Nationally award-winning for its farm-to-table spirit and neighborly heart, this is the 55+ agrihood where life grows richer by the season. What began with a working farm and a handful of neighbors has blossomed into a community that gathers over harvest dinners, garden volunteer days, and morning walks along the trails.

Now its story expands with three new neighborhoods. In Aster Meadows, carriage homes open wide for gatherings, blooming flower gardens, and slow mornings on the porch. Westwood Gardens brings cottage comfort with just the right amount of space, crafted for connection, simplicity, and everyday ease. And at Bluegrass Glen, homes blend main-level living with flexible upstairs retreats, perfect for hobbies, hosting overnight guests, or turning into the ultimate game or movie night.

And coming soon, the new Fieldhouse Campus, another clubhouse with Silo Bar, pickleball courts, gathering spaces, and fresh ways to meet, move, and celebrate the good life. Inventory is limited, seasons keep turning, and new neighbors keep arriving. Come home to where goodness grows for seasons, friendships, and generations to come.
