

# USDA Organic & Sustainable CBD

**Seed to Bottle from our Family Owned Farm in Virginia**

## Local, Exceptional Quality + Affordability

**River Organics**, a family owned farm in the Virginia Chesapeake Bay watershed offering award-winning CBD products, is a purpose-driven business with a clear mission - to improve the quality of life of our customers. You may have recently spotted River Organics in Richmond at Ellwood Thompson's Local Market as our products are introduced to the Richmond community. To help you learn about the benefits of organic CBD, we're offering online customers a special Buy 1, Get 1 Free offer using the discount code RTDBOGO. This special offer is for online customers only.

**BUY 1, GET 1 FREE: CODE RTDBOGO**

### Lower Prices, Better Health

Because of our unwavering commitment to exceptional quality, and because we listen and want our customers to continue to enjoy our products - we recently lowered the cost of our portfolio of CBD products in order to ensure our customers have the best opportunity to improve their wellness with River Organics. This new pricing for our exceptional quality, CBD Products comes with an important distinction: the sizes and ingredients are identical for every product. We aren't shrinking the size, nor skimping on ingredients. The size, quality, and product specifications you want are exactly what we're offering.

### Our Purpose is Your Health

Our purpose is to help you on your road to wellness! And that is why we are vertically integrated. Our CBD comes exclusively from hemp plants grown on our family-owned farmland in Gloucester, Virginia on the Chesapeake Bay watershed. For over 20 years our land has been a part of the Conservation Reserve Program as part of our goal to improve environmental health and quality for all. That means that for over two decades, there has been absolutely no use of pesticides, allowing the soil's flora and fauna to reach optimum levels for plant nutrition.

From seed to bottle, every part of the growing, harvesting, and processing is tended by hand. Exceptional quality requires expertise, experience, and dedication. In every tincture, bath bomb, massage oil, lip balm, or cup of our delicious tea, you can rest assured that River Organics provides only the healthiest and highest quality CBD. We invite you to try River Organics with a special BOGO offer for online customers today. And make sure to subscribe for upcoming sales, product launches, and news.
