

2024 GVPI Hot Spot Micro-locations

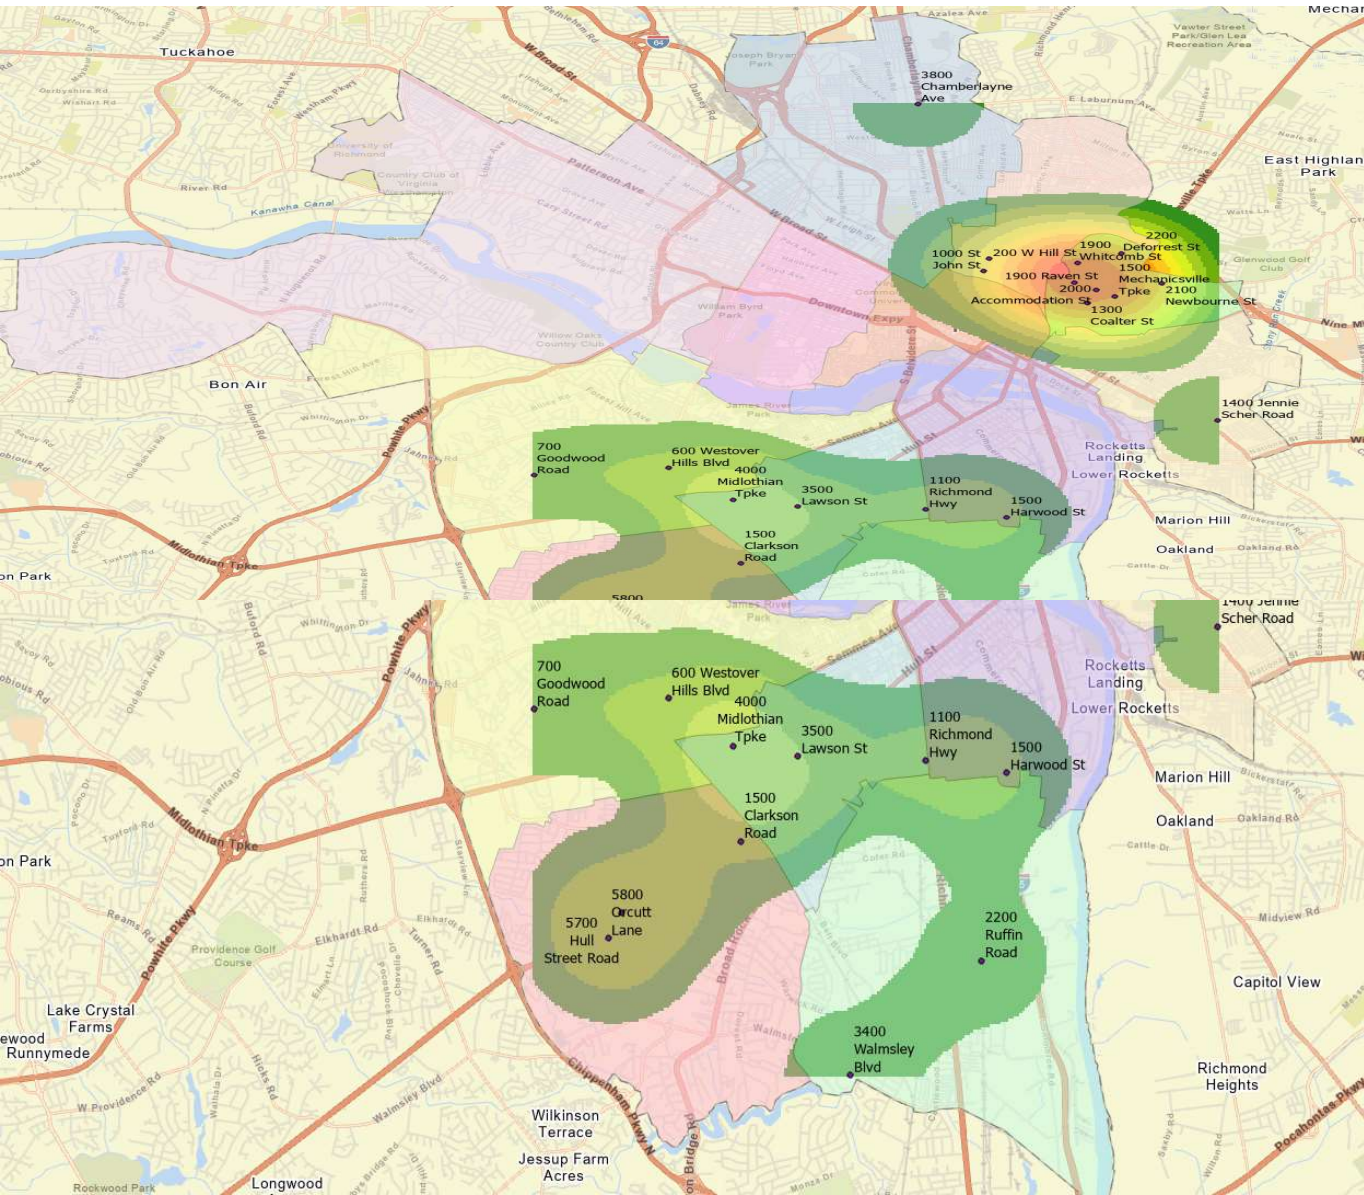

- Locations were selected based on an analysis of 5 IBR categories: Murder (involving victims shot), Aggravated Assault (victims shot), Robbery (victims shot), Shooting into Occupied Dwelling, and Shooting into Occupied Vehicle
- Data from 2018-2023 was analyzed, with emphasis on recency (incidents from 2022-2023)
- Data was initially gathered based on the specific incident address, but then compressed to encompass hundred block ranges for incidents
- The goal was to identify 25 hot spot locations, however the number of data points either in 1-2 year data or in 5 year historical data was extremely low when looking for locations at the end of the list, and the group cut off the locations at #22

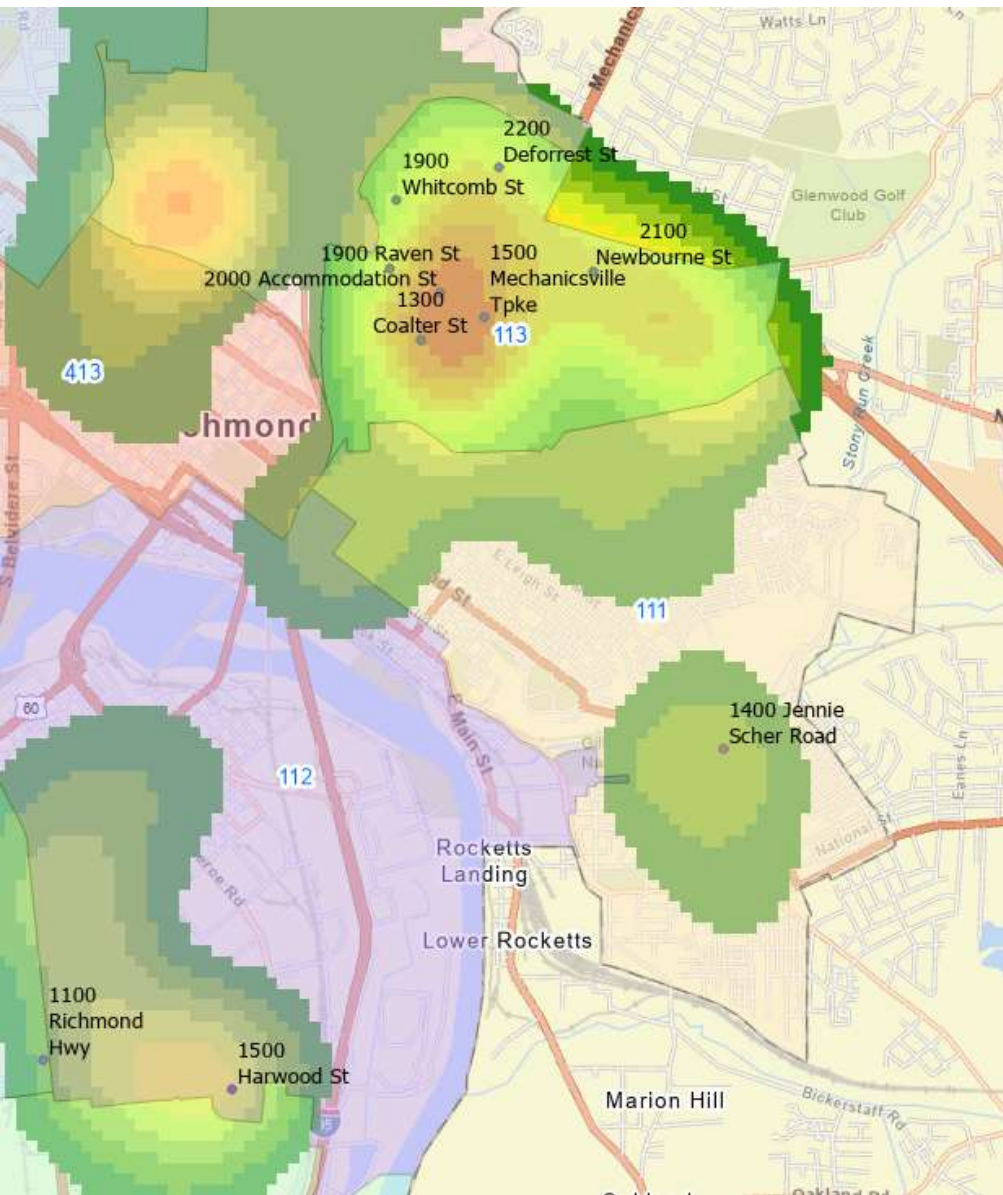

2024 GVPI Hot Spot Micro-locations

- 3400 Walmsley Blvd
- 1300 Coalter St
- 4000 Midlothian Tpke
- 5700 Hull Street Road
