

**NOTICE TO THE PUBLIC OF  
ROANOKE GAS COMPANY'S APPLICATION  
FOR AN EXPEDITED INCREASE IN RATES  
CASE NO. PUR-2025-00209**

On December 2, 2025, Roanoke Gas Company ("Roanoke Gas" or "Company") filed an application ("Application") with the State Corporation Commission ("Commission") for an expedited increase in rates pursuant to Chapter 10 of Title 56 (§ 56-232 et seq.) of the Code of Virginia and the Commission's Rules Governing Utility Rate Applications and Annual Informational Filings of Investor-Owned Gas Utilities, 20 VAC 5-205-5 et seq. ("Rate Case Rules"). Pursuant to 20 VAC 5-205-20 C and D of the Rate Case Rules, Roanoke Gas requests that it be permitted to implement its proposed rates, on an interim basis and subject to refund, as set forth in its revised tariffs for bills rendered on and after January 1, 2026.

Roanoke Gas states that the Commission last reviewed and approved an increase to Roanoke Gas's rates in Case No. PUR-2024-00006, where the Company sought a general increase in rates. The Company states that in the 2024 Rate Case, the Commission approved a non-gas base revenue increase of \$4.08 million, effective for bills rendered on and after July 1, 2024. Roanoke Gas states that the relief requested in the instant case is driven primarily by the continued inflationary pressure on its cost of service, including the cost of labor and benefits, insurance, professional services, IT Support, and increases in the Company's cost of debt.

Roanoke Gas states it is seeking an increase in its base rates to provide an additional approximately \$4.29 million in annual non-gas base rate revenue, or an overall increase of 4.9%. The Company states that its request is designed to allow Roanoke Gas the opportunity to earn its currently authorized 9.90% return on common equity, consistent with the Commission's Rate Case Rules. Further, Roanoke Gas states that it does not propose to increase fixed customer charges in this proceeding; rather, the Company proposes to include the entirety of the revenue requirement increase in volumetric rates.

On December 16, 2025, Commission Staff ("Staff") filed its interim report in this matter ("Interim Staff Report"), outlining its concerns with Roanoke Gas's proposed effective date for interim rates. To remedy this, Staff recommended an alternative: that the Commission permit the proposed rates to become effective, subject to refund, for service rendered on and after January 1, 2026, as opposed to bills rendered as of that date. In the Interim Staff Report, Staff represented that it had discussed these concerns with Company representatives on December 11, 2025, and is authorized to state that the Company agrees with this revised implementation.

Interested persons are encouraged to review Roanoke Gas's Application and supporting public documents in full for additional details about the Company's proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.

The Commission entered an Order for Notice and Hearing in this proceeding that, among other things, scheduled a public hearing on Roanoke Gas's Application. The Commission permitted Roanoke Gas to implement the proposed rate increase on an interim basis, subject to refund with interest, for service rendered on and after January 1, 2026.
