Wayne Propst
Chief of Staff
The New Mexico Public Regulation Commission
Via Hand Delivery

Dear Mr. Propst,

Thank you for your excellent work in support of the work of the New Mexico Public Regulation Commission Nominating Committee. You and your entire staff performed your duties and responsibilities with excellence. Please extend my sincere appreciation and gratitude to your team.

As you know, I have been heavily invested in the success and the reform of the Public Regulation Commission for years. My work in support of the Constitutional Amendment adopted by the People of New Mexico in 2020 and my efforts to help restructure the Commission and increase its budget have always been motivated by a single goal: to make sure New Mexico has a regulatory body it can be proud of and that always puts the people and the planet first. The work of the Nominating Committee was part of the final crucial step in completing the Commission's transformation. I chose to serve on the Committee because I wanted to do all I could to get the Committee off to a good start. Knowing that the first selection process would set the tone and precedent for all subsequent selection processes, I felt that my participation would help establish the core principles for future committees: transparency, openness, fairness, efficiency, and adherence to the law that created the Committee.

Now that the work of the Committee has concluded, I am submitting to you my letter of resignation as a member of the Committee. It has been my plan for some time to step aside after the Committee completed its first round of work and to leave the position that I currently hold on the Committee open to be filled by the next Speaker of the House. The task I sought to help complete is now done, and the Committee is off to a great start. I am sure that the other members will continue to discharge their duties well and that will welcome my successor.

I wish you, your staff, and the new Commissioners who will soon be chosen by the Governor all the best for every future success. If I can ever be of service to you or the Commission, please do not hesitate to be in touch.

Sincerely,
