Number of Head: 1831

This week we had 266 cows, 14 bulls and 4 goats. The cow and bull markets were steady to \$2 higher. The calf market was \$2-7 cheaper across the board. This comes to be expected with the fall sale runs, dryer conditions, and health of the cattle with fall temperature fluctuations. The market is still in great shape though and still a great time to be in the cattle business!

We genuinely appreciate all our sellers and buyers. If we can help market your cattle, please give us a call at the barn at (361)275-2329 or Jake at (361)293-4625. Thank you.

Weaned calf sale date: December 12, 2025 (calves must be weaned by October 12, 2025)
