

May 29, 2026

This week we had 535 total head (83 cows, 11 bulls). Both the packer cow and bull markets held steady with last week. Calf supply remained short due to the recent rain, and with more showers in the forecast, the outlook stays bright for keeping pastures green!

Next weaned calf sale is August 5, 2026
Calves MUST be weaned by June 5, 2026 – call for tags
