to Dr. Monett or make an inquiry to the President or Board.

Jul 28, 2020, 7:19 AM

Dr. Farris encouraged me to talk to others and goes ballistic when I shared information with you.

I thought information has been

disseminated through her.

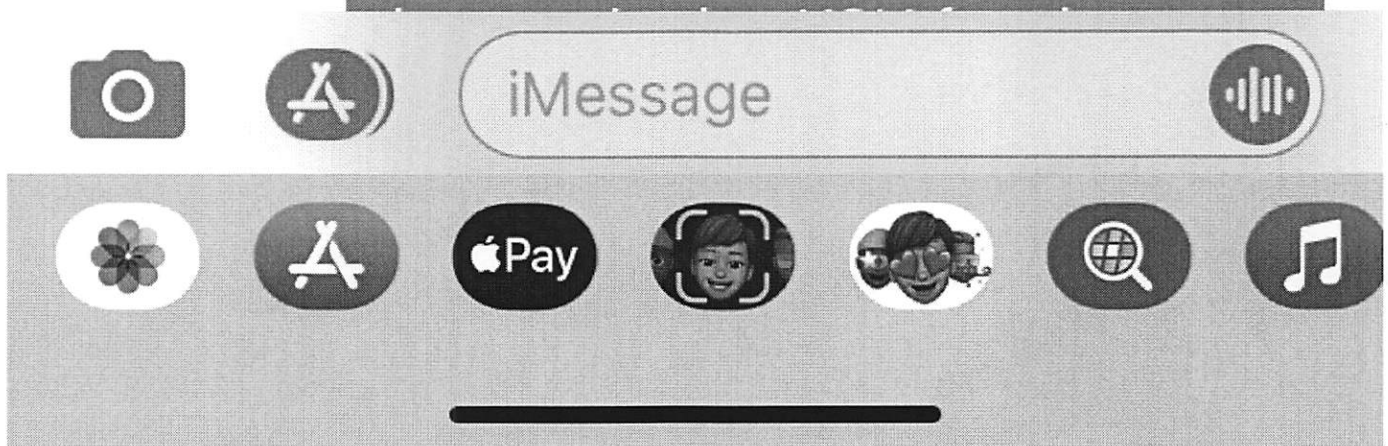

Aug 20, 2020, 7:33 AM

Ugh.

It was shut down

I am very sad. We have covid cases even with staff and they are hiding it. :(

Good afternoon Sir,
I sent something to your email.
I will remain out of any public
conversation on the board. I
have been put in my place
enough and I can't support
myself without my job. Please
do not tell I sent anything....I
just wanted you to see this
before the meeting tomorrow.

before the meeting tomorrow. I hope you are well.

We are meeting on the 12th to swear in new board members. Since the CFO and controller have both left the board should request a Forensic Audit. I am dealing with a lot and trying to hold onto my job but in the interest of the University a forensic audit needs to be done.

I am discreetly mentioning this.

Tue, Jul 6, 8:50 AM

I don't have any firsthand knowledge of the need for a forensic audit. If you have firsthand knowledge then you should express it. I'm not going to be on the Board much longer so others need to start dealing with the issues they are aware of.
