Where can I find that financial info on the website?

The Audits?

If that's the one that shows the 4 mill loss

Go to the KSU website...go to Finances and at the bottom of the page are all the audits. Go on each page until you see net

position.

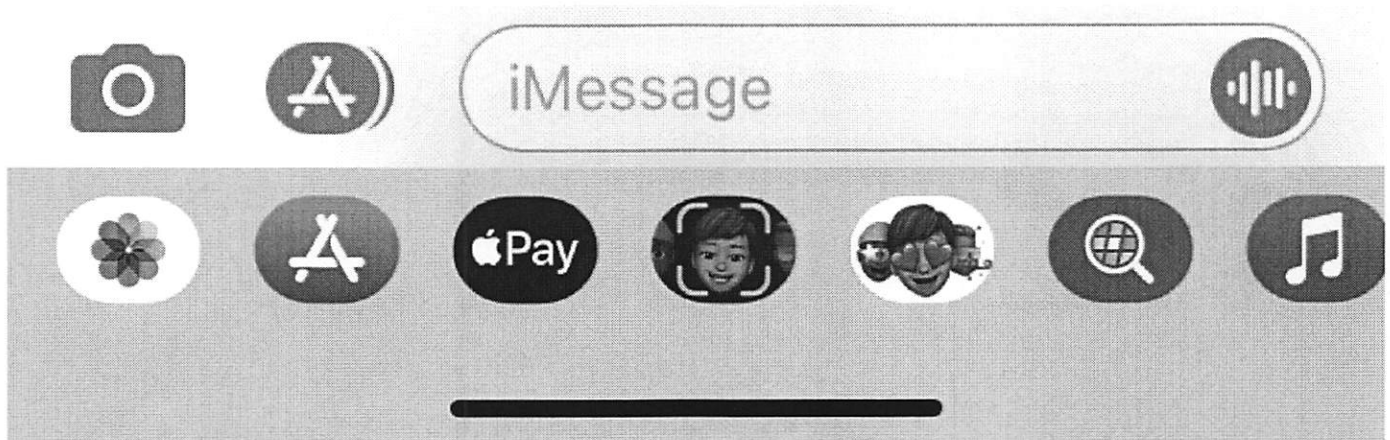

Ok

I will never trust Elaine again. She found out I shared things with Harnice and cussed me. She told me to stop talking to other board members. She plays both sides. Harnice is aware of it too.

I trusted her my first year on this board but I know who she is now.

Well I will say that I suspected that for a while but had no

that for a while but had no proof. She would telling me things being cussing mad then at the last minute change her mind.

Harnice realized it when I started sharing the things I knew which Elaine never shared with him. Elaine never told him i was trying to help the board and that is why Brown wants me gone. When i shared things people kept getting moved

[REDACTED] We are in trouble once we get a true audit. I told her so they took my friend out of Title III and have Dr. Schneller

...in and have Bill Clinton
handling it. Farris is in with this
President...no doubt about it.

Lies, lies, lies

Politics are ugly. I do not play them. Right is right and wrong is wrong.

I had no idea. You are correct. Right is right.

Yes. I just talked to Elaine. I was concerned layoffs may follow. She said not that she knows of.

Fri, Nov 13, 7:40 PM

I hope you are well. I am hearing we are in for a 33% budget cut.

Sat, Nov 14, 12:13 PM

Wow that's funny. KCTCS is reporting no cut to their

budget.

I have been saying for the past year we have no money for vendors or payroll. Farris has been well aware.

I will sit back and see how everything plays out.

I hope you are well.

I guess I have learned not to
